CLEANLINESS IN DENTISTRY

If people knew the frightful risk they run of infection from unclean dentistry they would better realize the awful chances they take and what a mighty important factor cleanliness is.
No one has ever disputed the fact that there are no cleaner offices in Canada than ours. This is worthy of consideration.

LOCAL NEWS

Steamer Urkomondi is chartered to lead deals at St. John for West Coast of England at 33 shillings.

All members of the Carleton Corset Band are requested to attend practice tonight at 8 o'clock, sharp.

The Raymond & Whiteomb party from Boston that left here on Tuesday last for Prince Edward Island are expected to arrive at the Prince Rupert this afternoon, having taken the D. A. R. route from Halifax. There are seventeen in the party.

The last outing of the Natural History Society will be on Thursday afternoon at the grounds of James Manchester, Bay Shore. Arrangements have been made for a special train on the New Brunswick Southern railway, leaving Carleton on the arrival of the 2:40 p.m. boat from the east, and leaving the assembly place, coming on the return at 7 p.m.

John Frothingham's salmon boat, Mona, was third in the race on Saturday at Carter's Point, but there was a reason for it. She had a good lead and the best position and it looked like her day for first, when the throat-lily snapped and down she fell the forecastle. Even as it was she made up part of the time thus lost and finished well.

The old schooner Reporter, that has laid up at the west side for some time, was towed to the beach along the Courtenay Bay shore on Saturday to be burned. She is the property of Edward Leitch, a schooner coming in Saturday seeing the vessel high and dry on the beach with a crowd about her, took it for granted that she had run ashore and the report was about the water front this morning to that effect.

Last evening while Owen Trainor, in company with a friend, was returning to the city after having spent a day in the country, their horse became frightened on the Westwood road and made a quick dash, throwing Mr. Trainor from the carriage. He received several wounds in his head and face, and was shaken up. He was brought to the city, where he received medical assistance. He will be able to be around in a few days.

POLICE BENCH NOT BIG ENOUGH FOR THE CROWD THIS MORNING

The long bench in the police court this morning proved insufficient to accommodate the number arrested by the police Saturday, on various charges. In order to meet the demand, extra chairs were placed alongside the regular benches. Most of the offenders were charged with drunkenness.

David Ritchie was remanded on a charge of assaulting his wife in Erin street, by beating her with his fist.

Samuel Arsenau was also remanded on a charge of drunkenness and assaulting Evangelos Charicas, a Greek fruit dealer, of Dock street. The prisoner, it is charged, went to the man's store on Saturday night, and proceeded to help himself to some fruit, and when ordered to leave, hit the Greek, and was then arrested.

Fines of \$4 each or ten days jail, were imposed on Frank Kenney, George Brown, while the penalty was doubled in the cases of Wm. Guthrie, George Williams, George Lanchester, Stanley Brown, and George Robson.

Henry Rogers was fined \$8 on a charge of using abusive language to George Greary, and Mary Beckwith was remanded on a charge of drunkenness and begging. The woman was too sick to be brought into court this morning.

MELBA SALE TOMORROW

Plan Opens at Eight O'clock Sharp—Halifax Making a Record

Halifax, where Melba sings next Thursday, is giving the grand singer a royal reception. Every seat and standing room are sold, likewise every chair on the stage, the latter at \$1.00. The concert is the first in the city since the opening of the opera house. It is the limit for the grand singer, second, that no tickets were sold without the cash accompaniment. The increased seating capacity, accommodation will be afforded all who wish to hear the great concert.

The management would deplore the idea of becoming general that only those who can make it convenient to be at the sale early, can get tickets. There will be room for all, and those who should absent themselves simply because seats in certain portions of the house are unavailable, would be making a mistake of a lifetime.

FORMER POLICEMAN LEFT AN ESTATE OF \$3,500

In the probate court today in the matter of the estate of James McDonald, retired policeman, the will was proved. He gives to his wife, Katherine all his estate for life, and after her death to his two daughters, Maudie S. McDonald and Maud A. wife of Colborne J. Lake, of Halifax. He nominates his wife executrix and she was sworn in as such. Real estate is \$2,800 personally \$1,000. T. P. Regan is proctor.

In the estate of John Riley there was a return of citation to pass accounts. In the absence of Honer D. Forbes application was made on his behalf, for postponement. The hearing was postponed accordingly until Monday, September 19 next. Cyrus F. Inches is for Mr. Forbes, proctor for Thomas and Joseph Riley. S. A. M. Skinner, J. A. Barry and Edmund S. Ritchie are proctors for others interested.

DIED IN EAST BOSTON

Young Man Was Soon to Be Married to Miss Tracy of Carleton

In East Boston, on the 23rd inst., after a short illness, Arthur A. son of the late Decey and Elizabeth Bona, died, leaving five sisters and one brother to mourn his sad loss. The body was forwarded to Cape Breton for interment. A particularly sad feature of his death is that he was to be married to Miss Agnes Tracy, daughter of Thomas Tracy, West St. John.

