#### TORONTO BOYS STRANDED.

Five youngsters ran away and got as far as Detroit, where they were arrested as vagrants. Detroit, Aug. 18.—Yesterday five boys who gave their residence as Toronto and their names as Harris Wortley, George Wiltman, Thomas Kuller, Jerry Lang and Ernest Hutchinson, and who were all run away, but whose attire did not betoken extreme poverty, formed a beggars' trust at Woodward Avenue, and were arrested by Patrolman Strick for vagrancy. When the five boys' sentence that Judge Sellers imposed upon them expires they will endeavor to reach home.

#### The New Machinery Hall.

Beyond a doubt the new Machinery Hall, which is now a very imposing building, on the summit of the rising ground to the north of the Exhibition Grounds, will be in full readiness for the reception of machinery on time. It is completely fireproof, and, except for the engines, which will be here on Monday, would now be ready for occupation. Part of the shafting is in place, and the flooring is partially laid. Exhibitors will undoubtedly profit by the fire, for it has resulted in their securing the very best accommodation and in securing absolute security from fire, the inside of the structure being brick and the entire outside, both roof and walls, being covered with steel sheeting.

#### Outing for House of Industry.

One of the most pleasant outings of the season was the one given yesterday by the Fresh Air Committee to the inmates of the House of Industry. They were all old people and many of them cripples. They were taken for a drive round the city and then brought down to the park. Some had to be carried from the car to the picnic stand. After enjoying the entertainment a good tea was provided by Mrs. Dixon. They returned to the city about 7 o'clock, tired, but thoroughly grateful for what had been done for them.

#### S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Electric Oil for inflammatory rheumatism, and three bottles effected a complete cure. It was the whole of one summer unable to move without crutches, and every movement caused excruciating pain. I am now one to the rest and disposed of all kinds of weather, but have never been troubled with rheumatism since. I would, however, keep a bottle of Dr. Thomas' Oil on hand, and I strongly recommend it to others, as it did so much for me."

#### Three Boys Punished.

Three little boys—Archibald Easton, Garin Easton and Thomas Dempsey—were charged in the Children's Court yesterday, with trespassing on Grand Trunk property. During the past three days \$7 and three cents have been sent to the G.T.P. freight sheds, at the foot of Yonge-street. These boys had been seen in that vicinity quite frequently. Lord Russell of Killowen, who has succeeded Lord Hatherly as the International Commission, says that if he should visit America he would certainly do him in the honor of visiting the Fair. Sir Richard Webster expected to attend the American Bar Association meeting at Buffalo from Aug. 28 to 30, and in that case would have certainly visited Toronto. The Misses Eva Pillgrim and Ida Knutz, who came to the city from their home in Branford last Monday, and who mysteriously disappeared after their arrival here, have been found. It appears that the two girls met some old acquaintances, who prevailed upon them to stop over for a short visit. They did not think their absence from home would cause any alarm. On Thursday, John Pillgrim, a brother of one of the missing girls, came to the city to make enquiries, and after a short search found them at the home of a friend at 60 Van Ness-street. Both girls went home yesterday with Mr. Pillgrim.

The Printers Are Said to Have Beaten in the Strike.

New York, Aug. 18.—The Sun has scored a great victory in its fight with the Graphical Union No. 6. All editions of the paper, morning and afternoon, are being printed on time with non-union labor. Every department of the paper is in successful operation. The attempt made by the striking printers to have the Sun boycotted by newspapers has failed. Mr. Laffan, manager of the Sun, said: "The efforts of the union to suppress to-day's paper were not worthy of a moment's consideration. We are going along with the publication of the Sun as usual, and expect to go on in spite of the union."
