In a letter received from Mrs. Percy Reid (nee Gertrude Macpherson) which was written on Jan. 21st Whitehorse, Yukon, she says: "It is 61 degrees below zero here to-day. Yesterday it was 73 degrees below, and when I was outside I really never felt the cold any more than in Chatham at zero. Men are out without their overcoats and children are playing on the streets, and I never felt better than I do now."

There was a splendid attendance at the hockey team benefit held at the skating rink on Friday night. The Regiment Band furnished good music, and the ice was in splendid condition.

JUST A LITTLE BIT
OFF THE TOP

Anyone desiring to see how a business session of a business Legislature is conducted by a business Government should keep an eye on Toronto for the next few days.

P. H. Bowyer, M. L. A., of East Kent, had something to do with moving the address to the Throne. He also had a great deal to do with moving that big Conservative convention on Saturday. When he came in the delegates for a moment forgot that anybody else was there.

It was a hoarse bunch that walked out of the Auditorium last Saturday afternoon. Maybe that is the reason Hon. Mr. Beck had for saying that there were a lot of good "horses" in Chatham.

Hon. Adam Beck is evidently a driver. He certainly drove home a few straight facts during his speech at the convention.

The Liberal-Conservatives of West Kent are statesmen, not politicians, was the way President Dr. A. W. Thornton put it on Saturday.

There was not a word of dissension from the "old time" Conservatives either.

Probably A. B. McCoig will now have more reasons than one for seeking the "back concessions."

McCoig says Clements was whipped in line in the Dominion House. If this is a sample of his campaign tactics, Archie will never be able to say that about himself. He will be whipped before he has any chance to even run for the Dominion House.

Archie will need the whole of that three years in reading up Dominion politics.

In reading over Phil Bowyer's speech in the Legislature, more than one staunch Liberal has been impressed with the fact that he makes the same kind of a speech in Parliament as he does in the country school house.

Organize the districts, was Herb's advice, and that gentleman knows something about running a campaign. This is all that remains to be done.

About the only thing those American papers did not publish in connection with the Roosevelt wedding were the private conversations between "Albie" and "Nick." If they had they might have learned something to their own interest.

JUNIOR PERSONALS

The following Junior Personals were received too late for Saturday's issue:

McKEOUGH SCHOOL.

Miss Grace Irving is visiting friends in Oxford, Ont.

Miss Margaret Stringer returned to school Friday afternoon after a severe attack of illness.

Miss Gertrude Irving visited friends in Wallaceburg Tuesday.

Miss Dorothy Hodgins visited McKeeough school Friday afternoon.

Miss Laura Crowe visited McKeeough school Friday afternoon.

Miss George Robinson, who has been absent from school for a week through an attack of grippe, is able to continue her studies.

Mr. J. H. Watson has returned from his visit from Dolson's farm.

Miss May Lampard, who has been absent from school for a week through an attack of grippe, is able to continue her studies again.

STUDENTS FIGHT DUEL.

Affair of Honor Settled That Way in Philadelphia, Pa.

Philadelphia, Pa., Feb. 12.—Two students at the University of Pennsylvania, who had fought a duel on Franklin Field with foils to settle a dispute which occurred in the class room, the principals were Georges Emile T. Tram and Claude Marie Boudy, both of Paris. The two men are members of the senior class of the University Dental School. The meeting was witnessed by thirty-five students. Plans were made for the fight.

The bout lasted for 15 minutes. Toward the end of the affair Boudy, who did most damage and who was the only one to bring blood, slashed Beltrami sword fashion, inflicting a gash about 4 inches long. The referee, however, awarded the bout to Beltrami, inasmuch as he had made the first three touches upon his opponent's body.

Pulls Madman 400 Miles.

Edmonton, Alberta, Feb. 12.—Sergeant Field of the Royal Northwest Mounted Police has just arrived from the Fort Chippewa district with a trapper named Brown, who had been a raving madman on account of the solitude of his surroundings. The 400-mile trip was made under most trying difficulties, owing to the fact that Brown was in such a condition that he was obliged to be strapped him down on the dog sled. The madman refused to eat, and Sergeant Field was obliged to force food into his mouth.

Church Census at Dawn.

Paris, Feb. 12.—The Government finally has found the means of terminating inventories of the church property without fights and scandals. The method consists in sending treasury inspectors to the churches at six o'clock in the morning while the faithful are yet in bed. By this procedure the inventories in Paris have been effected without trouble. Inventories in half the churches of France—that is about 20,000—are now finished.

Learn Dress - Making
IN TWO WEEKS

Why spend months and months at a shop where you do nothing but sew, overcast, sew on buttons and eyes, etc., for weeks and weeks and then after you are through what did you learn about cutting? Absolutely nothing! For you will know no more how to cut out a dress at the end of the year than you did the first day you went there.

We teach you how to use a system the first day you are with us, after that you commence cutting. We teach you how to put your goods in coats, skirts, suits, wrap-pers, dresses, in fact everything in dress-making, including sailor collars, bertha's, belts, girdles, etc.

We teach you how to put together everything in the fashion books, from the plainest shirtwaists to the most elaborate toilette. Whether you be the wife or daughter of a farmer, laborer, mechanic, merchant or millionaire, you should learn dressmaking. No accomplishment you can acquire will prove to you of such everyday, life-long value as a practical knowledge of dressmaking. Consider what you will be able to save by being able to make your own garments. We have taught girls, who after taking a course with us, have started a dressmaking shop and run it very satisfactorily.

We have taught over 1,500 girls in this way within the past 4 years and all said they were more than satisfied after completing the course.

Charge for full course is only \$10.00, to be paid when through it satisfied. And we give to each person a system worth \$5.00 free. No pay in advance and none at the end, unless you are thoroughly satisfied. We will teach at Chatham from Mar. 9th to Mar. 26th, 1 course from 8.30 to 5. All wishing to learn, or for full particulars to see us at the Garner Hotel, on Thursday, March 8th between 10 and 5 o'clock.

Instructors in Dress Cutting,
Stratford.
