The Champions of British Columbia Score a Brilliant Victory in the Home of Lacrosse,

And Introduce Their Eastern Tour by Opening the Eyes of the Veterans.

What's the matter with the Victoria La-

"Victoria beat Montreal in six straight games. Eckardt scored four games; Frost and F. Cullin one each. The boys did not have to work very hard either."

Full particulars of the match are contained in the appended telegram to the COLONIST subsequently received:

MONTREAL, Sept. 13.—(Special.)—The Victoria lacrosse boys are jubilant over their six straights victory over the Montreal club today. The team made a clean sweep of everything before them and Montreal never scored a game. They say there are no mosquitos in British Columbia; at all events the Victorias did not bring any insects on their uniforms, while flies in myriads seemed to settle on our local team. There were about 1,500 people present to see the match, which was the opening one of the Victoria club's tour; and there were about fifteen hundred people disappointed in two fifteen hundred people disappointed in two ways—first, that the visitors should put up so strong and good a game, and, second, that the Montreals were capable of such a poor one. For the first four games there

the best game, and Patterson's absence very noticeable on the defence. Pierre Coulson did some good work occasions Coulson did some good work occasional but there always appeared to be two V toria men in the immediate vicinity of a Montrealer. On the Victoria side, Blig Cheney, Macnaughton and Ross Eckar were the stars, the latter having a wond ful faculty for scoring, taking four out the six pames.

On the whole, the Victorias are to On the whole, the Victorias are to congratulated on the showing made in the opening match, and if they do nearly well during the rest of their tour, they whave reason to be proud of themselves. It is a few words will suffice as a description the match. The Montreal team were on played at all points, but particularly in last two games. Here is the Gazette's port of the match:

"The lacrosse match to-day between the Montreals and Victorias was the fiplayed on the latter's Eastern tour, and was big surprise to all lacrosse men in totty. The team from Victoria is composed a fine lot of young men, well built and have every evidence of hard training. To mand defeat such a team as the Montreals their own ground, to say the least, is

The first game lasted only five minut

and from the start it was apparent that t Victoria boys had the best of the gan though a few of them were at first son though a few of them were at first som what nervous. This soon wore off, howeve and fast and clean lacrosse was the order the day. Blight got the ball out at the face-off, and it went down on the Victoria home, but only remained there a few se onds when Louson, the old-war horse f the Montreal team was there and sent it to the other end of the field. Chen howehit the state of a securificant brought it out of a scruffle and gave it to Campbell, who put it well on the Victoria's home, and again some hot work took place. After this the ball never passed centre field, and finally Ross Eckardt got possession of the sphere and scored.

The second game turned out to be shorter than the first, as it only lasted three min-utes. The ball, after being faced, was sent on the Victoria home, and after a few passes between Macnaughton, F. Cullin, Ditchburn, and Eckardt, the latter scored.

The third game was as pretty an exhibilacrosse as was ever seen in Mon-Blight got the ball out at the face treal. Blight got the ball out at the face and it immediately travelled on the Victoria home, but Louson stopped it and travelled it back to the other end of the field, where it remained for about one minute. Belfry got it out and gave it to C. L. Cullin, who passed to Tite, who gave it to Blight; from him it went to Ditchburn, and from Ditchburn was advanced to F. Cullin, who gave it to Frost, who scored while on his knees.

who gave it to Frost, who scored while on his knees.

The fourth game was fast and hard. Victoria lost on the draw, but the ball was soon captured by Ditchburn and passed to Tite, who threw down on the flags. Several attempts were made to score, but the strong defence of Montreal seemed to impregnable for a time. Sheppard, of the Montreal defence, played a brilliant game while it lasted. During this game the home team did their best to rattle Victoria's defence, but it did not work, and the ball was repeatedly returned to the home field, Blight, Ditchburn, Tite and the ball was repeatedly returned to the home field, Blight, Ditchburn, Tite and the ball was repeatedly returned to the home distinguishing themselves by toria's defence, but it did not work, and the ball was repeatedly returned to the home field, Blight, Ditchburn, Tite and F. Cullen distinguishing themselves by brilliant catches and runs, feeding the home well. Macmaughton secured the ball from the Montrealers and made a grand run around behind and back again, until an opening presented, when he shot a hot one, but failed to score. Sheppard returned the ball to the other end, where it lingered but

a short time. Relfry, who played a star game throughout, returned to centre to Blight, who passed to Eckardt, then he to Frost, who was willing but whose check was down on him in a moment. However, Frost swiped to Eckardt, who after a short run swing around and scored after a short run swung around and scored.

Time—8 minutes.

Almost as soon as the fifth game was started Macnaughton got a severe body check from Louson and was knocked out for a few minutes, but was able to play again after a little rubbing. While he lay on the grass the Victoria boys put the ball be-tween the flags again, but this was not allowed, so the ball was faced off once more. After

Bob Cheney was playing at point and nothing came his way that he did not have a hand in returning back, while Ketchum was entirely able to take care of everything that Hasley, McCallum or Fairbairn sent near enough to the flags to be dangerous.

For Montreal, Hamilton played decidedly the best game, and Patterson's absence was

QUICKLY DISPOSED OF. The Licensing Commissioners Complete the Work of the Quarter in a One

The September sitting of the Board of Licensing Commissioners for Victoria city lasted scarcely more than an hour yesterday, and the business disposed of may be described as almost entirely routine. No new licenses were asked for, and but one application was refused during the session, and that because the necessary formalities had not been complied with. This was the case of the American hotel, Yates street, whose license Robert Dudgeon and Robert Grieves sought to transfer to Grieves and Bryce. The court decided that the license, which has been transferred and retransferred any number of times lately, should go back to the person to whom it was originally issued. In the absence of Dr. Powell, through illness, Mayor Beaven and Magistrate Macrae formed the court; the record of the applications dealt with is appended:
