

The recommendations of the Competitors' meeting were considered.

The resolution in reference to the need of steps behind the 600-yard firing point was first discussed. Finally, to a committee consisting of Col. Beer, Captain McRobbie and the Secretary, was referred the duty of deciding upon the kind of work best suited, and of having the same constructed before next annual matches.

Resolved,

That one or more team entries be allowed from any corps in the Hazen team match.

The minutes of the Annual Meeting were next taken up.

After hearing the statement of Col Beer, as to the use of targets at Sussex by local marksmen, it was

*Resolved*, That the Kings County Rifle Association be allowed, for its annual match, the use of Range plant and house, making good any actual damage caused; and also the use of targets, subject to the condition of re-covering them after so using them. Further, that local marksmen be allowed to use a few sets of standards, weights, etc., but must provide their own targets.

*And further resolved*, That any corps desiring to use the Range for a day's regimental shooting, be allowed to do so on the same terms as the Kings County Association on making due application.

Lt.-Col. Beer was requested to see to the placing of some posts and wire, to protect the butt from cattle pasturing on the Range.

The resolution as to making application to the Provincial Government for a grant was referred to the Executive Committee.

The resolution suggesting the opening of all the matches to members (thus admitting civilians to all competitions) was discussed at length.

Moved by Col. Armstrong, seconded by Col. Beer,

That in the opinion of this Council it is not desirable to make any change in the regulations governing the right of entry in the matches.
