

One Million Dollars

Have Been Spent to Give Liquozone Free to the Sick.

When we purchased the rights to Liquozone, we decided to buy the first bottle and give it free to every sick one we learned of. We published the offer in nearly every newspaper in America, and 1,800,000 people have accepted it. In one year it has cost us over one million dollars to announce and fulfill the offer.

Don't you realize that a product must have wonderful merit to make such an offer possible? We have never asked a soul to buy Liquozone. We have published no testimonials, no physician's endorsement. We have simply asked the sick to try it—try it at our expense. And that is all we ask you, if you need it.

Kills Inside Germs.

Liquozone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it can-

not kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissues too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Liquozone its worth to humanity. And that worth is so great that, after testing the product for two years, through physicians and hospitals, we paid \$100,000 for the American rights.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

GOSSIP.

Mr. E. C. Atrill, Goderich, Ont., reports the following recent sales from his Ridgewood farm herd of Shorthorns: To James Chisholm, Dunlop, the two-year-old heifer, Ridgewood Duchess of Gloster, and heifer calf, Ridgewood Duchess of Gloster 2nd; to James McManus, Leburn, Fancy 2nd, Vol. 20; to Fred Moss, Auburn, Village Queen, Vol. 20. Mr. Atrill, in his advertisement, offers for sale the red bull calf, Violet Archer, calved February 2nd, 1904, got by Imp. Nonpareil Archer =45202=, and out of Imp. Veronica =48606=. Mr. Atrill has recently purchased from Capt. T. E. Robson, Ilderton, Lady Dorothy 41st (imp.), by Pride of Fame (81886), dam by Scottish Victor.

Mr. W. R. Safford, manager of Isaleigh Grange Stock Farm, Danville, P. Q., writes: "We have again to change our advertisement as the bull calves previously offered have been disposed of. Will now make a special offer of a typical Ayrshire bull calf, three months old, by Imp. Full Bloom, dam Fairy Queen (imp.), better known as the big white cow, an excellent show cow with fine udder and teats. The calf is white with brown spots on neck and sides, beautiful head, neck and withers, deep barrel, strong, straight back to setting on of tail. Although a very stylish calf, will be sold to the first person sending check for one hundred dollars."

James Brown Potter was talking about absent-mindedness.

"Usually," he said, "the errors of the absent-minded are merely ludicrous. They don't cause embarrassment or pain. The last time I was abroad, though, I witnessed a piece of absent-mindedness that was embarrassing and painful to the last degree."

"I was dining in Oxford, and the guest of honor was a bishop. He was old and mild and thoughtful, and I was not surprised to hear from my neighbor that his head was continually in the clouds and his thoughts continually wandering."

"It seems that this bishop had once lived in the house of our host. That fact, probably, was what caused him to forget that he was dining out. As the dinner—a rather poor one—drew to a close he turned to his wife and said:

"My dear, I am afraid we must pronounce this cook another failure."

IMPORTANT SALE OF PURE-BREDS.

Mr. C. R. Gies, Fairmount Stock Farm, Heidelberg, Waterloo Co., Ont., advertises in this issue a dispersion sale of his pure-bred stock, on December 21st, when he will sell, at auction, his entire stock of Holstein cattle, Yorkshire hogs, and Dorset sheep. His Holsteins number some 20-odd head. The very promising young bull, Sir Fairmount De Kol 2448 is at the head of this herd. He was bred at the Ontario Agricultural College; sire Pledge De Kol 1295; dam Margaret 4th 720. Anyone posted in Holstein breeding will see at a glance that this bull is richly bred. The young stock in the herd are mostly by this sire, and promise well for usefulness as dairy producers of high rank. Maid of Maple Lawn 196 C., 22404 A., bred by Samuel Holman, North Parma, N. Y., now an aged cow, has produced Mr. Gies some excellent stock, several of them doing good service in the herd now. This cow has a record of 80 pounds milk per day. She was sired by Iras King 12029, dam Patti Trifle 15706. Maid of Fairmount 3833 and Duchess of Fairmount 3832, four and five years old respectively, are from the old cow, and by Wedo's Cornelius 1208. Flora G. 2206, an excellent milker, is still in good form. At the Guelph dairy test she gave 118 pounds milk in 48 hours. There are several others worthy of mention, which we may call attention to before the sale.

About 30 Yorkshires, mostly sows, will also be sold at this sale; foundation mostly from O. A. College, J. E. Brethour's and D. C. Platt's breeding. The stock boar, Corrector 9331, by Oak Lodge Postmaster 2nd 5068, dam O. A. C. 679, is a good hog that is nicking well with Mr. Gies' sows. Parties interested in this class of stock, or who desire to improve their stock in these lines, should look up the advertisement and send for the catalogue.

A CURE FOR WEAK MEN

Every weak man wants to be strong. You have tried drugs, as they failed, you believe there is no cure for you. Now, you are in error, as I can prove by the thousands of testimonials I have received from grateful patients in every Province in the Dominion, and as I can prove to you in your own case if you will let me. Most of my patients are people who come to me as a last resort and have gone away cured. You can be cured, too, if you will come to me. All I ask is a fair chance to prove to you that my drugless method cures. No one is weak without some good reason for it. It matters not whether it is by overwork, exposure or dissipation, I can restore your lost strength, fill your nerves with Electricity (which is the foundation of strength), make you feel bright, happy, full of energy and ambition—a renewed person. Come to or write me to-day and I will cure you with my

DR. McLAUGHLIN'S ELECTRIC BELT

It is a pleasure to wear my Belt. You put it on when you go to bed and get up in the morning with increased strength and glad to begin your day's work. My Belt never burns and blisters as do the old style (so-called electric) belts. I have a Special Electric Attachment which I give free to every man who wears my Belt. This attachment carries the current direct to the weak parts and fills them with its warm, vitalizing power, causing the blood to again circulate in a free and natural way, thus bringing about a sure and lasting cure. Weakness, Varicocele, Rheumatism, Sciatica, Weak Back, Lumbago, Kidney, Liver or Stomach Trouble, Indigestion and Constipation are all quickly cured by this New Method of mine for applying "Electricity." Don't put it off any longer. Act to-day. To-morrow may be too late.

Permanent Cure for Back Trouble.

Dr. McLaughlin,

Dear Sir: In regard to the Electric Belt, which I got from you nearly a year and a half ago, I can now say that I am a cured man. I should have written to you before, but I thought I would wait awhile to see if my trouble would return. When I first put it on I only continued its use for twenty-one days, when I was completely fixed up. One of my neighbors wanted to buy it from me, but I refused to part with it. The permanency of the cure to my back is beyond all doubt. Yours truly, T. H. WHEATLAND, Mandan, Man.

The confidence I have in the wonderful curative powers of my Belt allows me to offer any man or woman who can give me reasonable security the use of the Belt at my risk, and they can
