MOTT'S BROMA.

THE following observations having reference to the preparation of BBOMA, appeared it a

late number of the lie-ten Medical Journa' :-"A few years since a great manufacturer of Broma sought the opinions of many medical gentlemen of distinction, for the purpose of having an unobjectionable food for invalids, and was seeured that he had fully succeeded. Hospitals, infirmaries, and households generally, should always be provided with it. When gravil, arrowicot, groats, barley, storch, rice, farina, and many other things ordinarily resorted to for patients are of no stility the Broma is sometimes relished. It is believed that these who use it as a beverage will have manifest diatetic advantages over the consumers of ten and cuffie. We see it stated that during the last summer those individuals who were continually using Chocolate or Broma neither had attacks of cholers or dysenteric affections, while others of the same families, taking their daily potations in ten, coffee, or simple cod water, were the sufferere, if any. We cannot vouch for the trath of this but it has recalled to mind the statement that the al dealers in Lundon have been free from cholers or the choleroid symptoms And it has been fur ther observed, that persons who were taking cod liver oil for chronic difficulties, during the preva-lence of the inte epidemic, were not affected by it Vegetable oil in the first instance, and animal oil in the last, taken internally, would appear, by these ethiements, to have secured those who took them from the shelts of the postilence. It is certainly a point well worth while to determine, whether the chocolate drinkers have been secure to ther infected cities."

MOTT'S BROMA has now been before the public for a considerable period, and along with the commendations of the Medical Paculty of this and the naighbouring Provinces, it has received the approbation of all classes of consumers.—It is held to be an article of standard reputation, and the demand for it is constantly increasing.

Dn. S. P. Townstwp—Dear Bir: I have suffered terribly for nite years with the Rheumatism; considerable of the time I could not set, aloop or walk. I had the utmost distressing page, and my limbs were terribly swellon. I have used four bettles of year Fersaparilla, and they have done me more than one thousand dollars worth of good, I am so much better—indeed I am entirely relieved. You are at liberty to use this for the benefit of the afflicted.

Yours respectfully, JAMES CUMMINGS

The Ros. John Seger,

Of Jercey City, an old and highly respectable elergyman of the Baptist Denomination, handed in the following cordificate at Dr. S. P. Townsond's office. It speaks for itself. S. P. Townsend's effice. It speths for itself.

Da. S. P. Townsenn—Deer Sir: I am constrained to give you u statement of the benefit I dorived from using your Sarusparilia, believing, by so doing, I shall render a baseb! to those who are saffering as I have been. I was reduced for many menths by the Dyspepaia, so much that it was with much fifficulty for me to walk or keep about. I had also a totics, which severed the most part of my head—which was extremely troublement and mer: if got to be almost a coth. I need quite a number of remedies for both the complaints, but received little or me basedt, until I took your Sarraparilla, which, through the hisdness of Providence, life restored me to more than my usual health, as I am now onjoying better than I have for a manber of years. I am now onjoying ngo. I believe it to be an invaluable medicine, and recommend it to my numerous sequalitances, which is very large, as I have been a minister a great many years. I know the heavy decide may be as much benefit to you as your medicine he to me.
