THE INSTIGATORS WANTED.

Berlin Insists That High Chinese Officials Shall Be Punished.
Berlin, Sept. 18.—The text of the telegraphic note is as follows: "The government of the emperor holds as preliminary to entering upon diplomatic relations with the Chinese government that those persons must be delivered up who have been proved to be the original and real instigators of the outrages against Peking. The number of those who were merely instruments in carrying out the outrages is too great. Wholesale execution would be contrary to the civilized conscience and the circumstances of such a group of leaders cannot be completely ascertained. But a few whose guilt is notorious should be delivered up and punished. The representatives of the powers at Peking are in a position to give or bring forward convincing evidence. Less important attacks to the number punished than to his character as chief instigator for leaders. The government believes it can count on the unanimity of all its cabinets in regard to this point, inasmuch as in reference to a repetition of the crime. The government proposes, therefore, that the cabinets concerned should instruct their representatives at Peking to induce the Chinese government to deliver up those guilty of instigating or perpetuating outrages of this kind."

A CONFESSION.

Which will Involve the Life and Liberty of Men.
Rochester, N. H., Sept. 18.—The famous Dexter (Maine) bank robbery is again brought into notice by a statement alleged to have been made today by Charles Stain, son of the older Stain, who is now serving a life sentence for the murder connected with the affair, in which he is said to have admitted the knowledge of a conspiracy through which the conviction of his father, Charles St. Barker, member of the Rochester city government, to whom the alleged statement was made by Stain, says that this confession by Charles Stain reveals the entire plot and implicates persons, the mention of whose names, Mr. Barker adds, will cause a great stir. Mr. Barker further states that within the next 30 days action will be taken by the proper authorities with the view of securing the pardon of Stain, but he refused to reveal further facts at this time for the reason that such action might prove detrimental to the interests of the convicted man. "The conspiracy or plot by which David L. Stain was brought into the case and cunningly devised and dissembled concerning the robbery, the confession made to me by Charles Stain through everything else in the shade. He told me he had long desired to right this wrong, and now having expired, he was determined on righting the matter."

LAWYERS A NUISANCE.

Toronto Magistrate Says They Should Be Abolished.
Toronto, Sept. 17.—Col. G. T. Denison in the police court last week made some outspoken remarks on the subject of lawyers' fees. The remarks were brought out by a case in which a lawyer was charged by a client with the theft of a sum of money. The evidence presented showed that he had ever money had been retained by the defendant for legal costs which left the magistrate no alternative but to dismiss the case. In doing so he said, "It is a monstrous thing that people should be deprived of their money in this manner. Nowadays it is next to impossible to get anything out of a suit at court, after the lawyers have finished with it. Hundreds and thousands of cases have arisen in the past few years in which there has been little or nothing when the charges for lawyers' services have been paid. This thing will come to an end some day. The people will rise in their might and break the system which permits such enormous charges." Asked how the profession was to exist, the magistrate said: "I would do away with the profession altogether. All the business now transacted by lawyers could be done just as well by the state."

FORGER CAUGHT.

Arrested at Halifax With a Variety of Paper on His Person.
Halifax, Sept. 17.—A well known American was arrested in the returns of the Halifax Hotel tonight by Detective Power of the city police force, on a charge of forgery. The prisoner registered at the hotel as Brandon Nesbitt, California, but papers in his possession show that he has and that his swindling operations have extended from the Pacific to the Atlantic. In his pockets were found several checks on banks in Boston, Baltimore, Montreal, Halifax and other cities, which were evidently employed at various times and places to play his swindling game. The immediate cause of his arrest was the passing of a check for \$50, drawn on the Union Bank of Halifax to which the signature of James Gordon, the senior member of the firm of Gordon & Keith, furniture manufacturers was forged. The check was given in payment of an \$85 purchase of goods at a haberdashery. Nesbitt has been in the city only two days, but Mr. Gordon's signature was so skillfully imitated that the haberdashery accepted it and gave Nesbitt \$42 change almost without question, but not until he had told the merchant he was a Harvard student and a friend of the Gordons. Detective Power was detailed to investigate the matter, and he arrested Nesbitt at 10 o'clock, just when he was preparing to leave the city. After a half bluff Nesbitt was taken to the police station, and in his possession was found many evidences of his "banking" enterprise. In his pocket were a check on the Oldtown Bank of Baltimore for \$100, dated Aug. 14, payable to H. B. Nesbitt, and signed by Benjamin Bates & Co., of Baltimore; a check for \$50 on the Union Bank of Halifax, signed by William Nesbitt; a receipt for \$10 to "Lent. H. B. Nesbitt," signed by the above Baltimore firm, jewellers; a draft for \$100 on the Faneuil Hall Bank of Boston, payable to H. S. A., signed by the above Baltimore firm, jewelers; and dated Sept. 14, besides a number of blank checks on various banks in the United States and Canada. The Womack, which left New York a few days ago to destroy what was thought to be a wreck, which had been reported, has returned to New York. The wreck proved to be only a floating spar which was removed. The Yorktown has arrived at Manila from Shanghai. The provisions ship, the Adams has sailed from San Francisco for Santa Barbara Channel on her regular run. The Graven has arrived at Portland.

