'You may have heard the story of how Commodore Vanderbilt issued a pass to a codid man, 'seid the general passenger egent of a Western road as he fingered gingerly a deintily tinted piece of paper.

No P Well, an early country acquaintance of the old Commodore, whom he had for he became a milliot aite was in New York one dry, and thought he would pay his friend a visit. He pre sented bin sell in the office of the President of the New York Central and was vary kindly received. After the conversation had proceeded for a while in a friendly way the Commodore semarked:

"Is there any " in I can do for you? Is there sny basen s in ye going up to Albany, and I wanted to see it you would give me a pass.'

. The Commodore's manner changed in stantly, and he was at once a strict man of business, looking at the request from purely business standpoint.

'On what do you base your request for a pass ? he asked. Have you rendered the road any service, or is it indebted to you

· No, replied the man, it does not owe me any ling. I have not had any dealings with it.

. Then why do you ask a pass ?

" Well, as I told you, I am going to Al. bany, and I don't want to pay for the trip if I can ride free It just occurred to me that you might forcish me transportation I asked you, and so I asked.

THEN LIVE BY CRIME.

Not less than 100,000 of the good citizens of this broad land live by crimes which they do not commit. Although long the law-abiding and often most espected citizens of their several communities, they are supported entirely by effenc s against the law and against right. Their 'iv ng depends on the energies of 250,000 other persons who commit the fiences. Nere these 250,000 suddenly

That is Scrofula. No disease is older. No disease is really responsible for a larger mortality.

Consumption is commonly its outgrowth. There is no excuse for neglecting it, it nakes its presence known by so many signs, such as glandular tumors, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting and general debility. Children of J. W. McGinn, Woodstock

Ont., had scrofula sores so bad they could not attend school for three months. When different kinds of medicines had been used to no purpose whatever, these sufferers were cured, according to Mr. McGinn's voluntary testimonial, by

Hood's Sarsaparilla which has effected the most wonderful, radical and permanent cures of scrofula in old and young.

ductiveness.

Diseases are to the body what weeds are to the soil. They divert the nutrition which is necessary to sound health, and the body, instead of being strong and hardy, drags out a sickly existence. When the stomach is diseased, and the other organs of digestion and nutrition are involved with it, there is a constant loss of nutrition by the body. The stomache and its allied organs are not able to convert the foods into nourishment, and hence the body and its several organs are deprived of the necessary elements of vitality. What is known as "weak" heart or "weak" lungs, "weak" nerves and other for us of so-called weakness, are generally caused by "weak" stomach. When the stomach and the other organs of digestion and nutrition are cured, then the other diseases are cured with it. Diseases which are caused by a diseased condition of the stomach. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and its associated organs of digestion and nutrition. It cures through the stomach diseases of heart, lungs, liver and other organs. It increases the activity of the blood-making glands, so that the whole body is nourished by an abundant supply of pure blood, rich in the bright red corpuscles of health.

Suffered for Years,

"My gratitude to you and your 'Golden Medical Discovery' is so great," writes Mr. Ross Martin, of Arlee, Mason Co. West Virginia, "that I am at a loss to find words to express my true feeling. I had suffered for a number of years with lung and throat troubles, and doctored with specialists, but got no better. Then I decided to try Dr. Pierce's Golden Medical Discovery, and after using it I was greatly relieved. I have all faith that it has saved my life.
"I have one of your medical books and think it a grand work."

Torpid Liver Cured.

"I was a sufferer from torpid liver for over a year." writes Mrs. Nora Willis, of Wheatfield, Jasper Co., Ind., "and could not sleep, nor eat but very little, and then it would cause me great distress. I tried several doctors but got no relief. Was advised by a friend to write to Dr. Pierce, which I did, and in a few days I received a letter advising me to take his 'Golden Medical Discovery' and also his 'Pleasant Pelletas,' After I had taken only half a bottle I was greatly improved. I only took three bottles of the 'Golden Medical Discovery' and two vials of the 'Pellets,' and, thanks to Dr. Pierce and his wonderful medicine, I am as well as ever in my life, and feet that life is worth living after all. "Last winter I took a severe cold which resulted in pleurisy. Tongue can not tell what I suffered. For two nights and two days I could not move without it nearly killed me. I told my husband I could not endure another night of suffering. The weather was so cold and stormy that it was almost too bad for any one to go six miles to town, but he went, and got a bottle of Dr. Pierce's Extract of Smart-Weed, which gave me instant relief. I can say that for all pains that I have tried it for it has worked like magic. We keep a bottle of the 'Smart-Weed, which gave me instant relief. Constipation has almost countless consequences. Dr. Pierce's Pleasant Pellets cure constipation and cure its consequences. They should always be used with "Golden Medical Discovery," when the use of a laxative is indicated.
