PREPARATIONS FOR WINTER SHIPPING

District Engineer Instructed to Comply with Council's Request to Have Berths Cleaned Up -- Dredging Ordered

An order was received from Ottawa yesterday by J. K. Scammell, district engineer of the public works department, to have the berths at Sand Point cleaned up, as requested by the common council. The big dredge Cynthia, of the Maritime Dredging and Construction Company's plant will be put to work at the berths today. It is expected that the dredging will take ten days or a fortnight as there has been considerable filling in during the past two years. The first winter steamer, the *Athena*, of the Dominion Line, is due here on Monday, Nov. 20. The dredging required to be done is at berths 2, 3, and 4 and it is not anticipated that there will be any difficulty in getting No. 4 ready for the steamer's reception. The berths will be dredged to a depth of 30 feet. Soundings have already been taken by the city. The public works department will have further soundings taken ahead of the dredge and after the work is completed.

CLUB ORGANIZED AT ST. MARTIN'S

Junior Conservatives of Parish Elect Officers for Coming Year - Club Starts with Large Membership.

The Junior Conservatives of St. Martin's met on Tuesday evening last and formed the Junior Liberal-Conservative club of the Parish of St. Martin's. Fenwick D. Brown occupied the chair. The following officers were elected for the ensuing year: Honorary president, Hon. J. D. Hazen, K. C., M. P., Minister of Marine and Fisheries; president, Fenwick D. Brown; vice-president, M. Scholer; secretary, Joseph Mosher; treasurer, W. R. Jonett. A strong executive of five members was elected, and an audit committee of two members were appointed. The club starts with a large membership. Speeches were made by the newly elected officers.

LATE SHIPPING. Sailed. Vineyard Haven, Nov. 9.—Schr. *Albion*, New York, for St. John, N. B. Galway, Nov. 9.—Schr. *Martin*, Edward, St. John, N. B.

ZAM-BUK CURED HIS SORES

Cures also Chapped Hands and Chilblains.

Mr. Charles Hardy, of 558 Home street, Winnipeg, says:—"My eldest son has proved the value of Zam-Buk and would not be without it. He had both ears so badly frozen that we became alarmed for fear they should have to be amputated. His ears were swollen to several times their usual size, and were very much discolored. Large blisters formed and then these burst and painful sores on both ears resulted. The sores matted, scales formed and the boy suffered terribly. The preparations which we at first used were found next to useless, in fact the wounds grew steadily worse, so we then tried Zam-Buk and found a great improvement in one or two applications. "We continued with this herbal balm until the scales and foul matter were cleared away thoroughly and healing began. In a week from first using this excellent balm the lad's ears were almost well, never have known his ears would never be so well had Zam-Buk brought about healing."

Here is but one illustration out of scores how superior Zam-Buk is to other salves. It also cures chapped hands, chilblains, piles, inflammation, sores, eczema, ringworm, scalds, burns, ulcers, abscesses, blood-poison, cuts, burrs, scalds and all skin injuries and diseases. On account of its purity and its herbal composition it is the ideal balm for babies and young children. All druggists and stores at 50c. box or post free from Zam-Buk Co., Toronto, upon receipt of price. Try also Zam-Buk Soap 50c. per tablet.

KING'S COLLEGE, WINDSOR, NOTES

Rugby Game with U. N. B.—Students' Society to Send Delegates to Men's Missionary Convention.

On November 3rd a very interesting game of Rugby was played between the College fifteen and U. N. B. The field was in fairly good condition, but too muddy to allow much fast or open play. At the end of the first half neither team had scored, but in the second U. N. B. rushed the game and scored two tries, the quick success in the middle of the half. Neither of these was converted. Though King's defence was excellent, her men were unable to get away and do any thing in the line of scoring. The tackling of our halves held the score down considerably, but the game ended in a draw. In the evening the visitors were entertained by the students and their friends at an At Home given in the gymnasium.

On November 6th the college team will play Acadia. The Students' Missionary Society has decided to send at least two delegates to the Men's Missionary Convention to be held in Halifax on the 22nd, 23rd and 24th of this month. During the coming year the society hopes to secure some of the men prominent in missionary activity to deliver addresses for the benefit of the students and the people of Windsor generally.

