cents to \$1 to the cubic yard. In California cents to \$1 to the cubic yard. In California ground has been worked at a profit by improved hydraulic methods, which yielded only three cents per ton, and in British Columbia gravel was handled at a profit which yields 16¼ cents per cubic yard. With the improved chain bucket dredge gravel has been handled at a cost of from three to five cents per cubic yard.

Mr. Gracey says that to estimate the probable value of these placers would be impossible until more actual development.

impossible until more actual development work has been done. They are not poor man's diggings, so far as can be judged at present, and whether they will improve Rochester and Return. value as bed rock is approached remains

He Deserved the Medal.

telephone wire was discovered by Moto man Cruise hanging near the corner of Queen-street east and Monroe-street, it such proximity to the trolley feed wire to make it extremely dangerous for any person with whom it might be brought into contact; more especially as a heavy thunderstorm was raging at the time Kruise stopped his car, and had no scone Oruise stopped his car, and had no sconze attempted to secure the wire than it came into contact with the trolley feed wire. He was thrown to the ground by the sudden shock, and being unable to free himself would have been instantly killed had it not been for the presence of mind of Conductor McMurray, who, regardless of the danger he was placing himself in, managed to free the motorman from the heavily charged telephone wire, but not before his hands were severely burned by the current. The occurrence was brought before his hands were severely burned by
the current. The occurrence was brought
to the notice of the Royal Canadian Humane Association, and, after investigation,
the association's medal was awarded to
McMurray, as per the following letter:
Fro Mr. Samuel McMurray, Conductor, Toronto Street Railway:

Dear Sir,—I have much pleasure in handthe rough berowith the medal of the Royal

Ing you herewith the medal of the Royal Canadian Humane Association, duly award-ed you for presence of mind in rescuing Motorman George Cruise on the night of March 16 last from his perilous position in contact with a heavily charged electric wire near the corner of Queen-street east and Monroe-street, which would have undoubtedly resulted in his instant death but for your prompt action on that occasion. (Signed) H. P. Dwight, Chairman Investigating Governors, Royal Canadian Humane Association.

A Canadian Edition.

The Canadian rights of Anthony Hope's capital story, "Rupert of Hentzau," have been secured by Mr. George N. Morang, who is printing a large edition to be issued early in July. As most people know, "Rupert of Hentzau" is the sequel to that exciting romance, "The Prisoner of Zenda," and that is probably one reason why considerable advance sales of it have already been booked. Even before it was dramatized, "The Prisoner of Zenda" was amazingly popular. Its characters are now familiar to everybody, and there is no wonder that crowds of people are anxious to learn of their further adventures

A Laborer's Boy Drowned. Owen Sound, June 17.—This afternoon tep-year-old son of James Couch, laborer, while fishing, lost his footing and fell in the river. Lafe was extinct beassistance arrived.

A gentleman writing from Byng Inlet nsks Chief Game Warden Tinsley to procure him a fawn. The warden has no fawns in stock at present, but will doubtless accommodate the gentleman at the earliest opportunity.

Chicago, June 17.—It has just been learned that the importers of Chicago lost \$40,000 in an exciting race against time and Uncle Sam's war taxes, which had its finish at midnight on Monday on Canadian border near Portal, N.D. A score of carloads of choice tea were being rushed into this country from Canada in order to escape the new war. Don't forget Rochester excursion to-night by steamer Empress of India from Geddes' Wharf at 11 p.m. Tickets at Wharf Office.

duty, which fell due June 13, at midnight. Only five carloads arrived on United States soil in time. The other 15 cars were stalled in British territory a few hundred feet away as the clock struck twelve. They were brought to a standstill by the peremptory orders of United States internal revenue officers on the watch at the dividing line between the two countries. When a message conveying the news that the race was lost was received in this city there was consternation among the local importers. The disaster was heightened choice at 40c, 50c and 60c importers. The disaster was heightened by the absence of opporunity for getting the retail grocer or the public to pay the tax, as the entire consignment had been sold to dealers throughout the west and northwest. The blow falls with full force upon a dozen tea importing firms in this city.

The W. J. Guinane Sale.

