If You Saw Wood Each Day
You Won't Need Cascarets

Great medicine,—the Sawbuck.
Two hours a day sawing wood will keep any
one's Bowels regular.
No need of pills, Cathartics, Castor Oil nor
"Physic," if you'll only work the Sawbuck
regularly.

Exercise is Nature's Cure for Constipation and—Ten-Mile walk will do, if
you haven't got a wood pile.
But, if you will take your exercise in an Easy Chair, there's only one way to
do that, and make a Success of it.
Because,—there's only one kind of Artificial Exercise for the Bowels and
its name is "CASCARETS."

Cascarets are the only means to exercise the Bowel Muscles, without work.

Presentation to Member of Wool-
worth Staff

The many friends of Miss Margaret
Wettlaufer, who is about to leave
here, fathered at the home of Mr. J.
Blevins, on Friday evening, Jan. 31st,
to bid her adieu and presented her
with a small remembrance.

The evening was enjoyably spent
with games and music. After which
dainty refreshments were served and
the party dispersed amid showers of
good wishes.

The following address was read, to
which she ably responded:

Dear Margaret:
We have gathered here this even-
ing, at the kind invitation of Mrs.
Blevins, to spend your last evening
in our midst. We learn with deep
regret that you are about to leave
us, and shall miss your pleasant and
cheerful disposition, smiling counten-
ance and every readiness in assisting
our co-workers, very much indeed.

We, therefore, ask you to accept this
token of affection, and trust you will
remember us (your girl friends), when-
ever you have occasion to use it.

Permit us, to wish you a future of
unlimited success, and we know, with
a doubt, that you will be making
many friends wherever you go and
trust you will pay us a visit whenever
a suitable occasion presents itself.

Signed,
The Woolworth Staff.

Tuxis Boys Set a Day Evening.

The regular meeting of the Tuxis
Square was held last evening at the
Benton St. Baptist Church. The even-
ing had been set aside for a sleigh-
riding party, but, owing to the seem-
ing inability of the weatherman to sup-
ply the necessary white mantle, it had
to be called off. On this account
there was no speaker but after the regu-
lar billie discussion and group business
the constitution of the Square was
discussed and passed. The boys were
impressed with the thought that by
living up to so excellent a constitution
they would receive untold benefit there-
by.

The rest of the evening was spent in
challenge games among the various
groups and a short game of basket-ball.
Two new members were also sub-
mitted showing that the work is steadily
growing.

None can beat Blachford's shoes
for style and quality. They are sold
at Hagen's.

Quickfall—Pomeroy.

A pretty wedding took place at the
residence of the bride's sister, Miss
Eva Pomeroy, Wellsboro Apartments,
Jarvis street, Toronto, when Mar-
gueretta, eldest daughter of Mr. J. B.
Pomeroy, Kitchener, was married to
Mr. Harry B. Quickfall, Coleville,
Sask., son of Mr. A. C. Quickfall,
Waterloo. The ceremony was conducted
by Rev. H. M. Pearson, assistant
pastor of College Street Presbyterian
Church. During the signing of the
register Miss Mildred Farrill, accom-
panied by Miss Christie Matheson,
sang. A buffet luncheon was served
after the ceremony, and later the
happy couple left for their western
home.

The greatest news since peace was
declared arrived in the city this
morning—the date of the showing
here of the The Better 'Ole is Feb.
17-18-19.

Letters to News Record
PROHIBITION.

To the Editor: "If I cannot re-
form with equity," I will not reform
at all," said Edmund Burke on a
memorable occasion, but our Pro-
hibitionist friends seemingly have
lost their sense of proportion, and
incidentally, would have us retro-
grade from our foremost position
as a free and democratic country,
where individual taste and liberty
may find full expression.

Sumptuary legislation cannot be
made effective without the great
majority of communal sympathy is
behind it, and such cannot be said
of Canada as a whole regarding
Prohibition.

The question of imposing by law,
a prohibition of the normal habits
of the people—at least a great mass
of people—is not only injurious but
dangerous in the extreme.

Some may say, is liquor drink-
ing then a right? The answer is,
the exercise of normal activities
of a human being. The citizens
of our country, is the exercise of
a right, and because there may
be here and there a very small
number of people who abuse that
right it is no reason why the right
of the masses of the people should
be denied them by such law as the
Prohibition party contemplate put-
ting into effect.

Can anyone truly say that the
present prohibitive law is the out-
come of spontaneous desire. On
the contrary organized labor thr-
oughout Canada has repeatedly pro-
tested against this iniquitous Act
and expressed in no uncertain terms
their feelings on this matter.

Of course the Prohibitionist party
are very considerate in explaining
that they don't want to force pro-
hibition on the people.

But that is precisely what they
do want to do. Not at present
of course.

Not until they get the power.
Personally, I would heartily sup-
port any measure restricting the
indiscriminate sale of intoxicants,
and just as strongly oppose any
act which tends to totally deprive
the people of something which is
highly beneficial when used in mo-
deration.

Lovers of personal freedom and
individual liberty should weigh the
things carefully, as the time is ver-
near when prohibitionists in Canada
emboldened, by their seeming suc-
cess intend to carry out their mal-
droit scheme—if they are allowed—
I am,

Yours truly,
Wm. Ambler.

Decision Probably
Will be Set Aside

Proceedings in Brewery Case at
Guelph Likely Invalid

When asked to-day by the Record
regarding decision of Guelph's Magis-
trate to cancel the license of the Lion
Brewery, Mr. C. H. Huether pointed
out two facts. In the first place that
the decision was invalid, the company
operating under a Dominion govern-
ment license. Secondly, there were
no three charges on which to make
such a decision. One of the three
charges on which the Guelph Magis-
trate proceeded had previously been
quashed by the Department at Toron-
to, leaving only two, whereas the law
requires three whenever the cancella-
tion of a license is to be made. The
charge that had previously been quash-
ed was a Brantford one of December
1917, which was subsequently quashed.
In view of these facts, Mr. Huether
stated that the decision of the Guelph
Magistrate would probably be set
aside. The company it might be
added is operating as usual.

a feat and it will be shown at the Allen today and Tuesday. Do