THE PRESBYTERIAN FUND.

The Treasurer Estimates It at a Million and a Half.
Montreal, Sept. 18.—Rev. Dr. Campbell, of Montreal, today, addressing the Presbytery of Montreal, announced that the amount so far subscribed to the fund was fully \$500,000. Over 600 churches are yet to be heard from, and he said that as well as the others have done the total is likely to reach a million and a half. Condemn the German Foreign Policy and the Transvaal War.
Mainz, Germany, Sept. 18.—The congress of Social Democrats which opened in the town hall yesterday debated the "German world policy" to-day. Herr Singer, the prominent socialist leader, who was yesterday elected president, offered a resolution condemning it and called Germany's "world policy" a rapine. Herr Schoenbank, a member of the Reichstag, spoke on the subject under discussion and ridiculed what he termed the music hall character of Germany's world policy. Another delegate, Herr Lebedow, said that if Germany had a man as strong as McKinley or Chamberlain in the workingman would vote on the "kakhi" side. The resolution was adopted unanimously, as was also another resolution condemning the Transvaal war. Asphyxiated in a Pateron, N. J., Hotel by Gas.
New York, Sept. 18.—Two chorus girls, members of the Victoria Burlesque Company, were found asphyxiated by escaping gas in their room at the Pateron, N. J., hotel. They were Lizzie Hamilton, 20 years old, and Grace Hugh, 23 years. The girls were playing at the Pateron when the gas escaped from the boiler and occupied a room in the Bijou boarding house. At the conclusion of the performance last night the two girls had supper and retired to their room. This morning they did not appear at breakfast and Miss Desmond, a member of the same company, went to their room to find them. The door was not locked and as Miss Desmond opened it she found an overpowering smell of gas in the room and the two girls were lying senseless on the bed. Medical aid was at once summoned, but the two girls were too far gone to respond to the efforts made to revive them and both died a few minutes after they were found.

WESTERN RAILROAD MEN.

Many Presidents in Conference in New York.
New York, Sept. 18.—Nearly every important railway line throughout the east is represented today at the quarterly conference of western railroad presidents, being held in the board room of the Equitable building. E. T. Jeffrey, president of the Denver & Rio Grande railroad is chairman of the conference. Among the other matters to be considered is the partial failure of a plan formulated last June for appointing district committees at such centres as St. Paul, Kansas City, Omaha, Chicago and St. Louis. It is probable that the unsuccessful attempt to organize at Glenwood Springs, Colo., a new trans-Continental passenger association will also come up for consideration. The session of the officials is expected to last for two days. French Had a Success in a Meeting With the Boers.
Lorenzo Marquez, Sept. 18.—Five hundred Boer refugees arrived here this evening, twenty being wounded. London, Sept. 18.—Lord Roberts reports from Mafeking under date of Monday, Sept. 17th, that a few minor skirmishes have taken place between the British troops and the Boers. He adds that Gen. French has captured fifty locomotives in addition to the forty-three locomotives and other rolling stock which he took when he occupied Harterton on Sept. 13, and that General Stephenson was expected to occupy Nelpruit during the afternoon of Sept. 17. British Cutting the Line.
Lorenzo Marquez, Sept. 18.—Fighting is proceeding at Komatiport. All the available men have been sent to the frontier. It is expected that Komati bridge will be destroyed. There is great uneasiness here. Komatiport is a town on the frontier of the Transvaal and the railroad leading from Pretoria to Portuguese territory. It is situated about fifty miles from Lorenzo Marquez. With the destruction of Komatiport the British would be able to cut off all supplies reaching the Boers by rail from Portuguese territory. Bona's Surrender Reported.
New York, Sept. 18.—A large part of the Boer commando has surrendered, and there are reports that Commandant Botha has given himself up. The London correspondent of the Tribune cables relative to the South African war.

