BRITAIN'S GREAT STRIKE SETTLED

Continued from page one.
4. Steps are to be taken forthwith toward a settlement of questions now in dispute between companies and all classes of their employees not included within the conciliation scheme of 1907 by means of conferences between representatives of companies and representatives of employees who themselves are employed by the same companies, and failing of an agreement by arbitration they are to be arranged mutually or by the Board of Trade. The above is to be a temporary arrangement pending a report of the commission as to the best means for settling disputes.

5. Both parties are to give every assistance to the special commission of inquiry, the mediator appointment of which the government has announced.

6. Any questions which may arise as to the interpretation of this agreement are to be referred to the Board of Trade. The agreement was signed by all present at the conference. The special commission will consist of five members, including representatives of the employers and workmen in equal numbers and an impartial chairman. The names of the commission will be announced next Tuesday and the commission will immediately proceed with its inquiry.

Assurance has been given by both parties to the agreement that they will accept the findings of the commission. It is proposed to amend the existing legislation providing that an increase in the cost of labor due to improvement of conditions of the railways will be valid justification for reasonable increase in charges within the legal maximum.

Rioting in Wales.—Llanelli, Wales, Aug. 19.—Rioting continued throughout the night here and three more deaths were added to the two recorded during the afternoon, while many persons were injured. These casualties resulted from an explosion during a fire started by the rioters in the railway freight sheds.

The local mob was joined tonight by 3,000 tinplate workers from the surrounding districts who were incensed at the shooting of the men by the troops during the afternoon, and although 500 militiamen were guarding the railway line, the mob combined and manoeuvred them, tore up the tracks, looted a troop train and secured a large quantity of ammunition and then burned the cars containing the soldiers' equipment.

Afterwards the rioters marched into the town and broke in the business premises of the Justice of peace who

had read the riot act and then threw his goods into the street. The troops dispersed the rioters, but they returned to the freight sheds and set fire to them there. As the flames were licking up the buildings a series of explosions occurred. The rioters and the firemen put out the blaze. Afterwards while searching the ruins the bodies of three men were found. They had been killed by the explosion.

Both in the streets and at the railway shed the rioters were compelled to make a number of bayonet charges and many persons including women and children were wounded.

BERMUDIANS WON CRICKET MATCH BY 48

An interesting and hotly contested cricket match between a team of Bermudians and a St. John team on Saturday resulted in a win for the Islanders by 48 runs. The game was played on the Barrack Square. The Bermudians in their first innings scored 41, mainly through the aggressive hitting of Young, who was responsible for 30 out of the total. Sturdee and Bogart were the bowlers. St. John's first essay ended for 45, to which Sturdee contributed 18 and "Mr. Extras" 9. Popham carried off the bowling honors with 7 wickets. In their second venture the Bermudians registered 60. H. Smith securing 20, Popham 12 and Young 11. Sturdee and Ingletton led the attack. The St. John team responded with 38, of which Monroe made 13 and Walker, Sturdee 6 each. Popham and Sturdee bowled throughout.

The sides were as follows: Bermudians—H. Young, H. Williams, A. J. Sollows, D. Popham, H. Smith, J. Gibson, R. West, H. Wilkes and A. Campbell. St. Johns—Bogart, Sturdee, Ingletton, Fairweather, Dempster, Monroe, McLean, Eric Walker and Seely.

Special Meeting of the Power Boat Club.

A special meeting of the St. John Power Boat Club will be held this evening in the club rooms, Cedar street, at 8 o'clock. All members are requested to attend.

WHAT WILL HAPPEN IF THE FENCE GOES?

"The prime minister has alluded to the effect of the favored nation treaties. (Laughter.) He has taken them up one by one, and dealt with the imports from those countries at the present time. It is true that up to the present these twelve foreign nations have not very strongly competed with our Canadian producers, although the beginning of a competition is already becoming manifest even under the present duties.

"Let me illustrate the argument of the prime minister. One of our farmers has a splendid field of grain, surrounded by a strong fence. Adjoining it is a pasture, in which are grazing twelve or fifteen hungry steers. The prime minister says to you, 'Have these steers broken in and destroyed your grain?' You answer, 'No.' 'Well, then, he says, it will be perfectly safe to take down the fence. Take it down at once and have no fear of what these cattle will do.'—R. L. Borden in his reply to Sir Wilfrid Laurier, at Simcoe.

