

MORE GOOD THAN ANYTHING ELSE

Former Baseball Star Was All
Run-Down and Worn Out
—Feels Fine Since Taking
Tanlac.

"Talking about things that help people, this Tanlac has done more good than anything else I ever got hold of," said Frederick B. Johnson, familiarly known to his many friends as "Frenchy" Johnson, living at 243 Brussels street, St. John, New Brunswick, in a conversation with a special Tanlac representative, recently. Mr. Johnson was at one time a star player on the local baseball team and is popular with all who know him.

"I can't say," explained Mr. Johnson, "that there was anything special, or serious, the matter with me. But I had lost my old-time energy, felt weak and worn out all the time, and had gotten to where I never felt like doing anything. My appetite was so poor that I never felt like eating anything, nothing tasted good, and I simply had to force down the little I did eat. That tired, worn-out feeling was with me all the time, my work was a burden to me, and when the day was over I was so fagged out that I would just come dragging in home. My feet and legs would give out on me every day towards evening and I had gotten to where my work worried me like forty. I was never in such a fix before—always felt active and energetic—didn't know what to do to set myself right."

"Finally, one of my friends advised me to try Tanlac. So I went right down and got a bottle and before I had finished taking it I had an appetite like a horse and ready for three big meals a day, and my food seemed to digest and give me strength. I got up every morning now full of new life and energy, eat a hearty breakfast, and go to my work feeling like a brand new man. Why, I can now go all day without getting as tired as I did in an hour before taking Tanlac. For I come home in the evenings feeling just as good as I do on leaving in the morning, and with an appetite to be proud of. In fact, I'm hungry all the time and meal time comes too slow for me. I am now in shape to where I feel as well as I ever did and I can't praise Tanlac too highly."

There are thousands of people who complain of being nervous and run-down. They are not sick exactly, but feel tired and go for nothing most of the time. They need something to build them up and throw off the symptoms of this weakened, debilitated condition.

The system, besides being purified by Tanlac, is toned up and invigorated as the medicine, aside from assisting the coming as it seems to quickly do, nervousness, indigestion, non-assimilation of the food, headache, backache, kidney complaints, general debility and many other ailments that are so common to the thousands of half sick, depressed men and women.

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro under the personal direction of a special Tanlac representative.—Advt.

GLAD TO BE HOME.

General (Sir) John Pershing (K. C. B.), commander-in-chief of the United States forces in France, was caught by the camera in a happy mood soon after his return home.

Sherriff and jailer were witnesses when A. D. Collins, alleged counterfeit-maker, married Miss Eunice Lincoln in the jail at Dallas, Texas.

IMPORTANT HOUSE COMMITTEE NAMED; A. B. COPP MEMBER

Hon. J. A. Calder Likely
Chairman of Committee
on Soldiers' Civil Re-
establishment

A DIVISION OF THE HOUSE

House Divides Just Before
Adjournment on Jacobs'
Bill to Amend House of
Commons' Act—The Vote
of Cross Benchers—Import-
ant Questions Answered.

Ottawa, Ont., Sept. 18.—What will probably prove to be the most important parliamentary committee of the session has been named. It is the special committee which will give consideration to the bill concerning soldiers' civil re-establishment and before which returned men will make representations as to their needs. The bill is designed to take the place of orders-in-council passed under the War Measures Act and which ceased to be effective with the proclamation of peace. The committee consists of Hon. J. A. Calder, who is almost certain to be its chairman, and the following nineteen members: H. B. Morphy, North Perth; Major Brien, South Essex; Col. Hugh Clark, North Bruce; Dr. Edwards, Frontenac; E. W. Nesbitt, North Oxford; F. E. Pardoe, West Lambton; W. T. Kennedy, North Essex; Hon. Dr. Beland, Beauce; F. Bolton, Lisgar; Dr. Chisholm, Antigonish; Colonel Cooper, Vancouver; A. B. Copp, Northumberland; Colonel Lang, Humboldt; General McLean, Royal; Major Powers, Quebec South; Colonel Tremaine, Hants; Thos. Tweedie, Calgary; H. H. White, Victoria; Lieut.-Col. Arthur, Pelly Sound.

