Nine Giants So Far For Bay City

The Making of A Good Team
Bay City Times-Tribune Right now over a month before the scheduled opening date of the Michigan-Ontario League Manager Billy Cristall has enough first-class players lined up to put a mighty good team in the field and from a perusal of the personnel of

the local hopes so far signed, Bay City is going to be up near the top right from the start of activities. Manager Cristall has already received the signed contracts of nine players, the majority of them being pitchers and every mail is bringing further word from desirable men who are anxious to hook up with the local club. In addition to the nine already under contract, Billy has strings out for a number of other players from the Southern League and a first class short fielder, a second base-

man, a third baseman, and a top-nitcher who can play either the outfield or catcher's position. A lot of the men are really fellows, six feet and over in height and if they all make good it begins to look as though "Giants" would be a mighty thing to say for the boys to play under. "I'm after young blood fast and experienced," said Billy yesterday "and I am confident that I can show the fans of Bay City an infield that will be the real thing. One thing is certain

can scare them to death." **Nine Men Signed.**
The nine men whose signed contracts are now under lock and key in the baseball safe are:
Wm. Spencer of Wixom, Mich., a six-footer who hurls from the right side and has had class B experience. A. (Palm) Palmer of Portville, N.Y., who has had a trial with the Rochester Club of the International League.
"Doc" Watson of Toledo a port-

Thursdays Specials

Included with the following list are a number of lines in staples, such as bleached and unbleached cottons, which are being marked down in sympathy with a decline in wholesale prices, which took effect the other day. We have no promise that they will not rise again, but while we are able to get them we gladly give you the benefit.

side finger who has seen service in the American Association and Federal League.
Robert Green who stands 6 feet 11 inches a first baseman who played with Birmingham in the International last season and who is now wintering in Muskegon Mich.
Floyd Wheeler of Mario Ky., another six-foot pitcher from the American Association.
Clarence Ott of Chicago, a third baseman who comes highly recommended.
Hubert Eckdale of Jamestown Pa. a catcher with class C experience.
With this nucleus to start on Manager Cristall figures that he has a good start toward a championship team but no effort will be spared to secure the best men possible for the different berths. On account of the size of the players nothing will be done about ordering uniforms until the men report. And this won't be long now for the first rookies will arrive in the city about April 22.

Park Work is started
Y.M. Spencer of Wixom, Mich., an outfielder with experience in the Western League and American Association. Spencer has just been released from the navy and is in fine condition. He is known as a slugger having hit 336 in his last year with the Western League.
Ed. Flunk of Fort Wayne, Ind., a left-handed pitcher six feet tall, is also a cracking good man with the stick hitting 300 in his last season and Manager Cristall will probably develop him into an outfielder on account of his ability with the flail.
Clarkson Park, after three years of idleness was found in terrible shape, and looks as though a cyclone had hit it seven times in the same place. But the park and stands are all to be rebuilt and fixed up so that the fans will have the best accommodations since the park was started. Work on rebuilding the fence was started yesterday and the contractors will start on the bleachers to-day. Bids have been asked for on the grand stand and some figures have already been received so it will only be a matter of a few days before work will be started on that. Jim Henry has been hired as ground keeper and weather permitting, he will get to work on Monday on leveling up the infield and putting the diamond in shape for the first practice sessions. The rains of the past few days have not helped the grounds.

Inter-County Ball League Opens May 12
Schedule Drawn Up
The executive meeting of the Inter-County Baseball League was held at the Grand Union Hotel city yesterday and adopted the official schedule. It was decided to play a triple schedule. A motion was made by Guelph seconded by Stratford, that a triple schedule be played. The following umpires were selected by the different clubs:
Wm. Thompson and Chas. Gravelle of Galt, John McGinnis and James Cookman of Guelph Dr. Townsburry, Brunswick Hotel Kitchener.
Galt made a motion, seconded by Stratford that the Spalding official cork cover ball must be used exclusively and six new balls must be in the possession of the home team when the game starts.
Guelph made a motion, seconded by Kitchener, that the president of the

Inter-County League is to appoint umpires for all the games.
The schedule follows.
Saturday May 17—Stratford at Kitchener; Guelph at Galt.
Wednesday May 21—Kitchener at Guelph; Galt at Stratford.
Saturday May 24—Galt at Guelph; Kitchener at Stratford.
Wednesday May 28—Guelph at Stratford; Galt at Kitchener.
Saturday May 31—Guelph at Kitchener; Stratford at Galt.
Wednesday June 4—Stratford at Guelph; Kitchener at Galt.
Saturday June 7—Kitchener at Stratford; Galt at Guelph.
Wednesday June 11—Kitchener at Guelph; Stratford at Galt.
Saturday June 14—Guelph at Galt; Stratford at Kitchener.
Wednesday June 18—Guelph at Stratford; Kitchener at Galt.
Saturday June 21—Kitchener at Guelph; Galt at Stratford.
Wednesday June 25—Stratford at Guelph; Galt at Kitchener.
Saturday June 28—Stratford at Kitchener; Guelph at Galt.
Wednesday July 2—(At Preston)—Guelph vs. Kitchener; Stratford at Galt.
Saturday July 5—Guelph at Stratford; Galt at Kitchener.
Wednesday July 9—Stratford at Guelph; Kitchener at Galt.
Saturday July 12—Guelph at Kitchener; Galt at Stratford.
Saturday July 19—Galt at Guelph; Kitchener at Stratford.