RESOLVE LIBERALS FORSAKING THEIR PARTY

Scores of Them Will Vote for Mr. Montgomery on Sept. 21st to Show Their Disapproval of the Reciprocity Project—May Be Four Candidates, One Conservative, Two Liberals and a Nationalist.

Campbellton, Aug. 19.—W. S. Montgomery, the Conservative candidate for Restigouche, returned today from a canvassing and organization tour of the eastern part of the county, and is exceptionally enthusiastic over the outlook. The lions which he visited, he says, are in great trim, and while he had expected to find considerable opposition to reciprocity, he was agreeably surprised to find that VERY MANY LIBERALS HAD LEFT THEIR PARTY BECAUSE THEY WILL NOT STAY FOR RECIPROCIDY AND ANNEXTION MOVEMENT OF THEIR LEADERS, and have thrown in their lot with the Conservatives. One man said to me, said Mr. Montgomery, "I am going to vote for you this time, Mr. Montgomery, and to work for you next time, there is no doubt of that; but remember that once this reciprocity and annexation move in the Liberal party is killed by the clear-headed farmers, fishermen and business men of Canada, I will be a Liberal again. I have been reared in the party, my father, my grandfather and my great-grandfather before me—it is in my blood, BUT WE CANNOT TOLERATE THE SACRIFICE OF ANY PART OF THE BRITISH EMPIRE FOR THE BUILDING UP OF A YANKEE NATION AT THE EXPENSE OF OUR COUNTRY. This fight will result in weeding out the traitorous influences which have at last prevailed within the Liberal party. There is nothing but defeat to be had from elements. Then, after that has been done through the defeat that is now coming, the Liberals will reorganize on a healthier basis. I will be one of them. But this time, this is as much my fight as yours, Mr. Montgomery. WE ARE FIGHTING TOGETHER FOR OUR COUNTRY'S FUTURE, AND THE LOYALTY AND GOOD BUSINESS SENSE OF THIS COUNTRY WILL WIN OUT."

CANADIAN STOCKS WILL GO UP IF RECIPROCIDY IS DEFEATED

Montreal, Aug. 20.—"IF RECIPROCIDY IS DEFEATED, CANADIAN STOCKS WILL GO UP."

SAID RODOLPHE FOREST, M. P., "I LOOK TO SEE A 10 TO 20 POINT RISE IN CANADIAN STOCKS." he said, "we must first see that the farmer is well looked after. If the protection on the grain grows in the hands of the American products, the farm will come in here and swamp him. He needs the protection that he gets from the tariff, and the protection of the country. Prosperity will be certain and hence I look for a 10 to 20 point rise in Canadian stocks if reciprocity is defeated."

With becoming ceremonies, and in the presence of about three hundred and fifty people, the tablet that will henceforth mark the site of the first European settlement in New Brunswick was unveiled at Caton's Island on Saturday afternoon.

Though unfavorable weather conditions prevailed during the earlier part of the afternoon served to deter many who would have gone had the day been fine. The ceremony was marked by great enthusiasm on the part of the spectators. The picturesque scenery of the island made a fitting background for the occasion, and the historic associations recalled by the orators of the day, combined to make the occasion a memorable one to those who were present.

As previously arranged, the party included Mayor Frink and members of the commission, members of the Historical Society and several prominent citizens left Charlottetown shortly after 1 o'clock for the island. The new ferry Governor Carleton conveyed the party to the scene of the unveiling. Though a high wind blew during the ceremony, the helm readily and in general justified all the excellent qualities ascribed to her.

During the sail up river, the party were shown the many beautiful features along the river and historic incidents connected with many of them, were narrated by Dr. Matthew and Rev. Dr. Raymond.

Arrived at the island, considerable difficulty was experienced in landing as the water was rough, but eventually by the majority of the party were landed, and the ceremony of unveiling proceeded with.

The unveiling was preceded by appropriate addresses by His Worship Mayor Frink, Dr. G. U. Hay and Rev. W. O. Raymond.

In a brief address Mayor Frink expressed his appreciation of the Historical Society's work in fittingly marking the spot which was the scene of the first European settlement of the province and their efforts to add to the attractiveness of the river.

The story of Emenic (Caton's) Island, was dealt with in an interesting manner by Rev. Dr. Raymond and Dr. G. U. Hay, who traced the history of the island from the time of its discovery.