The college has been visited recently by Rev. R. A. Hiltz, M. A., travelling secretary of the S. S. Commission of the Church of England in Canada, and Dr. McEwen, president of the S. S. Commission of the U. S. A. Both of these delivered to the students very helpful and inspiring addresses on S. S. work, which were much appreciated. Windsor has done well in the extension campaign of the college, having raised about \$3,000. It is to be hoped that larger towns with greater resources will do at least as well. Many graduates and friends of the University spent Thanksgiving Day in the town, showing that those who have gone out from the walls of King's feel that their alma mater still has an attraction for and a claim upon them. Many of King's men will be glad to hear of the good work that Prof. Selvaig, who is a graduate of the University, is doing, and will join in congratulating him on his appointment as an associate professor of philosophy in Sewanee University.

PERSONAL. Ralph Homer Johnson, eldest son of Mr. and Mrs. Rowland Coleman Johnson, of 2318 Bedford Ave., Brooklyn, New York city, who spent the summer at the home of his uncle, L. D. Johnson, Hamilton, Madison Co., New York, has remained there to take special studies at Colgate Academy preparatory to entering Colgate University. The young man is a grandson of William A. Smith, city marshal, 97 Market Place, West St. John, N. B., and would have graduated this term from commercial high school, Brooklyn, N. Y. Hon. John Morrissy arrived in the city yesterday and registered at the Royal. He came in with the national president of the A. O. H., and attended the demonstration in his honor last evening.

Pic Social. The concert and pic social held at Hampstead last Saturday evening was a great success. R. Carroll presided and W. Vanwart auctioned over 35 pies and baskets. The total receipts of the evening aggregating \$70, will go toward the fund to pay for the new Baptist parsonage that was erected this summer.

AD WOLGAST TO CIRCLE THE GLOBE. Chicago, Ill., Nov. 8.—Ad Wolgast, champion lightweight pugilist left here today for Los Angeles where he will fight Freddie Walker on Thanksgiving Day. After that fight he will leave for a trip around the world, going first to Australia. "I have given up hopes of getting another match in this country for a year," he said. Wolgast said that he had not met any representative of McFarland in Chicago.

Arrested For Fighting. George and William Beckingham were arrested last evening on Union street for fighting.

EXPERT TO REPORT ON THE WATER POWER

Inglewood Pulp and Paper Co. to Investigate Possibilities for Hydro-Electric Plant.

H. N. Stetson is making arrangements to secure the service of an expert hydro-electric engineer to make a report on the power possibilities of the Inglewood Pulp and Paper Company property on the Musquash, two local engineers have already submitted reports claiming that the company would be able to develop about 5,000 horse-power without much trouble, but it is the desire of the Stetson, Cutler company to have a detailed report from a well known construction engineer on the power possibilities at Musquash and the cost of building a plant, and installing transmission lines to the city. It is said the company has an excellent site for the construction of a dam on the river, and that the power plant could be constructed which would greatly increase the area of Lake Alva and assure a fairly abundant and constant supply of water. Lake Alva on the eastern branch of the Musquash is about 20 miles long and of an average breadth of about one mile, and contains a no inconsiderable body of water.

In a communication to the city council from the Inglewood Pulp and Paper Company stating that it was considering the question of developing power at Musquash and delivering it to the city, the council has decided to consider an offer from the city to buy out its power resources on the Musquash. Speaking of this proposition yesterday Mayor Frink stated that the city did not at present have the right to use its own water for the purpose of selling power to its citizens, and that it was a question whether if it took over the property on the Musquash and constructed a power plant the legislature would permit it to go into the business of selling power at any rate, said his worship, "when we were talking of putting in a municipal telephone system the legislature balked at the idea of giving us permission, on the ground that we had no right to compete with private companies and interfere with the widows and orphans who had invested in them."

