TEBO HANGED THIS MORNING

Digby Murderer Paid The Penalty of His Crime DIED WITHOUT FEAR

Confessed His Crime and Sent Message to Girl Who Was His Sweetheart—Execution Conducted Without Any Sensational Features

Digby, N. S., July 24—John Tebo paid the penalty for his crime at four minutes past 3 o'clock this morning.

JOHN TEBO

to live. He appeared very cool, and replied "all right."

When he was led to the scaffold by Jailer Hazelton, accompanied by Chief of Police Huxford, he was perfectly calm, and showed no signs of tremor.

When asked if he had anything to say, he turned to those assembled within the enclosure and said, "I wish to bid these gentlemen good-bye."

Then placed the black cap over his head. As he did so, Tebo said:—"Will you do what I asked you?" Hazelton replied in a kind but firm manner, "Yes, my boy, I will."

The request was to give to Annie, his young wife, his sweetheart, the ring that he wore while in prison.

One of his last acts in the cell was to write a note to his sweetheart, which he entrusted to Rev. Mr. Roy for delivery. At 5:04 when all was ready the sheriff cut the rope and Tebo was sent into eternity.

After Dr. J. E. Jouse, the attending physician, pronounced him dead, and Coroner Daley and his jurors had viewed the body, he was placed in the casket and Sheriff Smith allowed the few people who surrounded the court house at this early hour to pass through the halls.

The jury brought in the usual verdict on the two counts. Extra police officers were in attendance, but everything was exceedingly quiet.

The remains were conveyed to their last resting place on the Tebo property at an early hour this morning by Undertaker Rice, accompanied by Rev. Thomas S. Roy, who proved himself a faithful spiritual adviser and did all he could to soothe the grief of the bereaved.

Tebo ate a hearty supper last night, and when his mother, who called upon him later, asked if he had anything to say for himself, he told her that he would like to see his mother, his father, his sister, and his brother.

He then turned to the sheriff, the jailer, and his spiritual adviser, Rev. Mr. Roy, of the Digby Baptist church, and said that he had gone to take some cabbage from a neighbor's garden, and while they were chopping the leaves and stalks he took the axe and struck his friend on the head, stunning him.

"I was nearly crazed," he said, "and took the pole and struck him on the head. He never moved or spoke. I took his purse and money but became afraid and threw the purse overboard. There was about \$100 in the roll which I kept. I felt crazy after what I had done, and while I was drunk I told all about the crime."

Queen City is Proud of Winner of King's Prize At Bisley

A MECHANICAL GENIUS He Has Invented and Patented a Gun Sight Which He Urges the Government to Adopt—Has Been Twice at Bisley

(Canadian Press) Toronto, Ont., July 24—Private William J. Clifford, the first Canadian born man who has won the King's prize, and the first man who ever won both the King's prize and the Prince of Wales' prize, the two plums of the Bisley meet, lives with his young wife in Toronto.

This was his second visit to Bisley, and on both occasions it was somewhat of an effort to tear himself away to go. Last year he left for three weeks, and this year it was a baby son, four weeks old, that he had to leave behind.

Clifford is 33 years old, and has been addicted to the rifle as a shooting pastime ever since he was old enough to hold up an aim. He was born in Brampton and went to school in Richmond Hill. He came to Toronto seven years ago and joined the Grenadiers soon afterwards. He has steadily improved in shooting and possesses a host of trophies won in O. R. A. and R. A. matches.

Private Clifford is somewhat of a mechanical genius. He is the inventor of a gun sight which he has patented, and is now urging the government to adopt it. The major called his congratulations on him announcing his success, almost as soon as the press cables reached here.

VEDRINES IS STILL LEADING THE AIR MEN

Covered 343 Miles in Less Than Six Hours Flying Time RACE IS FOR \$50,000

Big Race on Also in Russia For a Like Sum From St. Petersburg to Moscow—French Aviator Killed by Fall Yesterday

(Canadian Press) Edinburgh, Scotland, July 24—J. Vedrines, the French aviator, in a Morane Borel monoplane, maintains the lead in the circuit of Great Britain aviation race for the Daily Mail's prize. He covered the distance of 343 miles from Hendon to Edinburgh this morning in less than six hours actual flying time. Beaumont still Vedrines closely. Weyman, still experiencing bad luck, was held up at Hendon awaiting the arrival of a new propeller.