BROTHERHOOD OF ST. ANDREW.

The Annual Convention to Be Held in Toronto Next Month.
The annual convention of the Brotherhood of Saint Andrew in Canada will be held this year at Toronto on the dates of Thursday, Friday, Saturday and Sunday, Oct. 19th, 20th, 21st and 22nd. Arrangements have been made with the railways to return delegates free providing three hundred are in attendance. This would mean \$20 for a one-way ticket. If less than three hundred a charge of \$3 will be made by the railroads on account of the return. Progress is being made with the convention programme, which will be published shortly in this paper. N. Farrar Davidson, president of the brotherhood in Canada, writes to the members as follows: "Past conventions have done much to stimulate the corporate life of the brotherhood. Perhaps they have done more to energize and vivify the faith of individual men and to help them to realize their opportunities and responsibilities for personal service. What are we going to make of the next convention? That depends upon us all, upon local assemblies, upon chapters, upon council members, but most of all upon the rank and file in the various scattered chapters. Never did our work seem so unimportant as it does at this time. It is the need of a great awakening and revival in the activity of the brotherhood. There is a stagnation, almost a stagnation, abroad in whole sections of the field. Does that mean that there is little work to be done? Curiously enough, the death of work done is noticeable chiefly where the work to be done seems to be most definite and clearly defined. In too many cases those who have been leaders are finding themselves overworked in the various church duties too often imposed upon the "willing hero." Let this convention act as a rallying ground for "old guards." The old manhood will return; the real work of the work or even of attempting to do the work will become again apparent. The call will come again in clear tones that cannot be refused. "Come, then, let us meet together and help one another and receive help together, and let us be better than ever. Come also in large numbers, you young members of the brotherhood. Your faith and courage will be contagious. You will be inspired with a lasting zeal which is so necessary and so hard to get and to keep. Come, easterners; come, westerners; come from every chapter; come in large numbers; come bringing something; come expecting great things; and, whether coming or staying, let us pray for God's abundant blessing upon our convention and our work."

Storm at Bermuda.

St. Davids, Bermuda, Sept. 17.—A tropical cyclone is creating a great deal of alarm here. The storm set in this morning and is increasing with increasing severity this afternoon. Heavy cyclone rollers have been sweeping in upon the coast, and a strong north-east gale has been blowing. All of the telegraph wires have been blown down, and I have been obliged to send this despatch to the cable office in Hamilton by messenger on horseback. Southeast rollers began to wash the shores yesterday, but the barometer continued high. During the night, however, it began falling, showing 29.91 inches at 7 o'clock in the morning. The wind was rising by noon. The barometer touched a low point of 29.75 inches at 10 o'clock, and the rain was falling. The barometer then recorded 29.71 inches. The storm continued to increase during the afternoon, and at 4 o'clock the wind was blowing more than 60 miles an hour, carrying away the telegraph wires. Heavy seas are running in upon the coast. I have been unable to ascertain the damage done. The barometer continues to fall, recording only 29.23 inches at noon, but the wind has veered to the north, although it is still blowing with the same violence.

American Ships.

Washington, Sept. 18.—The North Atlantic squadron which is at Portsmouth today in connection with the ceremonies attending the presentation of New Hampshire's tablet to the Kearsarge and Albatross, will sail for Newport on Thursday. The Womack, which left New York a few days ago to destroy what was thought to be a wreck, which had been reported, has returned to New York. The wreck proved to be only a floating spar which was removed. The Yorktown has arrived at Manila from Shanghai. The provisions ship, the Adams has sailed from San Francisco for Santa Barbara Channel on her regular run. The Graven has arrived at Portland.

Queens County News.