"But there is no doubt we ought to have home rule in such matters. The Inglewood pulp company has about 100,000 acres of land on the Musquash. Much of it has been cut over, and it is expected that another strip of land on the eastern branch of the river, representations have been made to the local government with a view to purchasing it to buy back the company's holdings when it has stripped them of timber, and reserving for public purposes the timber on the strip. It might be developed in connection with the development of hydro-electric power. If storage dams were built a large part of the land is very suitable for farming and could be opened for settlement."

GREATEST INVENTION OF AGE FOR HOARSENESS, WEAK THROAT

Nothing So Far Discovered is so Beneficial to Public Speakers, Ministers, Singers and Teachers as CATARRHOZE.

Because of its strengthening influence upon the vocal cords, Catarrhoze cannot be too highly recommended as a wonderful voice improver. It almost instantly removes the hoarseness, thus insuring clearness and brilliancy of tone. Catarrhoze keeps the mucous surfaces in perfect condition, and as a result it absolutely prevents colds and throat irritation, thereby removing the singer's greatest source of anxiety and distress. The most eminent speakers and prima donnas are seldom without Catarrhoze, and credit in no small degree to their uniform strength and brilliancy of tone to its influence. Singer Recommends Catarrhoze. "For many years I have been a sufferer from that terrible disease known as CATARRHOZE. "Being a professional singer, you can understand how this disease would be a serious hindrance to my professional skill. "One year ago I read in 'Progress' a wonderful testimonial from one who had been cured of this disease through using your God-sent invention, Catarrhoze. "Believing in the merit of Catarrhoze, I tried it. "Catarrhoze cured me and has been the means of my success as a result of it I will always remain, yours truly, "Bob Bixley, New Glasgow, N. S."

Mr. Bixley is one of the best known singers and entertainers in the Maritime Provinces. Everyone knows his name, and his testimonial for Catarrhoze is the best sort of evidence of what great benefit Catarrhoze is to those suffering with throat weakness. Complete outfit, consisting of a beautifully polished hard rubber inhaler, and sufficient liquid for charging to last two months, costs one dollar. Sold by all druggists, or sent safely to your address by mail if price is forwarded to the Catarrhoze Co., Buffalo, N. Y., or Kingston, Ont.

Banquet Held. The Guild of St. Matthew's church met last Tuesday evening in White's restaurant. The speakers were President E. Logan, Vice-president, John Thornton and Secretary Chas. F. Stevens. The visitors included the Rev. Mr. McCutcheon, who also addressed the meeting and Mr. Wilson who sang several Scottish songs. The treasurer's report was read and it showed that the Guild is in good standing. The Guild, which is for the propagation of Christ's social teachings, will meet at 8.45 every Sunday afternoon in the St. Matthew's church.

PROPOSAL TO INCREASE REMUNERATION CLERGY

Continued from page 1.

leave things as they were. However, on the vote being taken the motion canonically had a two-thirds vote of each of the clergy and lay, as required by law. It was here that the report of the committee on the Bishop's charges was presented. The report spoke in the highest terms of the principles laid down and the expressions announced by His Lordship. After the discussion on the report had finished the synod passed several reports, all being read without discussion. At 6.30 the meeting adjourned until 10 a. m. tomorrow morning when it is expected that the committee on the consolidation of the church act will report and its discussion may occupy some time.

This evening Bishop and Mrs. Richardson are holding a reception to visiting clergy and laymen and their hosts and hostesses were very numerous. The synod occupied the first part of the morning session with routine work. The report of the executive committee was, on motion of Archdeacon Raymond, taken up and read and passed, section by section. There was no discussion on any part of the report. The act to consolidate and amend the Acts of Assembly of the Church was presented and on motion of W. Jarvis, seconded by a special committee to pass upon and report back to the synod. The Bishop appointed as such committee Chancellor Allan, G. O. D. Ott, W. M. Jarvis and W. B. Wallace.

