## ADVENTURES OF THE TWINS

By Olive Roberts Barton

### A TRIP TO JAPAN.

They could see a tiny Japanese maiden. "Tira loo, tira loo, tira loo!" called Johnny Jump Up softly. "Wake up, Nancy and Nick, and come and get your magic shoes. We are going on another adventure."

"Where to?" asked Nick excitedly, hopping out of bed and starting to put on his clothes.

"You'll find out, you'll find out, you'll find out!" sang Johnny Jump Up, dancing about on the window-sill in the moonlight.

Nancy was dressed first, and put on the tiny shoes the fairy handed her. But Nick was only a second behind her, so eager was he to be off.

"And, oh, how tiny they became the instant the magic shoes touched their feet. So little that a lightning bug passing by called out, 'Good evening, beetles, how did you get away up here?'

"One, two, three, four, five! In just as long a time as it takes to count that many, they were down the wall and standing in the magic garden where the stiff yellow daffodils stood like fairy lamp-posts, and the blue bells went tinkling.

"Come with me," cried Johnny Jump Up, and bounding over to a cherry tree covered with blossoms, he began to climb toward the branches.

Up went the twins after him.

And there by the light of the moon they could see a tiny Japanese maiden no bigger than a humming bird.

She had on a little straight dress of bright silk, embroidered in colored flowers, and a wide sash that tied in a big bow behind. Her black hair was piled up high on her head and carried a paper parasol.

"Oh, are you a fairy?" cried Nancy.

"Yes," nodded the tiny maiden, "a Japanese fairy from far Japan. It is a lovely place on the other side of the world and that is where Johnny Jump Up is going to take you tonight."

"All right, if you say so," said Johnny Jump Up, turning a somersault. "Have you seen the titmouse anywhere? We can't go unless he takes us."

"Oh, I'm here," called a sleepy voice.

## BAD BLOOD PIMPLES AND BOILS

Banished By Burdock Blood Bitters

Miss Irene A. Matthews, Stayer, Ont., writes: "I thought I would write and tell you of the experience and benefit I have derived from Burdock Blood Bitters."

"Some few months ago I was troubled with bad blood which broke out on my face in the nature of pimples, boils and ring-worm, and I got so bad I really did not know what to do."

"I was ashamed to go anywhere, and the itching and burning caused such a terrible sensation I could get no relief day or night."

"One day a friend advised me to use Burdock Blood Bitters. I used one bottle and felt quite a relief, and by the time I had taken 3 bottles I was completely relieved."

"I cannot praise B.B.B. enough and I hope anyone afflicted like I was will get the same benefit I received."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## THE OLD HOME TOWN

By STANLEY

Buckley, boys' work secretary for Canada, will be at the camp for one week yesterday afternoon for a slight fire in a clothes closet in a flat occupied by John McMillan, 315 Prince Edward street. Mrs. McMillan, who discovered the fire could give no reason for its origin. The building was not damaged and only some clothing was destroyed.

The longest ski slide in the world was opened recently in Sweden. It is 60 miles long.

## FABLES ON HEALTH

## What are Vitamines

Mr. Mann of Anytown read in the papers that a professor at Columbia University had succeeded in isolating a vitamin.

"What's all this vitamin stuff?" inquired Mr. Mann, who thought of isolation in terms of living in the woods. Never has there been a healthier interest in the vitamin subject and there are any number of people who, like Mr. Mann, had no idea what vitamins are all about.

The three best known vitamins have been named alphabetically A, B and C.

Vitamin A is to be found in abundance in butter, cream, unskimmed milk, young sprouting leafy vegetables, such as parsley or lettuce and in egg yolks. It is found in small quantities in many

## OAK POINT IS SITE OF Y.M.C.A. CAMP

The Y. M. C. A. annual summer camp for boys is to be held at Oak Point this year from July 15 to July 29. It will be the first time that the camp has been held at that site and it is evidently a popular one for the number of applications already received from boys wishing to attend camp is much larger than was the case at a corresponding time when the camp was held in Chipman. Oak Point is easier of access and the charges are lower, both facts which tend to make the new site more popular. The camp is for the boys of the St. John and Moncton Y. M. C. A.s, primarily but is open to boys of 12 years and older who wish to go. The programme for the camp is a very attractive one, including athletics, aquatics and games of all kinds and the religious touch also. A. M. Gregg is to be in charge of the camp and will be assisted by C. M. Cline, boys' work secretary, St. John, and Maynard McLean, physical director of the Moncton Y. M. C. A. L. A.

"Worth \$100 to Me Relieved Eczema and Piles"

Mrs. Peter A. Palmer, Saltham, Sask., writes: "Dr. Chase's Ointment has completely relieved me of eczema and piles. I also used this Ointment for my baby, who broke out in eczema. A few applications were all that was necessary in her case. Dr. Chase's Ointment has been worth a hundred dollars to me, before using it I had spent a great deal more than that in unsuccessful treatment from doctors. We have also used Dr. Chase's other medicines, the Nerve Food has restored my health after suffering from severe nerve trouble when a girl."

## CONSTIPATION CAUSE OF MANY AILMENTS

Mrs. MacHenry, of 3,198 St. Dominique St., Montreal, Knew All the Miseries That Follow Chronic Constipation—Methods and Medicines All in Vain Till Dreco Came to Help Her.

How much suffering can we not trace directly to constipation? This unhealthy condition causes impurities to remain in the system, to contaminate the blood and bring weakness and suffering to practically every organ. Stomach trouble of all kinds, indigestion, dyspepsia, gastritis; liver and kidney troubles; biliousness, dizziness, rheumatic pains and aches; in fact, almost every form of human illness gets its start with constipation. Relieve this condition and health returns. Dreco, the famous herbal remedy, not only gives prompt relief from constipation, but tones and regulates all the affected organs as well, as Mrs. MacHenry proved.

"I was chronically constipated," says Mrs. MacHenry, "and suffered untold misery from stomach, liver and kidney troubles, biliousness, dyspepsia, gastritis and rheumatism. No medicine seemed able to move me and I kept getting worse and worse every day."

"Finally, I took Dreco, which not only relieved my constipation, but is rapidly restoring my general health and strength as well."

Dreco is made from herbs, roots, bark and leaves and contains no mercury, potash or habit forming drugs.

Dreco is being specially introduced in St. John by Ross Drug Co., 100 King Street, Moore's Drug Store, 105 Prince Edward Street, F. W. Munro, 357 Main Street, and in West St. John by Watson R. Dunlop. It is also sold in Fairville by T. H. Wilson, and by a good druggist everywhere.
