

## *In Finding a Suitable Landing at Night*

Always take an Eveready Spotlight and sufficient extra Eveready Unit Cells to keep it "alive." Then, instead of investigating every hopeful spot at close range, flash the spotlight and look it over from a distance.

This is only one of innumerable uses you will have for an Eveready Spotlight. Go to your favorite dealer and get one today.

Practically all electrical, hardware, drug and sporting goods stores sell Eveready Spotlights, Flashlights and Batteries.

## Utility Education Entertainment

—and the greatest  
of these is Utility.

Applied to the field of Forest Conservation, the utilitarian possibilities of Radio are boundless.

Warnings broadcasted, fire locations accurately fixed, help summoned—all by radio, the new and wonderful force, first practically applied by Marconi.

Canadian Craftsmanship backed by twenty years Radio engineering experience is behind each and every Marconi product.
