CLONDYKE NEWS BY THE HUMBOLDT

The Steamer Eliza Anderson Detained at Dutch Harbor by the Revenue Officers.

Prightened Passengers Abandon the Old Hulk-Old-Timers Alarmed at the Situation.

Seattle, Sept. 13.-The fate of the Eliza Anderson is known. Instead of being a total wreck, as was at first reported, she is lying at Dutch Harbor, and is under orders from the admiral of the northern revenue squadron not to proceed further. The full story of her rough passage was learned this morning from W. B. Price, of Danville, Ill., who was one of her passengers, and who returned on the Humboldt, which arrived in this city this morning. Mr.

Price said:

"The trip was one series of mishaps. Nothing serious occurred until we left Dixon's Entrance with the intention of making a straight cut for Dutch Harbor. The third day out from Dixon Entrance bad weather came on. The wind blew terrifically. The waves would lift the guard up and leap in under it. During the first night, after the storm began, the rudder chain broke five times. Of course, after this broke there was no controlling the boat. Every minute it seemed that it would go over. The passengers were thrown out of their bunks and it was impossible to stay in bed, back on The crew was insufficient to man the Bryant and Politkofsky, broke loose, and the captain of the Holyoke turned about with the other two boats in tow and picked up the Merwin. Of course

of our sight. The next place we reached was St. Paul, on Kadiak Island. We should have taken on coal enough there to get to Dutch Harbor, but could not get it. After leaving St. Paul the sea was heavy and we were forced to cruise We got within 160 miles of Dutch Harbor when the coal gave out. We were rigging a small boat to send out for relief, when we sighted a small fishing smack with one man in it. He told us we could reach an abandoned cannery about twenty miles distant, where coal had been lying for five or six passengers worked in a drizzling rain to Cantain Cooper, of the northern revenue land supplies along for him to go below deck, but immedi- in that direction now. The first strike ately upon seeing that we had an in- was made in April." sufficient number of lifeboats he gave the order to tie up there. The passen- went up on the Humboldt who decided gers of the Anderson, with the excep- to return and make the trip again from \$1,000 to charter the schooner Bara- C. A. Posey of Oakland, Cal., and J. E. noff to take the passengers from there Williams, of San Francisco. The comto St. Michaels. The conditions on the plete passenger list is as follows: trip from Dixon Entrance to Dutch Harbor cannot be pictured too vividly. When that rudder chain broke and continued to break every time it was repaired, we thought that our last hour on earth had come. We were disappointed so many times in getting coal that I never believed that we would reach Dutch Harbor alive. Another serious annoyance of the voyage was the at Dawson, impurity of the water. It was black, foul-tasting and bad-smelling. There was certainly something the matter with the water tanks that gave it its color, taste and smell. It was said that the captain of the Anderson chipped in \$500 to assist in chartering the Baranoff,

The prospect at St. Michaels now is not an inviting one. While starvation the Excelsior went aground in ten feet is not threatening its residents, there of water in Bering Sea, seventy miles is the prospect of a cold and cheerless from land. The passengers moved sevspent on the beach, camped in tents and rude huts, waiting wearily for the welcome spring to come in order that the Argonauts may reach the land of promise. It is a safe assertion that On the second day they tried to beach from now on no river boats will start her, and on the third succeeded. from St. Michaels for Dawson. The barges belonging to Mayor Wood and and on the fifth put on a new one. On his company may reach Dawson City the sixth she sailed via Unga for Dutch this winter from St. Michaels and they harbor, where we took the Humboldt for may not. They will be the last to at Seattle. tempt to make the trip.

but I doubt it, although I have no defin-

ite knowledge on the subject.'

