

THIS IS THE SHEET METAL AGE

All that is necessary to make a factory, warehouse, barn, shed or outbuilding of any description, wind, water, fire and lightning proof is to cover it with

Galt Corrugated Sheets

Made of the finest corrugating iron procurable, they will give at least fifty years satisfactory service.

Corrugations are not rolled, after the usual method. They are pressed, one corrugation at a time. This assures perfect uniformity—an accurate fit at both side and lap.

Where warmth is a secondary consideration to fire, lightning and storm proof qualities, three-fourths of the wood sheeting may be saved, besides the lessened cost of the lighter frame which can be used.

Saving on lumber and labor brings cost of a building protected with Galt Corrugated Galvanized Sheets as low as if built entirely of wood.

Galvanized or painted, whichever you prefer.

The "Bissell" Is a Self-Cleaning Disc Harrow

It does not get choked up with sod and fibre like many other machines you know of. Why? Because on the "Bissell" the scraper blades are adjusted so that they draw to the plates and meet them chisel fashion. This means that they cannot be forced apart from the discs but will cut right through the dirt, fibre and grass, and automatically clean themselves.

The arrows point to other superior features, and our free booklet describes the machine in detail. Write for it to-day to Dept. R, or ask your local dealer.

- 
- A—Prong nut of Malleable Iron securely threaded and pinned. Keeps the plates tight.
 - B—Heavy Steel Braces 1 1/2 x 3/4: make the frame strong and rigid.
 - C—A good three-horse equalizer draws the Harrow straight: ample room for all the horses.
 - D—Solid Steel Beam forged at the ends: all in one piece.
 - E—Scraper Knives peel off sticky soil and under like a chisel.
 - F—Clad Irons extend down below the axle and keep the spares free and open.
 - G—Scraper Beams trussed with two bars of steel.
 - H—Lock Lever holding scrapers against the plates.
 - I—The Driver sits well back and takes away all neck weight.
 - J—Gangs work up close in the centre, and cut all the ground.
 - K—The horses hitch close to the work making light draught.
 - L—Lever Spring is adjustable for change of cut on gangs.
 - M—The Chains regulate the Harrow and furnish control of its tremendous capacity.
 - N—Improved Ball Bearings throughout—40 anti-friction balls do the work like a charm.
 - O—Cut on gangs.
 - P—Improved Ball Bearings throughout—40 anti-friction balls do the work like a charm.
 - Q—Cut on gangs.
 - R—Improved Ball Bearings throughout—40 anti-friction balls do the work like a charm.
 - S—Cut on gangs.

T. E. BISSELL COMPANY, Ltd., ELORA, ONT.

SHORTHORNS 50 Imported Canadian bred. Young stock always for sale, male and female, top crossed by such bulls as Baron's Heir (imp.), Derby (imp.) and Golden Abel (imp.). The imported Bruce Mayflower bull Royal Bruce 55038, heads the herd.

It is desirable to mention the name of this publication when writing to advertisers.

GENERAL MARKETS

TORONTO FARMERS' MARKET

St. Lawrence Market, Toronto, Feb. 8, 1908.

Nearly all railway lines have been cleared and the number of farmers at the market was fairly large. All lines of produce were very scarce on account of the cold weather. The scarcity of new-laid eggs was particularly noticeable. The following prices prevailed:

PRICES

EGGS—New laid, 35 to 45¢ a doz.; fresh, 25 to 35¢.

BUTTER—Prices ranged from 31 to 35¢ a lb.

POULTRY—Dead chickens, 15 to 18¢ a lb; live, 13 to 14¢; dressed fowl, 12¢; live, 11¢; turkeys, 18 to 20¢; geese, 13 to 14¢; ducks, 15 to 16¢.

POTATOES—\$1.10 a bag.

HAY AND STRAW—There were about 20 loads of hay but no straw offered. Hay brought from \$20 to \$25 a ton.

SEEDS

The red clover seed market is excited and higher. Seed is coming forward slowly and indications point to a continued scarcity. There is no likelihood of lower prices in the near future. J. A. Simmers, King St. E., Toronto, is paying from \$11 to \$12 a bu. for red clover seed. There is no change in the prices of alsike and timothy seed, namely: Alsike, \$7.50 to \$8.50 a bu. with premium on strictly fancy seed; timothy, \$2 to \$2.50 a bu.

TORONTO FARM PRODUCE

There is practically nothing doing in the market. All lines are scarce, particularly butter and new-laid eggs, on account of the general tie-up on all lines of railways. The cold weather also is causing a scarcity of butter and eggs. Just as soon as the roads get clear, however, there will be a big rush to market, and prices probably will come down. Messrs. Gunns, Limited, Front St. E., Toronto, quote the following prices:

PRICES

BUTTER—Cmy, prints, 30 to 35¢ a lb; solids, 25 to 30¢.