The catalogue for the sale of this estate by auction is now ready, and will be mailed on application to the auctioneers (Suckling & Co.).

The total stock amounts to \$53,000, and is the best assorted stock of boots and shoes ever offered to the trade in Canada. Mr. Guinane has always catered for a good family trade, as well as a first-class city trade. About six months ago Guinane cleaned up his stock by disposing of \$14,000 of undesirable goods, and to-day it is in A1 shape. The hypothecated goods, of course, are all new, having been purchased since April last, They were never taken into stock, and are in the same state as when they left the factory. They comprise \$15,000 of Canadian staples and \$11,000 American manufacture from Boston. New York, Cincinnati, Haverill, Portsmouth and other well-known manufacturing centres. Mr. Guinane did a large jobbing business to the trade, and kept several travelers on the road continuously, and, handling large quantities, was enabled to buy direct from the best manufacturers in Canada and the States. The stock will be in complete order for examination on Tuesday next, and buyers can then see the goods and mark their catalogues on that day. Mr. E. R. C. Clarkson has given the auctioneers in structions to clear every pair of boots for what they will bring and let the estate have a speedy winding-up. It is often a consolation to the creditors that when they are going to get a very little to get that very dittle very quickly. In addition to the The W. J. Guinane Sale. consolation to the creditors that when they are going to get a very little to get that very dittle very quickly. In addition to the boots and shoes, there are a beautiful lot of furnishings, bought for the fitting up of a new store on King-street. These are American goods of the latest designs, and will be sold at the same time.

A Jubilee Memento. Yesterday afternoon a group photograph was taken of the pupils of the Girls' High School. Bond-street, together with several trustees of the Separate School Board, intrustees of the Separate School Board, in-cluding D. A. Carey, William Roy, Father Rohleder and Secretary Hall. The picture was taken by Mr. Shorey, and will be pre-sented to Father Rohleder as a memento of his jubilee recently celebrated.

Ontario at Baltimore. Miss Elsie M. Lawler, niece of Rev. E. S. Rowe of this city. has taken a scholarship of the value of \$100 at the Johns Hopkins Hospital, Baltimore. Miss Lawler is in the training school for nurses, and has completed two years of the three years' course. She is a graduate of Whitby Collegiate Institute, where she showed intellectual ability of a superior order.

try of a superior order.

A Small Pill, but Powerful.—They that judge of the powers of a pill by its size would consider Parmelee's Vegetable Pills to be lacking. It is a little wonder among pills. What it lacks in size it makes up in potency. The remedies which it carries are put up in these small doses, because they are so powerful that only small doses are required. The full strength of the extracts is secured in this form and do their work thoroughly.

The closing examinations commenced yesterday for a quotation to mell of a goography and grammar were the subjects written on.

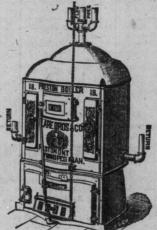

The annual games will be held in Exhibition Park to-day, when the school children will compete for valuable prizes.

The trustees and a large number of teachers will be present.

Orders were issued yesterday for tenders for the second batch of alterations and repairs to the schools recently prepared by thoroughly.

BOX 97, WORLD.

The Franklin and Humbolt, two mining claims in the Franklin group, adjoin the body of ore. The Daybreak claim is separated from the former two claims, being only about a quarter of a mile south. This comprises a group that has an independent lead aiready established. This property was purchased at the close of last year was purchased at the close of last year when Whitewater was very quiet and at a price that enables me to place it before a syndicate to great advantage. Already letters from London, England, have been received asking for an option. But the idea of placing this property in its present state of development would be a sacrifice. What is required is that a tunnel be driven in say 50 or 100 feet where now the surface indications are excellent. Then the property would command a suitable price, and as there are three full sized claims, or about 156 acres in above, one claim or perhaps an interest could be still retained in case of a sale to a large syndicate taking the control and proceeding to develop the above in an extensive manner. A 3-5 interest or control in said claims is now open to investors. Those wishing to join a syndicate will please indicate personally or by letter to the address hereunder.

See the World of the 7th and 9th inst. as to further particulars re. Franklin group.
