

McClary's Magnet Furnace

The man who has been provoked well-nigh to desperation when trying to squeeze fuel through the ridiculously small opening provided on common furnaces will appreciate to the greatest extent the advantages of the generous feed-door of the "Magnet."

It's the entire width of the fire-box, and very deep. Large enough to easily admit big, rough chunks of wood, that would otherwise either have to be chopped up or wasted.

And this feature is only one of the many possessed by the "MAGNET"—the furnace built on sound, sensible lines.

Built for wood, but will also burn coal.

Sold by enterprising dealers everywhere.

Wedding Bells.

CROCKER-McKEE.

Fredericton, June 26.—A very pretty home wedding took place this afternoon at the residence of Mr. and Mrs. Hamilton McKee, when their eldest daughter, Miss Mabel B. McKee, was united in marriage to Dr. J. Burton Crocker, dentist, and third son of Mr. Christopher Crocker, surveyor, of Millerton. The ceremony was performed at 4 o'clock by Rev. Willard MacDonald, in the presence of immediate relatives of both parties. When the ceremony was taking place the bridal party stood beneath a beautiful bower of evergreen with white snowballs here and there, the entire parlor being handsomely decorated. The bride was given away by her father and was becomingly attired in ivory satin lace over dress and wore a bridal veil of tulle and orange blossoms. She was attended by her sister, Miss Maude McKee. Miss Belle Sheffield, of Kentville, N. S., presided at the piano. At the conclusion of the ceremony a wedding supper was served in the dining room, which was beautifully decorated. This evening Dr. and Mrs. Crocker will leave by the C. P. R. express for their honeymoon to Boston, New York, Washington and other American cities. Among the presents was a beautiful carved oak rocker from the bride's graduating class at the U. N. B., the class of '99. The groom's present to the bride was a handsome pearl and diamond pendant, while to the maid of honor he gave a hoop of pearls.

SULLIVAN-FOX.

The marriage of Mr. Allan Sullivan of Douglstown and Miss Teresa Fox, a popular young lady of Bartibogue took place on Wednesday afternoon June 26th at St. Peter's church, Moody's Point, Bartibogue. Rev. William Morrissey performed the ceremony.

The bride was gowned in a dainty dress of white silk trimmed with Valenciennes lace and insertion, with patent hat to match. She was attended by her sister Miss Mamie Fox, who wore a gown of white silk organdie trimmed with lace, and hat to match. Mr. Martin Fox, brother of the bride supported the groom.

Many costly presents were received showing the esteem in which the bride and groom are held. The groom's gift to the bride was a handsome gold brooch set with diamonds; to the bridesmaid a gold bracelet set with amethysts. To the groomsmen he gave a gold stick pin.

After the ceremony the party drove to the home of the bride's father where a supper was served to the immediate relatives and friends. Mr. and Mrs. Sullivan will reside in Douglstown.

HEBERT-LEGERE.

Mr. Charles D. Hebert, School Inspector of Kent County, the Parish of Rogersville, and the eastern parts of Westmorland, was married at Cocagne, on the 24th ult., to Miss Alma Legere, daughter of ex-councillor D. Legere. Rev. Father Tessier of St. Joseph's College performed the nuptial ceremony. Mr. and Mrs. Hebert will reside at Shediac.

TOZER-TOZER.

A very pretty wedding took place on the 26th June, 1907, when Mr. Wm. Burton Tozer of Little South West and Miss Annie J., daughter of Mr. Wm. Tozer of the same place, were united in marriage at the United Baptist assemblage in Whitneyville by Rev. N. Thorne.

Mr. Hazel Tozer was best man and Miss Ethel Tozer, bridesmaid.

THE BALMORAL

TRAGEDY.

Jury Unable to Agree as to Seely's Responsibility.

Dalhousie, N. B., June 26.—The coroner's court in the Fontaine yesterday. A large number of spectators were in attendance, including the widow of Peter Fontaine.

Dr. Martin gave evidence regarding the post mortem examination of the remains made by him on Saturday. His evidence corroborated that of Dr. Disbrow as to there being only two bullet wounds in the body, both caused by a 32-calibre bullet.

After five and a half hours deliberation the jury returned a verdict to the effect that the deceased was shot by Constable Seely, but they could not agree as to whether the shooting was criminal.

ANOTHER TRANS-

CONTINENTAL.

