TORONTO, Nov. 15.—The Hearst candidates in the election a month ago secured more votes than the combined votes of the U. F. O. and Labor candidates. That is one result of the most peculiar election ever held in Ontario.

Official returns from all but six of the 111 ridings, and unofficial returns for the ridings not reporting show the following totals:

No. Candidates	Elected Votes
Conservatives 102	26 386,796
U. F. O. 70	29 336,715

## SALARIES RAISED

Toronto, Nov. 15.—Ministers, at least Methodist ministers—will not have to strike for higher pay. A general increase in their salaries, in some instances 100 per cent, and the establishment of a minimum salary that will provide a living wage, was announced by the centenary conservation committee of the Methodist - Episcopal Church to-day.

In 1917 the average Methodist ministers salary was \$326. The minimum established in most districts now is \$1,200.

Laymen have taken the initiative in raising these salaries.

NATIONAL CONVENTION  
BEING HELD IN HAMILTON

Hamilton, Nov. 14.—Addresses, discussions and papers made up this morning's program of the Young Women's Christian Association national convention, the feature being the association as a social factor in boarding homes, cafeterias and lunch rooms, extension work and health education. The speakers were Miss McDonald, Mrs. Foster and Dr. Young, Toronto. Miss Mabel Jamieson, of the Dominion council, spoke on "To-day's Challenge to the Association."

Miss Jamieson said she felt that there were many groups of girls that the association did not reach. The organization should more closely identify itself with all problems of the city affecting childhood, health, education, housing conditions, suppression of vice; in short, a more extensive and aggressive policy was demanded.

EARLY ARTERIES OF TRAVEL  
AND COMMERCE, U

Mr. W. H. Brethaupt Reviews Same Before Society.

The original main highways of North America were waterways, and they continued so, long after settlement, until the beginning of railway traffic. The Englishmen, and the great lakes; in the west the Ohio and Mississippi rivers were the great arteries of travel. The canoe route west from Quebec and the French river to Georgian Bay. The St. Lawrence, and greater difficulties, open lake navigation for canoes, and the Lake Ontario route less suitable for travel by the northern Indians. Land routes were well defined Indian trails, which eventually became settlers' roads.

The more particular object of this paper is to trace the route of the early settlers of Upper Canada.

From Pennsylvania, settlers came to the Grand River colony for about twenty years, 1680 to 1820. They were from the southeastern border tier of counties: Bucks, Montgomery, Chester, Berks, Lancaster, York, Cumberland and Franklin counties. They crossed the Niagara River mostly at Black Rock ferry, a few miles below the eastern end of Lake Erie. There was also a ferry from Lewiston to Queenston. Contemporary writers describe the main travelled road from Philadelphia to Black Rock. Lieut. Hall, an English officer who went over in 1816 from Black Rock to Philadelphia, gives it in detail. Through New York State, it followed old Indian trails and is to-day a main travelled route. The Susquehanna river was reached at the Pennsylvania border and followed to Wilkes-Barre, whence to Nazareth, the Allegheny Mountains were crossed.

On the Canadian side Chasewitz's map of 1813 shows main roads of the Niagara Peninsula and beyond Dundas street, traversing Upper Canada from east to end east and west, and Tongue st. from Toronto north, were projects railway shi

National Board of Arbitration. A. R. Tarnsey, president of the Western League, was advanced to Glass A. membership on the board.  
Ruling as to Liens  
A ruling was put through regarding liens on baseball territory with the result that liens may be exercised for only three causes. Unpaid players' salaries, debts due one club to another, and non-payment of dues to the National Association.

Big Dispute Unsettled  
Springfield, Mass., Nov. 13.—The largest dispute to come before the Arbitration Board to-day was not settled. This concerns Pitchers Turner and Zahniser, formerly of the Toledo Club. The players were loaned to the Bloomington club of the Three I. League. Bloomington sold Turner to the Chicago Cubs for \$2500. The dispute arose over the attempt to clear title to the players. The case went to Secretary J. H. Farrell for further investigation.

Claim to Be Established  
Roger Brendtman of Toledo, succeeded in establishing his claim to First Baseman Beal, last season with the St. Joseph Club of the Western League, and Shortstop Murray last year with the Worcester club of the Eastern League. This he did without going before the National Board.

LYNCH OUTPOINTED HERMAN  
Joe Lynch of New York outpointed Pete Herman, the bantamweight champion, in six rounds at Philadelphia. In the first round, Lynch appeared over-anxious and missed many blows. Herman jabbed and sent left-hooks to Lynch's face. There was a lot of clinching and the champion had the better of the round. Lynch got his left to working in the second round and staggered Herman with a hook to the jaw. They were in a clinch at the bell.

At a meeting yesterday the Toronto Marlboro Hockey Club that was in the making for this winter definitely decided to throw in its lot with the Granites decided to place a team in the senior O. H. A. and named a committee of its younger members to handle the matter. The players must, of course, become members of the Granite Club.

It is understood that Percy Quinn refused to carry out the contract for the purchase of the Quebec Club, and that the ancient capital franchise will revert to who will exercise it when the N. H. L. resumes. Percy Quinn recently told an officer of the National Hockey League that he was out of professional hockey for all time.

President Frank Calder, of the National Hockey Association, has sent out a call for a meeting of the association to take place on Saturday November 22nd.

LEAFS PRESIDENT  
WILL FIGHT ON

In O'Rourke and Riley Cases.

Pres. McCaffery, of the Toronto Ball Club, returned to Toronto yesterday afternoon from the meeting of the Minor League Association at Springfield. He says that the decision against Toronto in awarding O'Rourke and Riley of Binghamton to Akron is only a first round. He will battle that decision, and Fultz at the International meeting in New York Dec. 8, and if necessary carry it to the National Commission. Fultz stood against Toronto at the meeting.

The famous "Committee" of the minor leagues, which cut the smaller leagues, off from major league connections by refusing to allow the draft on optional agreements, is trying to save its face in the pretty nearly foregone conclusion that all minor leagues demand a closer relationship with the majors. Two new members have been added to this "committee", and both are in the good graces of the National Commission. The idea apparently is to patch up the trouble through these two and get back to a working agreement with the National Commission.

TORONTO LEAFS LOSE CASE.

The Toronto club of the International League has lost its fight for the ser-

vices of Outfielder Riley and Infielder O'Rourke of the Binghamton club, which lately turned its franchise in to the league, and which was later sold to a syndicate of business men in Akron, Ohio.

The National Board of Arbitration in session at the annual meeting of the National Association in Springfield, Mass. yesterday, announced that all of the players under contract to Binghamton last season reverted with the franchise to the league and had been sold to Akron.

National Baseball Discusses a Number of Important Points Affecting the Game  
Springfield Mass., Nov. 13.—With the choice of Kansas City, Mo., as the 1920 convention city and the transaction of considerable minor business the annual meeting of the National Association of Professional Baseball Leagues closed to-day much earlier than a majority of the delegates had expected.

There was keen competition for the honor of entertaining the next convention, but the central location of the Missouri city was a factor in its choice.