Hendon, Eng., July 24—By four o'clock this morning a great crowd had assembled at the aerodrome to witness the start of the second stage of the British circuit race. The course today was from Hendon to Edinburgh, with intermediate stops at Harrogate and Newcastle. The distance between Hendon and Harrogate is 185 miles, and from Harrogate to Newcastle 68 miles, and from Newcastle to Edinburgh 93 miles, making a total of 346 miles.

The race is for a prize of \$50,000, offered by the Daily Mail and sixteen aviation societies in covering the 3460 miles of twenty miles on Saturday.

In spite of the early hour the roads were full of spectators. The race was most of them on foot, there being little travelling accommodations.

The weather was favorable and Beaumont went up at 4 o'clock, the others following at short intervals, with the exception of the American, Charles T. Weyman, who is taking two hours extra rest. Two of those who ascended were obliged to descend very soon on account of engine trouble.

Edinburgh, July 24—Later word was received that Weyman had started from this city, through mistake of the time keeper, Beaumont, who should have started from Hendon, got away first. Vedrines made a few excited gestures sailed away a few seconds later. Thousands witnessed the splendid spectacle, which was quickly over and the aerodrome at such a pace that they were soon lost to sight. Beaumont, who was flying higher, was quickly overtaken and when Harrogate, 182 miles from Hendon was reached, Vedrines had gained another few minutes. This was repeated in the stages from Harrogate to Newcastle, 68 miles, and from Newcastle to Edinburgh, 93 miles.

Valentine, the Englishman, who is making a bid for the prize against the Frenchman, was the third to arrive at Harrogate. He won the prize of silver plate offered for the first Englishman to complete this stage. He was delayed for an hour at Harrogate and made a slow trip to Newcastle, having by mistake landed inside the town instead of at Gosforth Park, the official landing place. Of the thirteen others who completed the first stage from Brooklands to Hendon, Stuart D. C. Patterson in a "Baby" Graham White bi-plane, and Lieut. Reynolds retired. E. Audouin withdrew after making three false starts at Hendon, and the rest either failed to get away or descended before making Harrogate. C. H. Paton came down three miles south of Harrogate and smashed his machine, which probably has put him out of the race. The others met with minor accidents, but will continue.

The official times between Hendon and Harrogate were: Vedrines, 3 hours, 3 minutes and 4 seconds; Beaumont, 3 hours 3 minutes and 34 seconds; Valentine, 3 hours 30 minutes and 28 seconds.

St. Petersburg, July 24—The Imperial Aero club, aviation race, from St. Petersburg to Moscow for prizes aggregating \$50,000, started yesterday. Six aviators ascended at an early hour. Maslenski, flying with a passenger, fell near Jozn, while Utioshine came to grief near Novgorod. Both aviators were injured and their machines were wrecked.

Two other contestants were compelled to abandon the race, while the remaining two are continuing. The distance is 400 miles.

Jacquier, France, July 24—The aviator Joy was killed yesterday while making a flight in a biplane. The fall of the machine is attributed to air eddies caused by the heat.

Premier Asquith and Creation of New Peers

UNIONIST QUARREL Leadership of Both Balfour and Lansdowne Challenged by the "Die-hards" of the Party—Arrayed in Two Rival Camps

(Canadian Press) London, July 24—King George has actively intervened in an attempt to start the warring political factions to a peaceful goal. None than he is more anxious to avert swamping the historic house of peers with a battalion of new creations, and if his personal influence can effect it, he will arrange some plan for overcoming the present deadlock.

His Majesty gave audience to Premier Asquith, A. J. Balfour, the leader of the opposition in the house of commons, and Lord Lansdowne the Unionist chief in the house of lords. It was understood that His Majesty would see other leaders later in the day. Meanwhile the political situation is so out of gear that the king postponed his intended departure for Goodwood, where he was going this afternoon to visit the Duke of Richmond, and attend a four-day race meeting.

