U. S. BATTLESHIPS AT YOKOHAMA

Vast Crowds Throng City—Admiral Perry Goes to Tokio.

Yokohama, Oct. 19.—The United States battleship fleet dropped anchor in the harbor at 9:30 o'clock yesterday morning. Owing to a fog that hung heavy over the bay, there was some delay in the fleet's arrival. At 8:45 a. m. the guns from one of the sixteen Japanese battleships boomed a salute as the tender Yanikon which was slightly in the lead of the American fleet, appeared dimly through the fog, which soon lifted a little, allowing a full view of the fleet approaching its anchorage ground. It was in the gray hours before dawn yesterday morning when the levantine chimneys of America's great white battleship fleet were dimly discerned manoeuvring the entrance to Tokio Bay, while sixteen warships, the pride of Japan, in sombre colors, swung at their anchor buoys outside of the breakerwater encircled by low purple hills. Already Yokohama was awake, and the streets were crowded, excited people streaming in from the surrounding country, a-foot, in rickshaw, or in carriages, making their way to the waterfront and to the hills overlooking the bay, to get their first glimpse of the fleet.

From thousands of flagstaffs and buildings at every point in the big city floated the stars and stripes, and the entire lengths of miles of streets were almost veiled with intertwined American and Japanese emblems. The bay itself was fairly aflame with bunting, where tugs and steamers, gaily decorated with streamers and pennants, lined the wharves awaiting thousands of excursionists who were going out to meet the fleet. Every vernacular newspaper in Yokohama and Tokio printed special illustrated editions yesterday morning, containing enthusiastic articles with references to the coming of the American fleet. The entire circulation of these newspapers probably will reach one million. In Tokio.

FORMAL OPENING OF TABERNACLE CHURCH

New Baptist Edifice Has Been Built by Gratuitous Labor.

(From Monday's Daily.)

The Tabernacle Baptist Church edifice was opened for Divine worship yesterday with appropriate ceremony. Rev. Dr. Campbell, of the First Presbyterian church, preached an able sermon to a good congregation upon the Divine ministry to the prophet Elijah, drawing lessons suitable to the occasion from the earthquake, the fire and the still small voice. The dedicatory prayer was offered by the pastor, Rev. F. T. Tappan.

Before announcing the offering, the pastor made a statement as to the construction and cost of the building. In several respects it was shown to be an unique structure. There has been no canvass or personal solicitation through the membership or outside of it. The entire construction has been done by gratuitous labor, almost exclusively by members of the congregation. This includes plans, carpentering, brick work, electric fixtures, painting, plumbing, etc. An account was kept of each man's time and the value of the labor thus performed amounted to \$148.60. The cash receipts amounted to \$237.70. Considerable work yet remains to be done and some \$175 in addition to \$70 of unpaid subscriptions was necessary to complete the structure. It was only five weeks from the time the project was first mooted before the place was ready for occupancy. The congregation are planning to celebrate the completion of the work by a banquet on the evening of Thanksgiving Day, at which the craftsmen will be the guests of honor.

In the evening the pastor preached. The really efficient choir rendered delightful service. When the tellers announced a total offering for the day of \$138.20 the congregation voiced its gratitude in singing "Praise God From Whom All Blessings Flow."

The interior of the edifice is most pleasing. The work reflects great credit on the workmen. The room is arranged and furnished as a schoolroom for members of the congregation. This includes plans, carpentering, brick work, electric fixtures, painting, plumbing, etc. An account was kept of each man's time and the value of the labor thus performed amounted to \$148.60. The cash receipts amounted to \$237.70. Considerable work yet remains to be done and some \$175 in addition to \$70 of unpaid subscriptions was necessary to complete the structure. CANADA'S CREDIT HIGH IN OLD LAND

Loan for \$25,000,000 at 3 1-2 Per Cent. is Floated at Par.

London, Oct. 19.—The endorsement of Canada's financial position by Great Britain is made evident in the congratulations extended to the Dominion government upon the ability and foresight of its financial advisers in bringing out a \$25,000,000 3 1/2 per cent. loan at par. Considering the surfeited condition of the gilt-edged market, this is an achievement no country in the world except England and France could have rivalled. To arrange such a considerable loan at the precise psychic moment shows a surprising knowledge of international affairs, and one most gratifying to Canada's well-wishers here.