EGGS—New Laid, 35¢ a doz.; selects, 28¢; candied, 22¢; lines, 20¢.

CHEESE—Large, 13¢ a lb; twins, 13¢.

POULTRY—Dressed chickens, 11 to 12¢ a lb; dressed fowl, 7 to 8¢; geese, 11 to 12¢; ducks, 10 to 11¢; turkeys, 13 to 16¢.

TORONTO GRAIN PRICES

There is little grain moving on account of the tie-up on the railways. Buyers are holding off until railway traffic moves more freely, because if they buy now, they do not know when they will get their stuff. The market advanced sharply last

week on account of the reports of the world supply which showed the available stocks of grain were much less than was thought. It is not expected that prices will go much lower until another crop comes on the market. Messrs. S. McNairn and Co., Limited, Standard Stock Exchange, Toronto, quote the following prices:

PRICES

WHEAT—Man. No. 1 northern, \$1.25 a bu; No. 2 northern, \$1.22; No. 3 northern, \$1.19; Can. No. 2 red, \$1.20; No. 2 winter, \$1.18; No. 2 white, \$1.15.

OATS—Man. No. 1 white, 80¢ a bu; No. 2, 78¢; Can. No. 2 white, 82¢; No. 3, 77¢.

BARLEY—No. 2, 70¢ a bu; No. 3, 67¢; No. 4, 65¢.

PEAS—No. 2, 80¢ a bu; boiling peas, 60¢.

RYE—No. 2, 82¢ a bu.

CORN—No. 3, American yellow, 64¢ a bu; del'd; No. 3, American yellow, 62¢; kiln dried mixed, 60¢.

MILL FEEDS—Oat, bran, \$2.25 in sacks at the mill; shorts, \$2.10; Man. bran, \$2.50; del'd in sacks; shorts, \$2.40.

HAY AND STRAW—No. 1 timothy hay, \$17 a ton, on track, Toronto; No. 2, \$16; good oat straw, \$9.

TORONTO LIVE STOCK MARKET

Receipts of live stock at the Toronto City Market on Wednesday and Thursday of last week were 46 carloads, composed of 704 cattle, 131 hogs and about 60 calves. There was little change in the quality of cattle offered, a few good ones, the bulk unfinished. Owing to light receipts on account of the stormy weather, trade was good at firm prices, but no extraordinary quotations were reported.

BUTCHERS.—Choice picked lots were quoted at \$5 to \$5.50; loads of goods sold at \$4.75 to \$5.10 per cwt.; medium, \$4.40 to \$4.60; common, \$4 to \$4.30; cows, \$3 to \$4 per cwt.; canners, \$2 to \$2.50.

FEDBERS AND STOCKERS.—Only one small lot of 10 stockers was reported, that weighed 700 pounds each, and sold at \$3 per cwt.

MILKERS AND SPRINGERS.—About 15 milkers and springers sold at \$30 to \$35 each.

VIAL CALVES.—Vial calves sold at \$4 to \$5.50 per cwt. The market was firm, and choice new milk-fed calves are worth \$7 per cwt.

SHEEP AND LAMBS.—Export ewes, \$4 to \$4.50; rams, \$5.50 to \$6 per cwt.; lambs, \$5.50 to \$6.50 per cwt.

HOGS.—There were only 131 hogs on the market for the two days, all the evening papers reported \$4. Mr. Harris reported prices unchanged at \$3.15 per cwt. for selects, fed and watered.

REPRESENTATIVE SALES.—McDonald and Mayhew sold 10 butchers, 100 lbs. each, at \$4.55 per cwt.; 12 butchers, 110 lbs. each, at \$5; 27 butchers, 100 lbs. each, at \$3.85; 10 butchers, 600 lbs. each, at \$2.80; 18 butchers, 100 lbs. each, at \$3.15; 1 bull, 2170 lbs., at \$4.05; 1 bull, 1310 lbs., at \$3.10; 2 milch cows, 600; 3 milch cows,

Consumption of Potash Doubled in One Year!

STATISTICS show that during the year ending June 30th, 1907, almost exactly double the amount of Potash was consumed for Agricultural purposes in Canada than during the previous year ending June 30th, 1906, which proves that Farmers are becoming awakened to the fact that Potash is essential to success in farming.

This highly important Plant Food may now be obtained of all leading Fertilizer Dealers in the concentrated forms of

Muriate of Potash and Sulphate of Potash