Before moving for the appointment of the committee Hon. N. W. Rowell explained the work and record of the department of soldiers' civil re-establishment and there was a general discussion.

At the evening session second reading was given to Mr. Pedlow's bill to make the second Monday in November, Armistice Day, a permanent Thanksgiving day. It will be considered in committee.

House Divided.

Before adjournment at 10 o'clock there was a division. Mr. Jacob's bill to amend the House of Commons Act, by providing for automatic by-elections within sixty days after a seat becomes vacant, making election day a public holiday and other changes, was brought on for debate. The bill received the support of D. D. McKenzie, A. L. Davidson, of Annapolis (N.S.) and Dr. Alfred Thompson of the Yukon moved the adjournment of the debate until the motion carried on a division of sixty-nine to fifty, a Unionist majority of nineteen.

Of the cross benches, Messrs. Nesbitt and Davis (Newpaw) voted with the government and Messrs. Maharg, Crear, Blead (Macdonald) and Johnston (Last Mountain) and Halliday (Bow River) with the opposition.

When the House opened this afternoon Hon. C. J. Doherty expressed the sympathy of members with Sir George Foster in the death of Lady Foster. He then moved, seconded by Mr. McKenzie, acting leader of the opposition, that when the House adjourns today it will stand adjourned until 4 p.m. tomorrow to enable members to attend the funeral.

Mr. Gauvreau asked if it was the intention of the government during the present session to grant an amnesty to defaulters under the M. S. A.

Mr. Doherty—"Announcement of any policy decided on will be made in due course."

In reply to a question by Mr. Tobin, Mr. Doherty said that \$238,893 had been collected in fines imposed upon defaulters.

Replying to Mr. Archambault, Mr. Guthrie said that the government had been paid in full for the ice-breaker Haesen III, sold in 1916 to the Russian government.

Mr. Euler asked how many enemy aliens were still interned in Canada.

Mr. Doherty—"Eight hundred and forty-nine. Ninety-one more had been interned since the signing of the armistice, he added."

Zam-Buk

Mr. Euler—Is it the intention of the government to make early disposition of the interned enemy aliens in Canada?

Mr. Doherty—"Yes, 1,414 have already been repatriated."

"When may their release or repatriation be expected?" continued Mr. Euler.

Mr. Doherty—"Sundry releases are now under consideration. The next repatriation will probably be in October, if a ship is available."

Reciprocal Arrangements.

Mr. Doherty gave the House some information with regard to the loan which Canada has made to Roumania. He stated that the total amount of the loan was \$25,000,000 and that it was confirmed by an order-in-council in April last. The total amount advanced up to the present was \$3,333,000 and Roumanian bonds to the full value had been deposited at the Bank of Montreal, London.

Hon. N. W. Rowell, speaking on the second reading of the act to amend the soldiers' civil re-establishment by-law, said the work of the department such as vocational training, was the definition of classes into which the soldiers were divided, and also the matter of pay and allowances to the men were defined by order-in-council.

The work of the department had many ramifications and now reciprocal arrangements had been made with the government of the United States and Great Britain whereby Canada took care of soldiers resident in the Dominion who had served in the United States or Imperial armies and those countries took care of men in Great Britain and the United States who served in the Canadian Expeditionary Force. Similar arrangements were made with France, Australia and New Zealand. However, in order to carry out the work legislation must be passed.

Mr. Rowell reviewed the work which was being carried on by the department.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by Ross Drug Co. in St. John and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy which nearly always accompany excessive thinness should soon disappear, dull eyes ought to brighten, and pale cheeks bloom with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-phosphate has brought about a magic transformation with me. I gained 15 pounds and never before felt so well."

CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.

Gin Pills

FOR THE KIDNEYS

contain all the good of Gin without any of the alcohol. Restore the kidneys to normal action. Relieve pain.

