ACADIA VS. U. N. B.
FREDERICTON, Oct. 24.—The Acadia football team arrived on this evening's train and tomorrow afternoon will meet the University fifteen in the first inter-collegiate game for the Richardson trophy. The team was accompanied by a number of friends. There is much interest being taken in the contest; an early defeat of the champions would be a great success.

This is the first game of the regular inter-collegiate series, as St. Joseph's are not in the league. Much will depend on today's game as to which team of the three colleges will carry off the championship this year.

The Acadia team arrived in the city on the Rupert yesterday afternoon and proceeded to Fredericton last evening. Acadia are said to be strong. They played a game with Truro on Thanksgiving day. The U. N. B. team have played two games so far this season and have won both. Both teams have quite a number of new players and the game will doubtless be a hard fought and close contest.

The teams will line up as follows:

Exeter scored one touchdown in each half, the second being a result of a 70-yard run by Vaughn, who figured prominently in the game throughout. Exeter punted frequently, but very little of the on-side variety was used.

were making themselves obnoxious at the foot of Charlotte street were reported to the police station by the watchman at Haley Bros. & Co.'s mill last night. He complained that they were throwing lumber about and placing obstructions on the sidewalk to trip pedestrians. Officer Crawford went to the scene of the trouble but found that the wicked had ceased from troubling and the neighborhood was at rest.

The rummage sale in connection with the Free Kindergarten was begun at the Queen's rink yesterday afternoon and is proving a great success. The goods on hand were sold early and those in charge are desirous of further contributions of clothing, particularly men's trousers, shoes, coats under-
wear and any clothing suitable for winter. Those desiring to provide clothing please ring up telephone 1400 and the goods will be called for.

James Clark, who lives at 34 Metcalf street, met with a very painful accident on Metcalf street yesterday. Mr. Clark was hauling wood from Hill-
yard's mill with his team and fell off a load of wood, cutting his head and face badly. Dr. Roberts was summoned and found an incised wound over each ear, a cut on the scalp and a severe lacerated wound on the left cheek. Dr. Roberts dressed the in-
juries temporarily and had the man conveyed to his home. Last evening Dr. Roberts stitched the wounds and reported that the man was resting quite comfortably.

No action was taken at Waterloo Street Baptist Church last night at the meeting called to take steps to secure a pastor. Owing to the small attendance it was decided to hold the matter over until next Wednesday. At present there is some doubt as to what course the congregation will take. At the time the proposition for union with Brussels street church was rejected it was thought that these facts would plan might withdraw their support to such an extent that it would be difficult to carry on the church. Until this position is heard from it will be impossible to tell what action will be taken. A number of members of the congregation are in favor of calling Rev. Harry Ferguson of St. Mary's, and in the event of a pastor being selected, it is particularly certain that he will be the man chosen.

F. Maclure Scandlers will leave here on Saturday next, 27th inst., for a tour throughout the principal centres and meet with growing success in the purchase of lands and city lots. In addition, he takes with him a number of commissions for private investors. He will probably be away for six weeks and will be glad to place his services and experience at the disposal of any local investors if they will be good enough to communicate with him at his office, Ritchie building, 10 Princess street, before Saturday. Mr. Scandlers would especially emphasize that he is purely a broker, buying and selling upon the recognized, legitimate brokerage. He is bound to no one company, but has the run of the real estate market and is regularly receiving offerings from the largest and most reliable concerns in the West. In this position he is able to select for his clientele only the likeliest things. His record today is that without exception, he has done well for all who have placed their interests in his hands.

DALLAS, Texas, Oct. 24.—At a banquet given tonight by the citizens of Dallas to the Texas legislature, U. S. Senator Charles A. The cheering throughout his remark was general, amounting to a demonstration.

A SIMPLE DRESS FOR MORNING.
4104.—The practical mother is always on the lookout for designs which are simple enough for every day dresses for she appreciates not only their increased wearing qualities but their simplicity. The small child who wears white dresses suits one day and this means no small amount of laundering which is a point to be considered. The dress sketched is just the thing for such wear as this being suitable to any of the washing fabrics, albatross or cashmere. The tiny yoke relieves it from absolute plainness and might be trimmed with feather stitching, a narrow embroidered insertion or washable braid. For a child of 2 years only 2 yards of 36-inch material are needed.
4104—7 sizes. 1½ to 6 years.
