

# PEASE "ECONOMY" BOILER

California weather in every room  
the cold winter months

"Economy" Boilers combine comfort with low cost. They give out nothing but pure, clean heat, making every nook and corner of the home liveable and enjoyable. "Economy" Boilers put new life into old houses, and are the heart of the most modern heating system for new buildings. Easy and safe to operate, "Economy" Boilers embody special advantages which insure the greatest volume of heat from the smallest consumption of fuel. The firepot, being corrugated, has one-third more live heating surface than ordinary firepots. This also provides a continual draft, insuring lively combustion where coals lie dead around the ordinary smooth interior—another proof of the perfection of "Economy" construction. You should know more about "Economy" Boilers before investing in any heating system. Send to-day for free booklet—"Boiler" Information.

**PEASE FOUNDRY COMPANY**  
LIMITED  
Toronto - Winnipeg

NOTE—We manufacture exclusively Warm Air, Hot Water, Steam and Combination Heating Systems.

## "Galt" Shingles

The new "Galt" Steel Shingles and Sidings are the surest protection from the fiercest storms that rage—yes, even lightning storms.

They are made from the Best British Galvanized Steel Plates, which shed lightning like water from a duck's back.

No wind, rain or snow can penetrate the new Gale-proof, closed-end side-lock or the continuous interlocking and overlapping bottom joint. They are twice as securely nailed as any other—that's very important.

They are easily and quickly laid, and the Bold Gothic Tile pattern makes a very handsome roof.

They cost no more than ordinary metal shingles—why not have the "Galt Kind?" Our free Catalog "R-3" explains all about them.

THIS IS THE SHEET METAL AGE.

THE GALT ART METAL CO. LIMITED, GALT, ONT.

Sales and Distributing Agents: Dunn Bros., Winnipeg and Regina.

## Mica Roofing

For flat roofs, waterproof, fireproof, laid cheaper than other roofing. Send stamp for sample, and price paper.

### GOSSIP.

#### CO-OPERATION IN BREEDING

In our Gossip column of the October 6th issue, reference was made to the important purchase by R. E. Hicks, Newton, Canada, Ont., of a young son of King Squire, to head his splendid herd of Holstein cows. Regarding this, Mr. Hicks writes: "Your reference in the issue of October 6th, to my purchase of a high-class Holstein bull, needs just a word of explanation. In co-operation with four of my neighbor breeders, a bull has been secured for the use of all, that alone, not one of the parties interested could or would have purchased, the cost being practically prohibitive. I am aware that there are difficulties to be overcome in the carrying out of an arrangement of this kind, but the fact remains that the co-operation of breeders in any locality is about the only method by which the best bulls of the breed can be obtained for more general use. This is a subject that should commend itself to the most serious consideration of breeders who are situated in a manner that would make such an arrangement possible. Co-operation is becoming the chief feature in the disposal of Canadian dairy products; co-operation might also be introduced to assist in the production of a greater number of good cows, by the diffusion of the very best blood among the herds."

#### MAPLE HALL SHORTHORNS

For nearly fifty years, the Maple Hall herd of Scotch Shorthorns have been in continual existence without a dispersion, and recognized by those competent to speak with authority, as one of the best-bred and individual herds in Canada, the property of David Birrell & Son, of Greenwood, Ont., one of the earliest importers of Scotch Shorthorns to Canada. No herd of the present or past in Canada has had more care exercised in the selection of herd-heads. In all those years, bulls of Cruickshank blood, or breeding, have been preferred, the majority of them of Mr. Birrell's own importation, an enumeration of a few of which will show the high-class character and fashionable breeding that has prevailed. Scotsman 2nd (imp.) was a bull of massive scale, thick and smooth; Lewis Arundell (imp.), a high-class bull that finally went to Illinois for a long price; Premier Earl (imp.), a Cruickshank Village-bred bull, whose grandam was by the great champion of England; the renowned Cruickshank Victoria bull, Indian Chief (imp.), who left so many prizewinners; the Shepherd Rosemary bull, Blue Ribbon (imp.); the Maid of Promise bull, Royal George (imp.); the Golden Drop bull, Royal Prince (imp.), and the present Marr Clara-bred bull, Spicy Count (imp.), a son of the great Spicy King, dam Carnation, by Favorite, grandam Clara 31st, by Hercules. The females are nearly all descendants of cows imported by Mr. Birrell, the originals being 34th Duchess of Gloster, by Dunblane, bred by Cruickshank, and Crimson Flower, by Refiner. The major part of the herd are of these two well-known and popular tribes, a number of the others are of the most popular Cruickshank Butterfly tribe, others are of the Shepherd Rosemary and Wedding Gift tribes. Of such breeding as this there are seventy head that make up the herd as at present, a thick-fleshed, early-maturing, up-to-date herd. There are ten two-year old heifers, daughters of the present stock bull, that are being bred to that renowned sire of high-class stuff, Uppermill (Omega (imp.)). These heifers are thick-fleshed, and among them are show material, and, being in calf to that great bull, they are certainly attractive to anyone looking for choice animals. In yearlings there are fifteen, among which are Toronto winners, and certainly many show things. All these are for sale. In young bulls, there is one 18-months-old Duchess of Gloster, by the stock bull, that is an attractive young bull. At Toronto this fall, in a class of nineteen, he won fourth place; he is a first good type, thick-fleshed, even and smooth. There are twelve other bulls from seven to twelve months of age that are for sale. Their breeding is the very best, their type is modern, and the number gives a big range for selection. They will be priced right.

## Barn Roofing

Fire, Lightning,  
Rust and Storm Proof

Durable and  
Ornamental

THE COLUMBIA  
HAY PRESS CO.,  
Kingsville, Ontario.

If you would make me satisfied with life, give me a bluegrass pasture where, in assimilative contentment, the cows lie down in peaceful nooning to store away the gathered products of the soil that, all unconsciously, they may yield regular and triumphant dividends to a business whose common-sense principles are founded upon the honest needs of all mankind. I know not how better to describe the meek and tender-eyed cow, than to say with him of superlative wisdom: "Her ways are ways of pleasantness, and all her paths are peace"—and profit, to sire and son and soil.—Exchange.

## WAS UP AGAINST A HARD COMBINATION

But Dodd's Kidney Pills  
Vanquished Them All.

Sundridge man suffering from Gravel,  
Diabetes and Dropsy finds an easy  
and complete cure.

Sundridge, Ont., Oct. 24.—(Special.)—Gravel, Diabetes and Dropsy are a terrible combination for one man to have. It means that his life is in the gravest danger, unless, like George Vanhooser, a well-known resident of this place, he finds the simple and natural cure. Here is the story Mr. Vanhooser tells, and all his neighbors know every word of it is true:

"I had pains in my back and across the loins. My stomach would swell, I was constipated, and I had sharp, cutting pains in my bladder, which made me sure that I was suffering from the terrible Gravel. The doctor attended me, but I kept getting worse every day."

"Others had told me of the great good Dodd's Kidney Pills had done them, and I determined to try them. Six boxes made a new man of me."

Gravel, Dropsy and Diabetes are all either Kidney Diseases, or are caused by diseased kidneys. The easy and natural way to cure them, is to use Dodd's Kidney Pills. They never fail to cure any form of Kidney Disease.