Jonas, Sept. 17.—Owing to the dryness of the season a great deal of sickness is prevalent here. Much complaint is heard of the loss of wells and dry pastures. Mrs. Polly Dykeman is coming to her home from injury received by falling from her carriage. While she and her sister, Mrs. Watt, were on a horse on a steep hill the horse on coming down a steep hill stumbled and fell, throwing both ladies from their seats. Mrs. Dykeman was badly hurt. Dr. Camp, of Sheffield, was summoned but thought that no ribs were broken. The injury was, however, Mrs. Watt escaped with slight sprain of the side. Mrs. Abram White, of Pender, came on Saturday to see her invalid daughter, Mrs. Dykeman. Mrs. Geo. Brennan spent Sunday with Mrs. A. Purdy. Mr. Orland Dykeman is home on a short visit. Blake Purdy, of Boston, anticipates spending the winter with his parents. Rev. I. Little occupied the Baptist pulpit here on Sunday night.

Forty Thousand Dollar Fire.

Woodstock, Ont., Sept. 18.—(Special)—Robert Whitlaw's foundry was damaged by fire this morning to the extent of \$40,000. The loss is partly covered by insurance. Fifty-five men are thrown out of employment by the fire. New Brunswick Drowned.
Vancouver, Sept. 18.—Charles Blair, of Montreal, N. B., was found drowned yesterday in a harbor inlet. He had been missing for a week.

Flurry from Scarletina.

Quebec, Sept. 18.—(Special)—The news comes from Murray Bay that the severe attack of scarletina has broken out suddenly there and which has created great consternation among the summer visitors of that popular watering place. The doctors and the local board of health are quarantining and isolating all infected persons. Boats are crowded with fugitives from the place, in several instances people are leaving behind stricken relatives. Another Texas Horror.
Dallas, Texas, Sept. 18.—News reached Dallas today that High Island, a seashore resort 30 miles northeast of Galveston, near the Gulf shore, and in the southwestern corner of Jefferson county, Texas, was entirely destroyed in the recent storm. The place had about 1,000 residents, many of them visitors. Not a house is left standing and more than 400 dead bodies were found yesterday by relief and exploring parties. Indian Killed at Calais.
Calais, Me., Sept. 18.—Mitchell S. Francis, an Indian, was struck by a train near Perry this evening, and instantly killed. He is survived by a widow and three children. Angevine-Irvine.
There was a pretty wedding Tuesday morning at the residence of Mr. J. E. Irvine, Garden street, when his daughter, Miss Mary Edna Irvine, and Mr. J. Edwin Angevine, of Messrs. Bowman & Angevine, were married by Rev. John Lewis. The bride wore a white satin wedding gown with bridal veil. Her sister, Miss Nellie Irvine, was bridesmaid, and Mr. Arthur Bowman groomsmen. Mr. and Mrs. Angevine left on a honeymoon tour of Upper Canada.

Meeting Was Not Held.

Montreal, Sept. 18.—(Special)—The annual meeting of the Iles des Chaleurs Railway Company scheduled for today was not held, as Archibald Campbell took out an injunction to prevent the same. He is a creditor of the road and claims the meeting is intended to ratify an agreement by which Mr. Galand and other capitalists of London were to become the owners of the road. Debarment are now in the hands of the government upon the completing of the road to Paspébeac. Another High Islands Story.
Galveston, Texas, Sept. 18.—There are only ten houses in a habitable condition south of High Island, says H. S. Sparger, general manager of the Gulf & Interstate R. R. Co., who returned today from a tour of inspection of the property of his company. "There were thousands of bodies of dead animals and about 350 bodies of human beings found there." The situation throughout the country extending from Holiver to High Island is possibly worse than in any other section of the mainland. Disasters at Newfoundland.
St. John's, Nfld., Sept. 18.—Reports of marine disasters during last week's gales continue to pour in from remote localities. Today's advices show 17 more vessels ashore and 13 lives lost. Considerable damage was done to property along the coast. Hope for the safety of four other vessels, which crews aggregating 25, is almost abandoned.

German Note Not Discussed.

Washington, Sept. 18.—A copy of the German note demanding the punishment of the leaders of the rebellion in Haiti was presented to Acting Secretary Adee at the state department during the day from the German embassy. The German charge, Baron Von Sturberg, (his name is spelled in the German note) said that this most important communication. The note is expected to return to Germany by the subject may be taken up with him. Meanwhile the note itself will receive the earnest attention of the president and such members of the cabinet as are in Washington to-morrow when he arrives. The state department has been all along directing its efforts to the speedy opening of negotiations for a final settlement with the Chinese government and has so far not been heard from relative to the matter of punishing the rebels.
