Dear Sir :

With reference to my conversation with
you on Monday regarding your help and assistance in securing
a position for me.

I may say that I am in urgent need at
the present time after eight months of unemployment. My
savings are exhausted and for my family's sake I am forced
to seek help.

As to my experience. I have handled and
organized men for years. As Sales Manager and Manager in
the selling field covering Canada from coast to coast.
Previous to that I was employed in charge of Mining & Survey
Camps in Northern and Western Canada. My last position
was Manager of a large brokerage and mining company in Mont-
real.

If the Government can use my services I
am willing to go North in charge or assistant of the new
unemployment camps provided I would be sure of earning
sufficient to take care of my family here.

Anything you can do for me would be
appreciated.

I am, Sir,

Yours Respectfully,

(sgd) W. J. Middleton.