Manager Beatty Arrived Yesterday
Manager Jack W. Beatty of Kitchener Beavers reported for duty here yesterday afternoon and conferred with the local management. He reported that fourteen players have been secured and negotiations are spending with six pitchers from which a selection will be made. Manager Beatty states that he is determined to keep within the salary limit and has been compelled to let some strong players go to other teams owing to the high salary they were demanding.
The infield and outfield personnel is practically settled the manager reported. The players will report on April 28. It has been decided to play exhibition games with teams from Toronto Hamilton and Brantford.

Geneva, April 13.—At a special meeting of the State Council yesterday it was reported that a magnificent site on the shore of Lake Geneva and facing Mont Blanc had been chosen for the building which will in future be the capital of the league of nations.
The people of the city are rejoicing over the decision of the commission on the league of nations at Paris. Flags were hoisted over buildings and parades held.

DECISION HAS NO EFFECT ON GAME
Baseball in future must avoid repetition of Business Methods Disclosed in Suit
New York April 15.—Devotees of professional baseball need to have no fear of the effect on the game of the decision in the case of Baltimore Federal League Club in the opinion of David L. Fultz, president of the International League.
"The main point in that case," he said in a statement to-night "was not whether or not organized baseball was a trust but whether certain members of organized baseball together with certain members of the Federal League, had conspired to ruin the business of the plaintiff."
"Organized baseball will not have to change its contracts or any of its fundamental principles. It will simply have to avoid in the future a repetition of the business methods at which the Washington decision was aimed."

SHOES! SHOES! SHOES!

How the Barnett Guards Health

"Oh, if I only could know how my little ones get sick," exclaims the mother. "I choose their food with the greatest care." But the doctor reminds her that choice is not everything. "This child's illness could be caused by nothing else but contaminated food," he says. And he advises her to get a first class refrigerator.
Take milk for instance, the children's most used food, the doctor knows that it is the easiest of all to be contaminated. It is a magnet for dangerous germs. In milk they multiply like wildfire. One disease germ at 48 degrees may breed 357,500 in only 48 hours—and milk, when you get it, is generally 24 to 36 hours old. If you haven't a good refrigerator the milk stands exposed.

We are authorized Agents for Barnett Refrigerators

A demonstration of the famous Barnett Refrigerator is being given this week at Schreiter's by Miss MacKay. You are cordially invited to attend. The demonstration is interesting and instructive and will show you how to effect a saving of at least 25 per cent. in your food and ice bills.

QUICK PEACE AND HARM AMONG ALLIES

(Special to The Record)
PARIS, April 17.—(By F. Ferguson).—The attitude of the great powers toward the peace treaty appeared to be as follows:
Great Britain: Premier George in his address to parliament yesterday, made plain that the have reached a "complete understanding on the great fundamental questions. The British are in of a quick peace, as long as am relations are maintained among the Allies.
United States: The German Government having been notified in Versailles on April 2 treaty must be whipped into as speedily as possible. Always ing in mind the terms of the treaty.
France: This country is still behind peace settlement as far as arranged, as evidenced by the confidence in the present government, passed by the chamber of deputies yesterday, 334 to 166.
Italy: The Italian delegation apparently continues to stand territorial claims, based on the of London, reiterating its threat it will withdraw unless aw Fiume. In this connection the can delegates insist that all treaties were nullified by ratification of the armistice terms, but e belief that Italian aspirations w settled without a rupture.
Japan:—The Japanese have no reply to their cable asking instructions from the Japanese government, but expect to bring their "racial equality" amendment to the league of nations convention at next plenary session, where covenant will be openly debated.
Considerable mystery continues surround the statement made t United Press yesterday that F has gained stronger guarantees protection, in the event that should again be attacked than

A Big "Find"

Shipment of Liquor N Rests in The City H

There were tears and lamentations this morning! A funeral procession took place in the city hall as the removal of a big shipment of liquor from the G.T.R. siding, Tupper Street to the city hall, which will lie in state pending its moment interment with the Director Chief O'Neil, assisted by the staff of the police department several other helpers.

As a result of the activity of the over \$10,000 worth of liquor is temporarily stored in the City Hall. wonder there were smiles and the countenances at the counters desks in the municipal quarters. the fragrance there was perme the atmosphere from bottom to top it can be understood why every was happy.
How did all happen? It was before midnight that Chief O'Neil had an idea that there would be a thing doing in the G.T.R. siding. The car had been located somewhere in the yards. Les the previous li flow away a complete guard was on the job. At five o'clock this morning a big truck was commissioned and the efforts began to put the tents into a place considered safer a better storage place. This was hatched to the car and the truck pulled the freighter over the siding to Tupper Street. Here the real operations commenced. Barrel after barrel of goods' cases of every shape and description, all minus the name the consignee, were pulled out onto truck. Five times did the truck n a trip to the City Hall. From o'clock to 10:30 the staff of the officers of the law, including the men who came on at eight o'clock, several truck men in an noticeable turn their money by the sweat of brow. For those long hours it was a trail of interested citizens (Continued on Page 8.)
