THIS ORIGINAL DOCUMENT IS IN VERY POOR CONDITION

THE FARMERSVILLE REPORTER.

General News.

The prospects of a big show at Unionville is the best for years.

Mr. Vanderbilt is said to have admitted that he is worth \$194,000,000. Kingston-Catholics will spend \$40,000 on their cathedral.

A man in Maine recently sold a quantity of hay that had been cut twenty-two years, for \$22 per ton.

Orange peel is now said to be collected, dried in ovens, and then sold for kindling fires. It burns readily and with great fierceness, and is safer than kerosene.

A French photographer has invented a process by which a photograph can be transferred to the thumb nail. It is fixed by chemicals so it will not wash off.

Mr. Donald B. Smith will import per the Corean a first prize Highland bull and six heifers for the farm at Silver Heights, Manitoba, the object being to test these cattle for the Northwest.

Hundreds of Orangemen attacked the Roman Catholic church yacht at Henley Harbor, threatened the missionary, Father Lynch, with death, tore down the Papal flag, and tarred the yacht.

There was a heavy frost in Quebec, on Monday night, and oats, potatoes, and most other vegetables in the surrounding country were badly damaged. The mercury fell 40 degrees in 48 hours.

James Gordon Bennett, it is said, has turned over a new leaf with regard to drinking. Not only has he not tasted a drop of intoxicating liquor for the past six months, but he has agreed to forfeit \$50,000 if he indulges to the slightest extent for a year to come.

Capt. Trayner's dory has been run into by a steamer during a fog and wrecked. Trayner was picked up and brought to St. Pierre. He intends to repair the boat. This is the man engaged in the work of bringing a dory across the Atlantic alone.

In mowing the wild grass that grows about the borders of Washoe lake, Nev., the workmen in the morning frequently come across belated catfish that have been ashore bug hunting during the night and are just making their way back to the lake.

A 4-year-old son of Mr. Harrington, of Duncannonville, had his leg cut completely off by a mowing machine on the 20th. He was in the field with his father, and stood in front of the machine for a moment while Mr. Harrington went to another part of the field. The horses started, and the blade of the reaper cut the poor little fellow's leg off. He is doing as well as can be expected.

A more terrible calamity has not taken place in Port Hope for many years than that which on Sunday afternoon befel Mr. Joseph Cooper in the burning to death of his infant son, aged 8 months, and the total destruction of his residence and its contents. The origin of the fire is a mystery but it is the prevailing opinion that the eldest child of the three left in the house, the youngest of the family being for the time absent, set the place ablaze through play with matches.

L. L. L.

The following is a sample of the many letters we receive for our Lamb's Lubricating Liniment, and shows to the public its fame is fast becoming known abroad as well as home. One bottle will convince the most incredulous of its wonderful curative powers:

LANCASTER, June 20th 1884.

Mr. J. P. Lamb,

DEAR SIR:—Please send me one dozen of your L. L. Liniment as soon as possible, as I intend going away soon and I want to take some with me, it is such a good medicine to keep in the house for almost every complaint or accident. We think it will cure almost anything, and have, as you know, used it a long time, always giving the best satisfaction.

Mother is troubled with the rheumatism and it always helps her and the only thing she ever got to give her relief. We would not be without it for a good deal and hope it may become widely known that it may give relief to many sufferers.

Yours truly,
ANNIE J. NICHOLSON.
