Position of League Leaders Unchanged

Dodgers Imbued With a
Fighting Spirit That Will
Stand Them Well in Close
Fight.

New York, Sept. 10.—The major league pennant chasers underwent no change of position today for the first time this week. The Brooklyn National League leaders gained three points on Cincinnati and New York, both of which did not play, while the New York Americans obtained revenge on the Cleveland leaders for yesterday's defeat.

The Indians have no game advantage over Chicago, which won from Boston, and are only three percentage points ahead of the White Sox. The Yankees are eight points behind Cleveland, and if they win the odd game of the series tomorrow they will possess a half-game advantage on the Indians, but by a freak of figures will be one point behind them.

The ability of the Brooklyn Nationals to come through with a four-run rally in the eleventh inning today to win from St. Louis, after tying the Westerners in the ninth, shows that the Dodgers are imbued with a fighting spirit that will stand them well in the close race. Brooklyn's fourth straight victory put them a full game, or four points, ahead of Cincinnati, and three games, or 22 points ahead of New York.

Touz And Roy Volo In Royal Battle

Racing of Quality Pulled off
at Moosepath Race Track
Yesterday.

The two days' rain which caused postponement of the races at Moosepath initiated against the good of the game in this city. Yesterday was the first day the track was in shape for racing since Monday. Horses that were to have started in the final day's programme were obliged to move out of St. John Thursday night in order to meet engagements at other places, and, as a result, there were not as many starters in yesterday's events as there otherwise would have been.

The racing Friday was racing of quality, however, and those present witnessed a "goose" in the two events scheduled. The race for All was a battle royal between Touz, owned and driven by S. E. Rice, St. John and Roy Volo, owned and driven by Bert Lint, Fredericton.

Touz took the first heat in the time of 2:16, which was fast considering condition of track. There was some dissatisfaction expressed by the crowd when the second heat was awarded to Roy Volo, many thinking Touz was a winner by a head. The Fredericton horse captured the next two heats and races.

The 2.23 trot went five heats and was contested all the way. Native Worthy, with Brickley driving won the first two circuits with Finisher. Ryan up close at the finish tape, the next three heats the Finisher settled down and acted well showing great bursts of speed which carried him through for first money.

ESSEX MOTOR CARS

In 4 Trips Across America Essex 4 Times Breaks Record

Carrying U. S. Mail Between San Francisco and New York It Sets a
Mark for Consistency of Performance and Reliability Never Equalled by
Any Travelling Machine.

The first test of an automobile carrying U. S. Mail across the American continent was made with the light weight, moderate priced Essex. And it resulted in establishing the Essex as holder of the trans-continental record both ways.

The performance while of momentous importance in the world of speed and automobile sportsmanship—is of greater value to the motorist. For it removes all doubt about the reliability of light weight in the most difficult and hardest road service.

Records Prove What Owners Know

Ocean to ocean automobile travel has not become so common as not to be of interest to all motorists regardless of the time required in making the trip.

Hundreds of cars have sought to set new time records between San Francisco and New York. But it has not been an easy accomplishment. The records broken by Essex had stood for four years.

Your demands can not equal those made in the trans-continental trip. But you require equal reliance of your car whatever the service imposed.

Light weight has meant economy of operation in fuel and oil. It has not particu-

larly meant reliability, economy of maintenance, performance or comfort.

Doesn't It Prove What You Want?

But Essex reveals how those costly car qualities are a part also of its advantages.

You have the praise of close to 45,000 owners, to guide you to the Essex. You have official records of its 50 hours top speed performance as to its reliability. You have its record of 1,061 miles in 24 hours on Iowa country roads.

And now you have this most coveted of all performances—the transcontinental record—made by four different cars. Can you hesitate in deciding for Essex?

FREDERICTON TEAM PLAY HERE TODAY

Afternoon and Evening
Games With St. Peters
Will be Contested.

The Fredericton baseball team will be here this afternoon for two games with the St. Peter's, playing exhibitions in the afternoon and evening. The Green shirts will have their strongest line up on hand, while the visitors have a good "rep." so the fans should witness an excellent brand of ball.

Some of the games this season have marred by unnecessary disputes and letting of umpires by certain play control of the games, and if they properly exercised their power and brook exercised their power from the field captain, they would find them selves better off. They wouldn't then be getting into deep water with not only the players but also with the public.