THREE MEN UPSET INTO THE RIVER

James Smith, David Magee and Michael Ready Out of Boat at Buleya's Point—Ready's Plucky Act

Drowning accidents on the river this summer have been quite frequent, and another came nearly being added to the list on Saturday evening at Buleya's Point, where the best of the St. John Boat Club lay at anchor. Three members of the club, James Smith, David Magee and Michael Ready, were in the boat from a small tender, and had to battle for their lives in the chilling water. The work of getting into safety, was particularly difficult. Magee was unable to swim, and had it not been for the efforts of Ready, would not have survived. Ready was very plucky. He was the only one who did not get into the water. He was the only one who did not get into the water. He was the only one who did not get into the water.

CHAS. H. WILLIAMS OF ST. JOHN WEDS DARTMOUTH GIRL

Pretty Wedding Today—Bride Miss Jessie E. Thomson Shutle—Will Live Here

Halifax, N. B., Aug. 22 (Special)—Christ church, Dartmouth, was the scene of a very pretty wedding in which much interest was centered, at 6 o'clock this morning. Only immediate relatives were present.

The groom was Charles H. Williams, a well-known electrical engineer of St. John and prominent in musical circles and the bride was Miss Jessie Elizabeth Thomson Shutle, one of Dartmouth's most popular young ladies and until recently a member of the teaching staff of the schools. Rev. S. J. Woodcock performed the ceremony.

The bride was becomingly dressed in a brown travelling suit and hat to match, since Saturday, on which she was married. The wedding march was rendered with great effect by Mr. John Wilson organist of the church.

Immediately after the ceremony, Mr. and Mrs. Williams left by early train for their home in New Scotia and New Brunswick. The largest number of beautiful presents included a Royal Worcester china tea set from members of the Christ church choir with which the bride was connected and a silver paddling dish from the members of the Dartmouth teaching staff.

Mr. and Mrs. Williams will reside in St. John.

ASEPTO SOAP CO. TO ENLARGE PLANT

Have Made Much Progress Since Last May—Some of Their Plans

Since the Asepto Soap Company have taken over the business of the Welcome Soap Company, on May 1 of this year, they have doubled the output of the factory.

They have under consideration now the addition of another story on the building which will enable them to again double the capacity of the plant. The company started the manufacture of Asepto Soap Powder about eighteen months ago. The sale of this increased so rapidly that they purchased the Coll Soap factory and started the manufacture of Asepto soap as well. The sale of this soap steadily increased from the start, and they soon outgrew the capacity of the Coll plant. They then absorbed the Welcome Soap Company and applied expert knowledge to the perfecting of Asepto soap. They recently imported one of the ingredients from Spain, and there is no doubt that the soap is a very superior article and is in addition a valuable antiseptic.

The company is very jubilant over the perfecting of this soap and are now distributing through the city their new premium book. This action shows their far-sightedness. Premiums are a feature in the soap business, as many of the large concerns are using them, but being in this case confined entirely to the wrappers the securing of a premium is necessarily slow for an article of value. But the Asepto Soap Company has secured the co-operation of several manufacturers of household articles which are in every day use, and the goods, such as apices, flavoring extracts and other articles carry coupons that apply to the Asepto premium list. In this way the consumer can in a very short time get many valuable articles. It is promised that he can rely on the goods every time, as every article carrying the coupons has been carefully investigated by the Asepto company and they will not permit any article to be listed that cannot be recommended by them. The premiums given are all guaranteed. Arrangements are being completed with other large concerns to take on the coupons and it is hoped that in a short time the Asepto company will be in a position to offer a larger list of premiums. Additions to the list will go out monthly. It is pleasing to find St. John firms expanding and becoming pioneers in new fields of business thought. Today the company's travellers start for different parts of Canada to push the sales of their soap.

FAMOUS DIVING GIRLS

It is announced that the Abigail Kellerman Famous Diving Girls are to have an engagement in St. John during the exhibition. These beautiful girl swimmers and divers have been the sensation this season at "Dreadnaught" Coney Island and it seems that a first treat is in store for all who see them. It is said they give sixteen performances a day.

Mr. and Mrs. Roberts desire to thank their friends for much kindness and sympathy in their recent bereavement.

When At The Exhibition You Will Have a Chance To Examine All Ranges

There will be no better chance for purchasers of stoves and ranges, to examine all kinds, and judge for yourself than at the Exhibition. You will find all the leading stove firms around the same place. For the GLENWOODS you will be made welcome at our booth, whether you want to purchase or not. It is always a pleasure for our clerks to show the workings of the Glenwood Ranges, to show you how the nickel fastens on the sliding grate, the divide oven bottom, the roomy clean-out door, the direct draft with a short handle, divided centres, and to answer all questions you may want to ask. Examine all ranges and you will find that the Glenwood Ranges are equal to any range made in Canada today. Made and sold by
