**THE
 NATIONAL
 FARM
 Cream Separator**

Manufactured by the Raymond Mfg. Co. of
 Guelph, Limited, manufacturers of the
 celebrated Raymond Sewing
 Machines.

THE National is an up-to-date machine,
 leading all others in separating cream
 by centrifugal force. It is the farmers'
 choice, because it runs easy, skims fast and
 clean, and makes a perfect cream, contain-
 ing any per cent. of butter-fat desired. It is
 also easier to clean than any other. The
 National is built of the very best material
 suitable for the construction of a high-speed
 machine, and with proper care should last a
 lifetime. The bearings are interchangeable
 and easily adjusted. Every machine is guar-
 anteed to do good work, and a trial of the
 "National" is solicited before purchasing
 any other. The already large sale of the
 "National," and the growing demand for it,
 shows how much the Canadian farmers ap-
 preciate a Canadian-made machine that does
 its work so easily and well, and at the same
 time returns such a large profit on the small
 investment. Ask for the "National"; try
 it and buy it.

Cheese and Butter.

Makers of these articles, in many instances, do
 not pay the necessary attention to the quality
 of the Salt they use. Some people think
 that "Salt is Salt," and it does not matter
 where it comes from or who makes it. This
 is a great mistake, for it is essential that to
 produce the best Butter or Cheese nothing
 but the purest Salt should be used. The
 number of prizes obtained by users of—

at the various exhibitions is conclusive proof
 that these brands of Salt stand unrivalled.
