Coburg Street Church of Christ

F. J. M. APPELMAN, Minister
While Church remains closed, we request every member, and all others who will, to set apart the regular meeting hours on Lord's Day and week nights, for the thoughtful reading of God's Word and for prayer. We also request that a brief season of reading and prayer be observed morning, noon, and evening of each day. Be calm, confident, trustful. God is the fountain source of all help. If at any time I can render you assistance, notify me at 51 Summer street—
F. J. M. Appelmann, Minister.

Centenary Methodist Church

REV. H. A. GOODWIN, Pastor
In accordance with the mandate of the Board of Health, this church will suspend its services until the ban is lifted. Our religion includes every effort for the public good. Therefore we commend the precautionary measures, though it means sacrifice to many people.
The loss of public worship may be met by private devotion. No less sacred to the day, nor should we lack our devotion through the church's being closed. To inspire confidence we would suggest reading the 91st Psalm. And to learn the secret of pleading prayer, read the 17th of John.

CHIEFLY BAD COLDS AND MILD INFLUENZA

At 2:30 this afternoon the Hon. (Dr.) W. F. Roberts, minister of health, informed The Times that after a careful survey of the local influenza situation, a survey which he was able to make with more deliberation than during the preceding rush days—he would pronounce St. John to be suffering from a quite general prevalence of bad colds and mild form of influenza or its grippe. There were some specific cases of the new type Spanish influenza, but these, he considered, had been the outcome of neglect or possibly thoughtlessness.
"If the people of St. John will observe just a few simple things we can reduce the risk from 100 to 200 per cent. For instance: When a person shows signs of chill or cold with the well-known symptoms of influenza, the patient should be at once isolated in a separate room with a special and exclusive attendant. A disinfecting sheet should be hung in the doorway and all other members of the household barred from the sick room. Even the simplest cases should be treated this way, for I am sure that the most of the present influenza cases which have resulted in town so far have been instances of thoughtlessness and neglect—thinking that a slight ordinary cold was not sufficient to keep the sufferer indoors."
Hon. Dr. Roberts says by next Friday he will have a definite census of the provincial situation and then he can tell by scientific means how soon the epidemic measures now in force will be continued. He is generally speaking in an optimistic frame of mind.

BUY-VICTORY BONDS—
FOIL FRENCH PROFITEER.
American Soldiers Pay Exorbitant Prices, Then Report Greedy Grocer.
Paris, Sept. 26.—(Correspondence of the Associated Press)—"One tin of lobster, one tin of sardines, and a dozen eggs" said the grocer in a little town of the Mayenne department.
"How much?" said one of the four American soldiers who were making the purchase.
"Thirty francs," (about \$8) was the reply.
"Here's the money, will you please give us a bill."
"Certainly, gentlemen."
The four Americans had been long enough in the country to know a thing or two. They took the bill to the mayor and the mayor promptly closed that grocery store for a month, fining the proprietor 500 francs (or about \$100) in addition.

OFFICIAL NOTICE

To the Catholic People of St. John
In order to prevent the spread of influenza, the Provincial Board of Health has forbidden all public assemblies until further notice.
The ecclesiastical authorities will cheerfully comply with this regulation. Consequently there will be no public services held in any of our churches while the proclamation remains in force. On next Sunday morning, however, at 10 o'clock, and every Sunday thereafter until the regulation is withdrawn, a Mass will be offered in the Cathedral within closed doors. At that house the faithful are earnestly requested to join in spirit with the priest offering the Holy Sacrifice on their behalf and to read in their own homes the usual prayers for Mass or to recite any other suitable prayers which their own faith and devotion may suggest.
JOHN J. WALSH, V. G.

LOCAL NEWS

WELL-EXPANDED LUNGS NOT ENOUGH.
Pure blood is indispensable to the health and strength of the lungs. The delicate structure of these organs makes it necessary. When the blood impure the lungs lose their tone, and even if they are permitted to expand freely, they have not the power fully to perform their important work. The fact is, there is nothing more necessary to the physical economy than pure blood—the kind of blood that Hood's Sarsaparilla makes. This medicine is the good old reliable family remedy for diseases of the blood, scrofula, rheumatism, catarrh, and low or run-down conditions of the system. At this time, when coughs and colds are so prevalent, Hood's Sarsaparilla is an invaluable tonic. Get it today, and begin to take it at once. Accept no substitute.

SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

Spend a Few Cents! Dandruff, Disappears and Hair Stops Coming Out.
Try This! Hair Gets Beautiful, Wavy and Thick in Few Moments.
If you care for heavy hair, that glistens with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair. It immediately dissolves every particle of dandruff you cannot have nice, healthy, back hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and it not only produces a few lockets, but itching and itching of the scalp; the hair falls out, and the hair falls out fast.
If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine, and in a few minutes after you will say this was the best investment you ever made.
We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff, itching scalp, and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

Ottawa, Oct. 12.—Eight deaths have been reported from Spanish influenza during the last twenty-four hours.

STRONG PEOPLE NEEDED

The need for people to be healthy is urgent. Those whom illness has put outside the ranks of robust men and women are handicapped in every walk of life and weak men and nerve-worn women need not only medicine but they need their health and become active and strong. Many who began "parched" months ago are ill now as on the day they began vainly tinkering with common drugs. Every ailing man and woman should remember that depression, debility, nerve exhaustion, indigestion, sleeplessness, neuritis, and depression come from a faulty blood supply. Worry, over-work or other causes have impoverished the blood and left the system impure. The nerves thereby are starving and the whole system is languid. It is a waste of time and money to put down many thousands have won back strong nerves and new health and strength through the new rich blood Dr. Williams' Pink Pills actually makes. In a weak or bloodless condition it is not only a waste of time and money, but also a further menace to your health to tinker with common drugs. Follow the example of so many thousands by giving Dr. Williams' Pink Pills a fair trial, and they will transform you into healthy, active, men and women. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

CIVIL WAR IN CHINA

Canton, Friday, Oct. 4.—(By the Associated Press)—The southern military government has formally declared war on the government of President Hsu Shi Chang, "because Hsu Shi Chang accepted a bogus parliament election thus recognizing the new parliament and refusing to respect the existing provisional constitution."