The following resolution was presented by Archdeacon Forsythe: "Arthur Clarence Fairweather, Esq., K. C. barrister at law, departed this life at his home in Rothesay after a prolonged illness on November 17th, 1911. Born on April 23rd, 1844, he had entered upon the 68th year of his age. Since then and until his lamented death he was engaged in the practice of his profession and in the business of insurance. In addition to being provincial agent for several well known insurance companies Mr. Fairweather was one of the oldest and most esteemed members of the board of underwriters of which for a time he was president. He was also interested in agriculture and for several years gave much attention to farming at his home in Rothesay. In all relations of life Mr. Fairweather was held in high esteem and regard by all who knew him. Because of those qualities which were worthiest to be measured in industry, in honor, in generosity, in humanity, in devotion to the church, he held a high place among his contemporaries. His courteous and gentlemanly manners, his cordial greeting and his genial fellowship will continue to be remembered by his intimate friends. His long and honorable service to the church as a representative of his province in the synod, provincial and general, will not soon be forgotten. As a member of many of the most important committees of the synod, his services were ungrudgingly devoted to the welfare of the church and were as highly valued as they were freely given.

"We further desire that a copy be sent to the bereaved family of our late colleague as an expression of his respect and esteem, and as a testimony to the universal esteem in which our lamented brother was held as a member of the synod and as a citizen of worthy character and honored name."

The resolution was carried unanimously on the 24th inst. Resolutions of a similar nature were moved and carried unanimously in reference to the deaths of Rev. R. Macdonald, Wm. Vroom, Ven. Archdeacon Raymond moving the former and W. M. Jarvis the latter.

Canon Cowie was requested by the synod to have prepared and presented a resolution on the death of I. R. Golding, Fredericton, a lifelong and active church worker. On the passing of the resolutions the bishop offered prayer, the synod standing. On invitation, Mr. Leatherbarrow, missionary among the lumber camps, addressed the synod. On motion it was ordered a vote of thanks be sent to the Church Camp Missionary Society of England for forwarding, promoting and sustaining this excellent undertaking.

The report of the Board of Church Literature was read and passed after several speeches. Rev. Mr. Hubbard read the report of the Rothesay Collegiate School and it was passed after many complimentary remarks by several speakers. His Lordship said that he considered it equal to any in Canada. Rev. Mr. Hubbard's report showed that the school year began with 41 boarders and 9 day boys. During the year 3 boarders and 1 day boy left, and 2 boarders entered, making 40 boarders and 8 day scholars. The school has now begun the new year with 47 boarders and 7 day scholars. The work and discipline of the year was satisfactory. Eight students took university matriculation examinations and the school had a successful year. The Rev. Mr. Bertrand Hooper read the report of the standing committee on Sunday schools.

The Bishop considered it one of the most valuable reports ever presented to the synod, and he hoped it would be thoroughly discussed. Several members spoke at length regarding different sections of the report and the discussion was still on taking part in the Rev. Dr. Campbell, Dean Schofield, Revs. Converse, Cody, and Nichola. Rev. Mr. Cody spoke strongly in favor of Diocese publishing its own Sunday school paper.

Missionary Meeting. The public missionary meeting held last night under the auspices of the Victoria street United Baptist church was well attended. The programme included vocal and instrumental solos and recitations. The Rev. Mr. Parker, of the German street Baptist church addressed the meeting. Miss E. K. Vanwart presided and an offering was taken for the missionary work.

WAS TROUBLED WITH Headache AND Constipation.

After Suffering For Two Years Was Cured By BURDOCK BLOOD BITTERS.

Headache of whatever nature is nearly always symptomatic of other diseased conditions, rather than a disease itself, but in most cases a disordered stomach, constipation, or bad circulation is the chief source of the difficulty. Burdock Blood Bitters removes the cause of the trouble through its cleansing, strengthening and tonic action on the stomach, bowels and blood. Mr. Wm. Redmond, Cardigan Bridge, P. E. I., writes:—"I have been troubled with headache and constipation for about two years. After trying every doctor I knew, a friend advised me to try Burdock Blood Bitters. I found myself, after using one bottle, getting much better, and after using three bottles I was completely cured."

"After then I was on my feet, and found my cousin very sick, and the doctor told her there was something wrong with her head. I told her to use Burdock Blood Bitters and she was cured in a short time. I can safely recommend it to all."