When the Alaska Commercial Company's steamer National City reached St. Michaels on her last trip she had a big crowd aboard who were confronted with the fact that there was insufficient space on the river steamers of the company to accommodate all of them, so a portion of the passengers paid the remainder \$50 each to relinquish their claim to passage on the river boat that When this offer was accepted the river steamer pulled out and left the fellows who had sold out camped on the

From passengers on the down-trip of the Humboldt it was learned that the company which owned the schooner South Coast has no river boats, and those who took pasage in her from San Francisco trusted to luck and a kind providence to get them from St. Michaels to Dawson. As is usual in such cases, where men underestimate hard-ships and difficulties which they are about to encounter, the South Coast's passengers failed to secure passage from St. Michaels to Dawson, and they, in company with the remaining portion of

the National City's passengers, are campdayor W. D. Wood, received two letted on the beach at the former place. The Humboldt people are also among The first one was written on Bering Seathe tent dwellers, but they calculate on the afternoon before the Humboldt

have hope to buoy them up.

The prospect for winter at Dawson City is not only uninviting—it is serious. The North American Trading & Transportation Company was compelled to close its stores there because of a lack of supplies. While the supplies which went up on the trip of the Portland previous to the present one will reach them this son are supplied with food sufficient to brought in with them, and have been calculating on purcasing at Dawsen, are facing a serious problem. This class constitutes about one half of the present population of Dawson. While the supplies which the late boats have taken in will last a while at least, they probably will not last all winter. So grim hunger must be met by the hardy miners, and when hunger and humanity meet in conflict, hunger always wins if the battle be a prolonged one.

Mayor Wood's steamer Humboldt was just eleven days from St. Michaels. The trip back was made without incident with the exception of taking on George Scott and W. B. Price, two passengers of the Anderson, at Dutch Harbor. It is rumored that there was considerable trouble on the up voyage between Mayor Wood and his dissatisfied passengers. The first question which a reporter asked Captain Bonifield this morn-

ing was:

boldt?" "The reports which were brought cisco. the Cleveland concerning trouble between Mayor Wood and the pumps, so the passengers took the passengers was grossly exaggerated," pumps in charge. I myself was placed said the Humboldt's master. "Of course in charge of the pumps. I divided the there was some little dissatisfaction. passengers up into squads of four men There always is in a crowd. There was each. Each squad worked two hours. I some talk on the part of the passengers also did the sounding, to see how much of compelling the Humboldt to stay at isfy most of the passengers. Many pre-water there was in the hold. We kept St. Michaels until the two river barges diet that the great district of the Yuthis up for forty-eight hours, and during were constructed. But when we reachthis time the boat drifted back 100 ed St. Michaels all this dissatisfaction of the Tanana and Copper River headmiles. F. Atkins, Mrs. A. Clark, J. N. Secretan is returning from the Yukon, coming out to avoid starvation

"We left Dawson," said he, "on July 26, on the steamer P. B. Weare, one of the N. A. T. & T. Co.'s steamers. At nidnight on the 27th the steamer ran on a bar below Circle City. After waiting twenty-seven days, or until Friday, August 13th, we were transferred to the steamer Healey, and arrived at St. Michaels on August 25. day we took the Excelsior to San Fran-On the morning of August 27th enty tons of coal from her hold to light en her and at midnight she floated, having broken two wings of her propeller. She reached Unalaska on September the fourth they took off her propeller

"On the way from Dawson City I have paid three fares. First to the N. A. T. & T. Co., \$150 for passage to Seattle; then \$120 to the Excelsior, and again \$75 to the Humboldt.

"I cannot say too much for the Hum-boldt. It is by far the best equipped

steamer on the route." From members of the crew who are on the Humboldt, the Times learns that the people at St. Michaels are in good spirits. The Humboldt landed its passengers in good shape, and all were satisfied with their trip. As soon as they landed, they went to work building their boat to go up the river. This will take from fifteen to twenty days, and none of them expect to make Dawson this winter, but they will have plenty of provisions. When the ice stops them they

will go ashore and tie up until spring. At St. Michaels are many men who will camp for the winter. Their tents are along the beach. The two transporand there is plenty of provisions. St. Michaels is a bleak and inhospitable

reaching Dawson City this fall, and reached St. Michaels, and the other one have hope to buoy them up. return voyage. The letters are interesting, and show that the Mayor is in excellent spirits and believes fully in his ability to carry out his contract with passengers of the Humboldt. The let-