Following the addresses the president of the New Brunswick Historical Society, Timothy O'Brien, unveiled the tablet.

James Lowell, M. P. P., in a brief address, then presented the site on which the memorial has been erected. A short time was spent by the party examining the island and the return trip was made. Refreshments were served on board the boat and as the weather had cleared considerably, the trip proved enjoyable. Hearty votes of thanks were passed to the common council for their

BIG MEETING HELD AT GONDOLA POINT

J. E. Wilson, M. P. P., M. W. Doherty and Ald. Potts Addressed Anti Reciprocity Meeting on Saturday Night.

A meeting in the interests of the Conservative party was held in the temperance hall at Gondola Point on Saturday evening. The hall was packed to the doors and the audience was very enthusiastic. Wright Flewelling of Cliff, Kings county was elected chairman, and interesting addresses were delivered by John E. Wilson, M. P. P., M. W. Doherty and Ald. F. L. Potts.

Mr. Wilson was the first speaker. He dealt with the reciprocity issue in an able manner, and referring to his recent trip to the Old Country, said that the great majority of the people there were strongly opposed to the project, and the union of the Empire. He then discussed the effect of the agreement upon the farming interests and judge from the reception given his remarks, evidently satisfied the farmers present that the adoption of the agreement would have a disastrous effect upon them.

Mr. Doherty, who was the next speaker, made an able attack upon the reciprocity pact, buttressing his arguments with convincing facts and figures. He compared conditions in the farming communities of the states with conditions in the provinces, showing that the United States had a large surplus of farm products every year, and that the American farmers received considerably lower prices for their products than the Canadian farmers.

As an illustration of what the reciprocity pact meant, he said that it permitted him of a farmer who owned 50 head of cattle and who when his pasture was exhausted and his cattle getting lean, went to his neighbor who had eight head of fat cattle and allowed the 90 head of hungry cattle access to his rich pasture lands.

Mr. Fortin, the Nationalist candidate, was the last speaker. He said that his forces at work, and while his organization is not yet complete, he claims to be making good progress. He said that he was confident of winning for all three candidates before the poll closes on September 21st. But of this time alone will determine.

There are thousands of investors in this country. Let them do their duty on election day and bury reciprocity so deep that it will never be heard of again."

K. of P. Grand Lodge, Knights of Pythias in this city are considering the possibility of the United States was allowed to let loose its products in Canada, the price of eggs would drop to 10 cents a dozen and other country produce in the same proportion. Reciprocity would freeze out all the farmers in Canada, and stop the development of the west and destroy the Empire.

Canada had opened up an important trade with Great Britain and other countries, and had been reduced from 11 days to 5 or 6 days, and we had been drawn closer to the mother country than ever before. And instead of turning our faces to Washington we should continue in the way we have been going, confident that Canada's true interest lies in strengthening its connection with the Mother Land, and working out its destiny under the flag of the Empire.

The meeting broke up with cheers for the King, Mr. Borden and the Conservative candidate of the riding.

Stand by the Union Jack—the Flag of the clustered crosses and the only Flag that flies over a union of free self-governing nations. Under its folds National Patriotism and Imperial Loyalty are for ever reconciled.

Took the Wrong Medicine. Alexander Burr, a well known commercial man made a mistake Saturday afternoon in taking a dose of medicine in his boarding house on Charlotte street and fears were entertained at one time regarding his recovery. The wrong dose which he took was an acid from a bottle. Mr. Burr was conveyed to the general public hospital about 2 o'clock, and after receiving treatment, was reported to be out of danger. Last night he was reported to be rapidly recovering.

St. John Importers have not as yet experienced any inconvenience from the strikes in Great Britain, though reports from Montreal and other Canadian cities indicate that if the strike is prolonged, there will be a shortage of imported drygoods, and an advance in the prices of dress materials and other fabrics purchased in the Old Country by Canadian wholesalers. A representative of M. R. A. stated last evening that his firm had received practically all their fall supplies from the Old Country. Other local importers reported that most of their fall orders had been filled and that little inconvenience would be felt here if the strikes were not unduly prolonged.

St. John Not Affected. St. John importers have not as yet experienced any inconvenience from the strikes in Great Britain, though reports from Montreal and other Canadian cities indicate that if the strike is prolonged, there will be a shortage of imported drygoods, and an advance in the prices of dress materials and other fabrics purchased in the Old Country by Canadian wholesalers.