After the audience to Mr. Asquith at Buckingham palace this morning it was announced that his Majesty would not leave the capital until the probable outcome of the Unionist insurrection against the government's plan for creating the veto bill could be clearly determined.

London, July 24—Premier Asquith had an audience of half an hour with King George at Buckingham on Saturday, when he placed before His Majesty the government's views on the latest phase of the political crisis and made final arrangements to meet the possible contingency that action by the "die-hards" would prevent the creation of new members of the House of Lords.

The split in the Unionist ranks is displayed in all its seriousness today in the columns of the daily press. Not only are the Tory organs arrayed in two opposing camps, for and against "the surrender," but the fighting mood is shown by a trumpet blast from Frederick E. Smith, Unionist member of the House of Commons, for the

Waltham division of Liverpool, summoning the lords and members of the lower chamber to a public dinner next Wednesday in honor of the Earl of Halsbury. The banquet is to be given it is proclaimed, "in recognition of the services that he has rendered to the state in the present crisis and to support him in a determination to insist upon Lord Lansdowne's amendments to the veto bill as "the last remaining safeguard in the constitution for consulting the nation in a matter of the gravest national importance." The Earl of Selborne will preside at the dinner.

London, July 24—A serious situation faces the Unionist party. The attitude imputed to Lord Lansdowne—namely, a willingness to submit to force majeure—meets with the strongest criticism among certain of his followers who are of the opinion that the government should be forced to carry out its threat of making peers.

The difference is believed to have resulted of very considerable dimensions. Lord Halsbury, Lord Selborne, Lord Salisbury, and Lord Willoughby de Broke are clamoring for the adoption of a policy of surrender and they claim to have the support of a hundred other peers.

Mr. Balfour's views, like Lord Lansdowne's are understood to be unfavorable to a provocative course to the end, and as a consequence Mr. Balfour's leadership in the Commons and Lord Lansdowne's leadership in the Lords are challenged by the "die-hards" of the Unionist party.

ANTI-PROHIBITIONISTS ARE STILL IN THE LEAD

Dallas, Tex., July 24—The anti-prohibitionists were still leading on the unofficial returns in the Texas state-wide prohibition election, according to reports received early today. The first additional returns this morning slightly increased the anti-prohibitionist lead, but not sufficiently to assure them a victory. Their majority is still under 4,000.

HON. MR. BRODEUR DENOUNCES THE NATIONALISTS

(Canadian Press) Mariville, Que., July 24—Hon. Mr. Brodeur, minister of marine, yesterday afternoon addressed a meeting of 2,000 electors of Rouville county here. He was accompanied by Hon. Rudolphe Lemieux, postmaster general.

An address of welcome to Mr. Brodeur, enjoining the part which he had played in the imperial conference was read to him as soon as he mounted the platform. Mr. Brodeur, after speaking at considerable length on the Imperial Conference and in defense of the Canadian position there, turned to the Nationalists. He reviewed the well-known naval arguments and spoke briefly in favor of the reciprocity.

He attacked the Nationalists vigorously, in much the same strain as has been adopted by Sir Wilfrid Laurier, stating that they were impelled only by hatred and envy, and had no real policy that could be of use to the country. He considered the personal attacks which were being made as proof of this, and declared that nowhere except in Quebec, where the British parliamentary system holds sway, do the leaders of a party resort to such tactics of abuse as do the Nationalist leaders.

CANADIANS ALL RIGHT SAYS JOHN E. WILSON, M.P.P.

John E. Wilson, M.P.P., and Mrs. Wilson, who have been on a trip to the United Kingdom and France, arrived home Saturday, coming in from Quebec, where they arrived on the White Star Liner Teutonic.

Mr. Wilson said today that they had enjoyed a most pleasant visit. They were in London for the coronation, and witnessed the great procession from a good position near Buckingham Palace.

"Canadians," said Mr. Wilson, "are exceedingly popular in England now. In getting a place for the procession, even where the space was reserved, we found that the announcement was all that was necessary. A policeman asked 'have you passed,' and we replied, 'no, but we have come from Canada to see the procession,' and that was enough. 'You're from Canada, are you?' Well, you are all right," said he and we got our seats."

