MONCTON, April 6.-B. B. Blizard. the confimercial traveller, formerly representing J. & J. Taylor, safe manufacturer of Tononto, is in considerable request just now. The sevrance of the commercial ties that ound Blizard with the safe making firm was not generally known down this way, and as he had made several trips down this way and was quite well known to the business public he had no difficulty in getting a number of drafts on "the house" endorsed and cashed. One hundred dollars even money was his favorite figure, and he is already known to have worked parties in Amherst, Dorchester, Monc-ton and Campbellton, with other places to hear from. Of course the drafts came back with the explana-tion that Blizard was not in the firm's employ and had no authority to draw, but Blizard had made his exit, and his whereabout is now unknown. The opening of navigation between Shediac and Summerside will be at least a fortnight later than usual this year. The ice is still very firm at Shedlac, and there are no indications of clear water for some time to come. The music event of the season was undoubtedly the sacred concert in the Presbyterian church last evening, and the aurience was large, select and appreciative. The principal part of the programme was the beautiful oratorio. The Death of Jairus, by Stainer in which the soloists were L. W. Titus, the blind tenor, and G. S. Mayes, basso, of St. John, Miss Marie Jahn Lyman, formerly of Boston, but for some time resident in Moncton, scprano. The organist was Miss Jean Robinson and the pianist Miss Sadie Borden, and the musical director F. H. Elair, who was highly complimented on the success of the event. The chorus was large, and embraced many of the best voices in Moncton. Before the oratorio a short programm was given, Mr. Mayes being heard to good advantage in the aria from Elijah, while Mr. Titus' rendition of Star of Bethlehem was soul stirring and evoked hearty applause. Mr. Titus and Mr. Mayes were also heard in a trio, Hear Ye, from Verdi's Atilla, and Mr. Lyman and his sister, Mrs. H. Arthur Peters, gave a duct, The Lord is My Shepherd. Next Friday evening there will be a recital in the Contral Methodist church, when the handsome new pipe organ just erected will be heard for the first time. Prof. J. S. FREDERICTON, April 9 .- The uniersity senate, which has been in session for the past several days, completed its work last evening: The various reports submitted by the pro-fessors of the university were of a satisfactory nature, and showed the institution to be in a flourishing condition. Chancellor Harrison reported having already reserved a large number of applications for admiss ton to the college, and expected that the freshman class of next term would num ber over one hundred'students. The board of health are daily re-

ceiving applications for the position of health inspector, made vacant by the resignation of Mr. Farrell. Many of the citizens are agitating to have the offices of road master and health inspector combined, and the proposal seems to meet with general favor. T. Connor, who has carried on a dry goods business in this city for many years, has been compelled through ill health to retire from Jusiness. Miss Edna Guthrie and Frank Mills both of Oromocto, were united in marriage in this city yesterday afternoon by Rev. F. C. Hartley.
