Corsetry as a Fine Art and Its Accomplishment

FOR WOMEN who want the finest corset that it is possible to produce, we recommend the Gossard. They are the perfected accomplishment of the "New school of Design and Construction", where corsetry is practised as a fine art, where none but front-lacing corsets are made, where every model is a masterpiece. Without being showy or unrefined, this corset is sumptuously beautiful—surely grace of line was never more apparent. It is impossible to realize without a fitting that fashion and beauty (from the art view point) and comfort (measured by the physician's standard) could be so closely harmonized in one and the same model. Made of the finest batiste or everlast and boned with ELECTROBONE which is an important and exclusive feature of all Gossard Corsets. **10.00**