GIN PILLS

FOR THE KIDNEYS

For backache, swollen joints, stone in the bladder, rheumatic pains—They bring health to sufferers. Get a box today. At druggists, 50c., sold on money-back guarantee. Free literature on request.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn, tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Its work, started, he said, when a man had been discharged from the army. Soldiers suffering from disease or disability must be cared for, and hospitals were maintained for this purpose. Men who were not physically fit were trained if possible, to earn a living. Finally, men who were physically fit were aided in getting work, partly through co-operation with the Dominion Labor Bureaus throughout the country.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief for Acid Indigestion.

So-called stomach troubles such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probability nine cases out of ten, simply evidence that excessive secretion of acid in the stomach is the cause. Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisulphate of magnesia, a good and effective corrector of acid stomach, should be taken in a quart of glass of hot or cold water after eating, whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as bisulphate of magnesia, which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisulphate of Magnesia, which is especially prepared for the above purpose.

HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself. Her Sincerity Should Convince Others.

Christopher, Ill.—"For four years I suffered from irregularities, weakness, nervousness, and in excellent condition. Two of our best doctors failed to do me any good. I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it, and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound will cure any female trouble."—Mrs. ALICE HELLER, Christopher, Ill.

Nervousness is often a symptom of weakness or some functional derangement, which may be overcome by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, as thousands of women have found by experience.

CAUTION:—If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for suggestions in regard to your ailment. The result of its long experience is at your service.

RE-ORGANIZING MILITIA.

Major-General Sir Edward Morrison, who is touring Canada in the campaign for the re-organization of the militia.

WOMEN'S AID DEFERS ACTION ON NURSES' HOME

Though in compliance with a written request from the president, Mrs. E. Atherton Smith, the Women's Hospital Aid, at its meeting yesterday afternoon, took no definite stand in the matter of the shelving of the nurses' home building project by the Municipal Council, the aid, nevertheless, expressed disapproval of the present state of affairs.

The meeting was held in the board of trade rooms with Mrs. S. Skinner presiding in the absence of Mrs. Smith. One of the most pleasing features of the meeting was the report of the visiting committee for the month, read by the convenor Mrs. E. A. Young, who was greatly complimented on her work as visitor, and by unanimous vote was appointed convenor for the ensuing month. Her report contained many suggestions for future useful work of the aid in caring for the patients' comfort.

The treasurer's report, read by Mrs. C. F. Sanford, showed a balance on hand of \$4,118.15. Mrs. J. Verner McLellan, in her Methodist denominational membership report said she had enrolled as a member Mrs. A. P. Barnhill and as donor of \$20, Captain Farrar. Mrs. James H. Doody, Catholic denomination report, showed a new life member, Thomas Nagle and two annual members. She also acknowledged with gratitude gifts of flowers from Mrs. F. Owens and Mrs. Wilson. Mrs. Moore of the Salvation Army reported flowers had been received and that her hospital workers were intending to put on a concert for the funds of the aid.

A follow-up case in Trinity congregation which had been visited by Mrs. E. T. Sturges was spoken of. It was said that this particular patient was an elderly Englishman who had seen many parts of the world and who said the general public opinion was the worst run institution he had ever been in.

Mrs. E. A. Young, in her visiting committee report, said the ladies of the West Side had been her most efficient and willing helpers on the committee and had all given large quantities of flowers which had made an unnecessary and costly display. Mrs. Young spoke of the building up of a library for the hospital with Miss Retalick, who had promised to receive and care for all that might be presented and had considered the suggestion an excellent one. Mrs. Young said there was great need of a recreation room in the hospital where the children with toys, members, and 100 given by C. A. Munro had been distributed to the patients and spoke of the comfort and cheerfulness of the hospital. She laid emphasis on the importance of having the books or magazines complete and fresh looking. Mrs. Young spoke of the building up of a library for the hospital with Miss Retalick, who had promised to receive and care for all that might be presented and had considered the suggestion an excellent one. Mrs. Young said there was great need of a recreation room in the hospital where the children with toys, members, and 100 given by C. A. Munro had been distributed to the patients and spoke of the comfort and cheerfulness of the hospital. She laid emphasis on the importance of having the books or magazines complete and fresh looking. Mrs. Young spoke of the building up of a library for the hospital with Miss Retalick, who had promised to receive and care for all that might be presented and had considered the suggestion an excellent one.