One of the most interesting and momentous railway schemes ever put forward is about to be taken in hand by the Government of Australia.

Arrangements have practically been made for the construction of a railway line across Australia from north to south, which, in turn, will be connected with Western Australia on the west, and Queensland, New South Wales, and Victoria on the east. This will mean the development of the "back blocks" of Australia, containing hundreds of millions of acres of some of the finest pastoral country in the world, and of a considerable area of mineralized country. The total cost of the construction of the Trans-Australia line will probably not be less than \$30,000,000. The branch connecting with Kalgoolie will probably require not less than \$25,000,000.

WORLD OFFICE.

LOOTED AGAIN.

The office of the Chatham World was again burglarized on Monday afternoon, while the staff was away to the circus. The safe was open, and the burglar broke open the drawer inside, getting about a dollar for his trouble. The burglar was seen leaving the premises, and is described as a youth of about 18, with wavy hair, wearing a black or blue coat with a stain on the back, and a cap. On Saturday night a thief entered A. C. McLean's store by removing a pane of glass. He only found a few cents in the cash drawer, and did not take them.

JAPANESE LOSSES

IN LATE WAR.

The exact loss of the Japanese in their late war with Russia has at least been discovered. On May 1st, 1907, there was celebrated at the Yasukuni shrine in Tokio the third and last great ceremony in honor of the souls of the dead patriots of the war. Because the emperor had decided that no man's soul shall be slighted because of political pining down the list of casualties the ceremony which took place on May 1st was all inclusive. It took in those to whom former honors were done, those that died of their wounds after the termination of the war and, by imperative order of the emperor, those non-combatants who lost their lives in the discharge of their duties in both branches of the service.

A total of the souls worshipped at the three ceremonies gives the complete toll of the war as far as the Japanese war and naval officers have been able to verify the records. It is as follows:

Souls	Worshipped.
first ceremonial	29,550
second ceremonial	30,877
third ceremonial	24,421
Total	84,848

One authority has it that the Russian dead and wounded during the war amounted to 388,500, but if this number he does not specify how many were killed.

UNCHANGING LOVE.

The love of God is a mighty even the depths of which, can never be fathomed, and it is only when aided by the Holy Spirit that we are enabled to conceive of it in even the faintest measure. It is inexhaustible, the more we learn with regard to it only serving to show how ignorant we were before.

And yet, so simply and fully has God laid this love before us that even a little child can comprehend it. The fullness of the love of God is seen in Christ Jesus, and just as we are able to take Him into our life, and learn of Him, just so far are we enabled to comprehend the wonderful love of God—wonderful from whatever point of view we gaze upon it.

It is unchanging—yesterday, today and forever the same—Past, Present and Future all alike to Him—a golden chain of love coming from our Father's hand, straight from His throne, encircling the whole earth, entwining around the hearts of the humblest believers, and thence stretching back to its source—blessed continuity!

How different with earthly affections? We were well thought of yesterday, to-day slighted, and to-morrow forgotten. No continuity here. Past, Present and Future having each their separate histories, hopes, aspirations and histories while upon each is written—Change and Decay.

And not only is the love of God unchanging with regard to its duration, but this is also true as to its character.

It is not hot one day and cold the next it is always alike. Men in some respects are creatures of circumstances, liable to be influenced by their surroundings, and as these constantly change, so men change with them. How much disappointment, sorrow and heart-anguish follow the wicked. These changes many know to their cost. Hence how sweet the God-given knowledge, that Jesus, the express of our Heavenly Father's love, abideth evermore the same. Remembering this, may the Divine light that He has kindled within us shine forth brighter and clearer until the day of his appearing.—Rev. F. T. Snell in Grangeville, (N. B.), "Son Light."

STORM AT TRACADIE.

The storm was much heavier at Tracadie than here, several buildings being struck, and was accompanied by hail stones. A violent wind was blowing. Mr. Albert Robichaud's house was struck but not much damaged. Mr. Robichaud was in bed and had just been called by his wife to see the wind destroy his fences and level the wood pile, when a bolt came down the chimney, breaking the bed to pieces. Mr. Adolf St. Peter had his house badly damaged. He suffered most severely from the storm. At Big River a man by the name of Brideau lost a large quantity of hay and oats. Some of the telegraph poles are down. The storm began about 1 o'clock p.m.—W. W. L.