CHANCES OF WAR ARE LESSENING

PEACEFUL SETTLEMENT HOPE FOR IN NEAR EAST

Bulgaria Now Willing to Negotiate for Purchase of Oriental Railroad.

London, Oct. 19.—The cloud which lowered over the far eastern situation on Saturday has been dispersed, leaving a more hopeful prospect for the preservation of peace. Official denials of the mobilization rumors from both Turkey and Bulgaria are held to indicate the success of the diplomatic efforts of the western powers in Constantinople and Sofia towards the settlement of a difficult problem and although it becomes daily more clear that the agreement entered into by Sir Edward Grey, the British foreign secretary, and Mr. Iswolsky, the Russian foreign minister, concerning the proposed conference of the powers is not acceptable to Austria or Turkey, and that prolonged and delicate negotiations must proceed the assembling of the conference, the belief in the best informed quarters still is that peace will be unbroken.

A despatch from Sofia to the Times says that it is understood that Bulgaria is willing to negotiate for the purchase of the Oriental railroad, either with Turkey or with the company for a sum to cover the company's rights and Turkish proprietary rights. This sum, it is stated, will be divided between the company and Turkey in the proportion of 55 and 45 per cent respectively as is now the case with the receipts of the railroad exceeding certain guaranteed amounts.

ENTHUSIASM IN LIBERAL CAMP

SPLENDID AUDIENCE GREET'S HON. TEMPLEMAN

Minister Speaks in Support of W. W. B. McInnes—Tells of Party Progress.

Vancouver, Oct. 19.—The central Liberal committee rooms were crowded to the doors on Saturday night to hear the Hon. William Templeman and W. W. B. McInnes on the live issues of the present campaign. The gathering was most enthusiastic, and both speakers were the recipients of ovations.

Mr. Templeman, who was enthusiastically cheered when rising to speak, said that there were two privileges which he appreciated in addressing a Vancouver audience. The first was the privilege of appearing in support of Sir Wilfrid Laurier, and the second in favor of the Liberal candidate, W. W. B. McInnes. He had not had a single meeting in Victoria as large as the one he was now addressing.

Mr. Templeman went on to point out that the Laurier government had carried out every pledge made in 1893 and in 1896, except that of Senate reform. "The Liberal party," he said, "had so reduced the tariff during its regime that British Columbia had paid \$500,000 less into the treasury than under the old tariff, and Canada \$50,000,000 less. Under the Liberals prosperity had been restored to Canada. The government had increased the revenue of the Dominion by many millions. This money had been expended on public works. The Conservative press was charging the government with extravagance. No charge had been made at home. This press had only dealt in glittering generalities, and had never ventured to go into any details of the charges made."

"Had the opening of the West been a piece of extravagance? The vast of immigration brought into the country during the past four years had been subsidised to any amount by any government during former years. These had only cost the government \$4 a head, and the benefits to British Columbia owing to increased markets for fruit and other produce would be as great as those in the Northwest."

Continuing, Mr. Templeman spoke of the inauguration of the Grand Trunk Pacific scheme by the Laurier government. The line would be completed by 1912. The attitude of Mr. Borden and his government towards this scheme had always been one of hostility. It was a scheme that the West wanted, and whether the road cost \$13,000,000 or \$20,000,000, that was not the assistance of the contract. The West did not want a policy of parsimony. Vancouver, for instance, wanted a progressive government, and would never object to the expending of large sums of money so long as these were wisely expended in the expansion of the fisheries in British Columbia under the Liberals. He also spoke of the life-saving appliances on Vancouver Island.

"Our expenditures," said Mr. Templeman in conclusion, "need no apology, and we hope as members of the Liberal government that you will return Mr. McInnes on the 26th. Mr. McInnes, who was accorded an enthusiastic welcome, renewed his attack on the Conservative candidate, Mr. Cowan, reaffirming his former statements that he (Mr. Cowan) was at present a large employer of Japanese labor. He appealed to his hearers for a thorough canvass of the local situation, and exhorted them to steady application to the work of the party until the elections were over."
