The author, C. M. S. Rev. Dr. Cleaver Leads Attack in Methodist Conference That is Finally Allewed to Run Down.

The attitude of Rev. Dr. G. M. Jack-The attitude of Rev. Dr. G. M. Dr. Cleaver, pastor of Trinity Methodist Church, who moved, seconded by B. E. Holding the book before him, and looking at it intently. Dr. Cleaver turned from passage to passage. The book he said taught that the early chapters of the Bible were not history and were not science, and should be regarded as mythology, but a mythology containing some important teaching in relation to God. It argued that the Old Testament was not reliable, and de-clared that the story of the patriarcha and the flood were purely mythical. ters this morning.

Dr. Cleaver caused something akin to a shudder when he read from Dr. Jackson's book a quotation from other higher critic, which suggested that Jesus was mistaken when He ex pressed a belief in the historic truth of the Old Testament. If He believed an error it was, the writer thought, a proof of His great humility in so coming man that it was part of His true humanity to believe what might not be accurate.

Resuming an explanatory tone, Dr. Cleaver said that he had been a resident of Toronto for 9 years and a member of the board of regents of Victoria College for eight years. He believed that Prof. Jackson was not alone in his views, but that all the theological professors could be trusted.