Mr. Wilson said that after all his travels he was glad to get back to Canada, as there is no place like home, and no place like St. John.

ETHEL BARRYMORE AND HER HUSBAND AND THEIR WIVES

(Canadian Press) St. John's, Que., July 24—The merry little game of hide-and-seek goes on. Russell Cole has been here, has seen his son "Sammy," and left for New York. The next train from Montreal brought his wife, Miss Ethel Barrymore. She had been waiting in Montreal until her husband left the little town where their son is staying with Mr. and Mrs. S. Fring.

Miss Barrymore has seen her son several times, and has visited the lost club there. It is evident from messages that Mr. Cole sent from here that he is attempting a reconciliation with his wife. From Miss Barrymore's action it is evident that it is not last thing she desires.

She is undoubtedly avoiding him and it is understood, is prepared to leave the town if he should come.

PORCUPINE CLAIMS SEVENTY VICTIMS

Porcupine, Ont., July 24—The first real gruesome discovery was reported yesterday by returning searching parties, when the bodies of Nelson Peterson and an unidentified man, supposed to be Rosequist, were found one mile south of Gos Lake in Shaw township. Bears had scattered the remains over acres of land and proper burial was almost impossible. Two deaths from Lakeland hospital were reported to the committee as follows: John Bibb, and Thomas Cooper, dome mine employees. The death list now stands at 70.

BOTH WERE DROWNED

Toronto, Ont., July 24—A pathetic drowning accident occurred in the lake of Sunnyside Saturday afternoon when Henry Hughes and Edward Goby lost their lives from a small rowboat. The exact details of their misfortune will probably be never known, but it was probably caused by the sale which blew during the afternoon.

Both men, who were firm friends for many years, engaged a small boat, and that was the last seen of the boys. Later in the evening the empty rowboat was discovered about a mile out in the lake. The boat was half full of water and contained two coats and a hat.

CHOLERA IN BOSTON

Boston, Mass., July 24—Asiatic cholera has reached Boston and caused one death, while two foreign sailors, who are believed to have brought the dread disease here, after being taken, disappeared and their whereabouts are unknown. The cholera victim was Mrs. Tammasina Mastrodonico, who died at the Detention Hospital.

MERRY WIDOW AND HOBBLE SKIRT CAUSE TROUBLE

(Canadian Press) Woodstock, Ont., July 24—Police were compelled to afford protection to two young ladies during the progress of a band concert. One of the young women wore a merry widow hat of remarkable size, with veil. Her companion wore a red velvet hobble skirt of unusual skimpiness. They attracted attention from everyone.

A crowd of young fellows surrounded them, yelling and hooting, and the police had to fight their way through the two frightened girls. The thoroughly distracted objects of the demonstration were hustled and jostled, and when the police mounted guard they were followed down the street by a yelling crowd of several hundred.

MANY DEATHS FROM HEAT IN THE CITY OF PARIS

Paris, July 24—Paris is sweltering in the worst heat wave in the last quarter of a century, which is made more severe by the phenomenal drought, not a drop of rain having fallen for a month past. The thermometer has risen steadily for the past eight days from 86 to 97, the latter figure being attained yesterday.

All indications point to a continuance of the heat for several days at least, and to add to the suffering of the people there has been a partial breakdown in the water system. Many deaths occurred due to the heat yesterday, the daily average being six until Saturday when eleven were reported.

POPE PIUS SUFFERING FROM SLIGHT SORE THROAT

Rome, July 24—Pope Pius has taken cold and is suffering from a sore throat as well as experiencing the inconvenience of hoarseness. Dr. Ettore Marchisiani consulting physician to his Holiness, visited the latter today in company with Dr. Pezzetti, the Pontiff's private physician. They found that the patient had a slight temperature and ordered his audiences for the present be abandoned. It is believed that the Pope will be restored after a few days rest.

THE PRIZE RING

Chego, July 24—Ad Wolgast has posed a forfeit of \$1,000 to bind the ten round bout with Pacey McFarland, scheduled to take place in Milwaukee September 17.

McFarland's manager will go to Milwaukee to have a look at the fight. It is said that all obstacles in the way of a meeting between the two lightweights have been removed.