ters are as follows: BERING SEA, ON HUMBOLDT to the present one will reach them this fall, and also those that went up on the last trip of the C'eveland, still it is a very doubtful proposition whether these supplies will last them all winter or even half of the winter. Especially is this the case when it is remembered that the Alaska Commercial Company is confronted with the same condition of affairs as the other company. True, those who have recently reached Daw. Saturday, August 28, 1897 .- 2 p.m. affairs as the other company. True, heread, and I was designed to get it at those who have recently reached Daw- \$25 and \$35 per thousand. We can get along now if nothing else reaches us. We now have twenty-one tons of coal in who have been there long enough to consume all the food which they have a lighter and for framing the deckhouse of our steamer. Have had too much to do to get up a report yet. Can send one from St. Michaels. to keep passengers smooth on small matters, but it has on the whole been the

hickiest voyage on record. I am in excellent spirits over the outlook, and have my hands full all the Capt. Bonnifield has been very

Police—The Number of Idle Men Increasing.

Funerals Pass off Quietly-Incendiary Talk Disclaimed-Sympathy from Canada.

Hazelton, Pa., Sept. 14.—News has been received from the district where the Coxe mines are located that they are infested this morning with bands of marchers. No word has yet come from cavalry troops sent to the scene this morning.

Audenried miners refuse to return to work to-day.

The Stockton men went out, and the indications are that the whole district will be idle within a few days. To a great extent the strikers have been restrained from open violence by the priests, whose influence prevails to a remarkable degree.

The priests, however, have no plea of blacksmiths, engineers, etc. I can go mercy for the deputies who shot the on with a firm policy, and have practi- men at Latimer, and some of them are active members of the committee push the murder charges in court, TO AID THE STRIKERS.

Pueblo, Col., Sept. 14.—Collections will be taken up in all the churches in Pueblo next Sunday evening for the benefit of the destitute coal miners and their families in the eastern states. Such a course was adopted at a meeting to-day of the clergymen of this city at the suggestion of the Pueblo Central Trades and Labor Union, which has been very active work for the miners' relief.

AUSTRIA AWAITS NEWS. London, Sept. 14 .- A dispatch to the Daily Mail from Vienna says that the Austrian government is awaiting more extended reports as to the conflicts between the authorities and the striking miners at Hazelton, and has not yet taker action with regard to the mas-

The matter is certain

cussions in future." To excuse itself for thus heartle turning "Queen's evidence" in the l of need of its "pals" and its patr the junior champion perpetrates the lowing: "The World for the last e years has contended for a more table system of redistribution in the vincial assembly than now preva Yes, by working tooth and nail, by means as well as fair, to assist in k ing in power the combination which and has been responsible for inaugu ing and perpetuating the inequit system of representation which World now admits is neither "a fair

be an important factor in political

a just one." It is distinctly rough on the be and disgraced chief champion and now defenceless government to have doughty junior thus go back on th but, as the said junior champion played traitor to the people all along this matter, it will get no credit for to ing traitor now to its comrades patrons.-Columbian.

DEEPLY TO BE LAMENTED We fear that no language at our c mand will adequately convey the reand sympathy we feel at the situation which the Colonist-according to its pathetic statement-finds itself at present time. We feel that no w we could use could describe the matter perfectly as those in which our Vict contemporary depicts its deplorable dition, and, therefore, we give its ar

in full in another column. We need not say that it was the thest thing from our intention to anything which would—in the mind the most sensitive or delicately articular ed person-hold up our respected venerable contemporary "to scorn contempt." Its own articles are sin sufficient to do that, and we never tended to pen a word which would centuate or make more clear what i have been apparent to anyone who nothing better to do than to read singular effusions which, by courtesy, supposed to be sober discussions of

incial politics. And now comes a possibility which really alarming. Will our giving Colonist's last article the advantage the extended publication through our umns not be liable to "hold it up nore scorn and contempt?" Really, matter is most perplexing, and it seldom been our lot to have to deci more difficult and complicated ques we do not republish the Colon article, we cannot do that justice the which it deserves. If we do relish it, it is inevitable that the Cold will be "held up to scorn and conter is exhibiting an ignorance, not on the history of political events in the nce during the last eight years, but of being extremely unaware of the ernment's intentions during the nonths which will elapse before the eneral elections. Even the only ewspaper in the province which Ports the government realizes the
