Small Pills. Small Dose. Small Price.

NEW CARLISLE

The marriage of Miss Yvonne LeBel, third daughter of Mr. and Mrs. L. P. LeBel of New Carlisle, to Mr. H. A. Bidard, manager of La Banque Nationale, took place on Monday, the 17th inst., at the St. Etienne church, which was prettily decorated by friends for the occasion. The Rev. P. LeBel officiated. The bride, who was given away by her father, was unattended and wore a costume of Alice blue broadcloth and black beaver hat, trimmed to match. Mr. Francis Maguire, a young advocate of New Carlisle, attended the groom.

Immediately after the ceremony a breakfast was served at the home of the bride's parents, after which Mr. and Mrs. Bidard left for Quebec amid showers of rice and confetti and followed by the good wishes of many friends.

Mrs. Sheppard entertained at afternoon tea on Thursday, the 20th inst., in honor of Miss A. Bedard, who was leaving to make her home in Quebec, much to the regret of her many friends here. After tea was served Miss Bedard was presented with an address signed ring and other tokens which showed the high esteem in which she was held in this community.

Miss S. Day was suddenly called to Grand River last week to nurse Mr. LeGallais of St. Godfroi, who lost his leg in a train accident. Mr. LeGallais is well known here and has the sympathy of many friends.

Rev. and Mrs. Wilson, accompanied by Mrs. Smith left by train on Wednesday for their home in Waterville. A very enjoyable evening was spent at the home of Miss Gracie Flowers on Tuesday last.

Miss Mona Caldwell gave a farewell dance for Miss Maggie Flowers, Mr. Malloy, Mr. Amy, Mr. Belanger and Mr. Blanger, each of whom were the recipients of a souvenir on the occasion.

Miss Eugenie LeBel left last week to visit friends down the coast.

Messrs. J. O. Smeator and H. Scott have returned home from a trip to Nova Scotia.

The many friends of Mrs. Fye welcome her back to New Carlisle and hope that she means to spend some time among us.

Mrs. Clarke and Miss LeBoutillier were in town for the LeBel-Bedard wedding.

Rev. J. M. Sutherland, who was absent during the past week holding teacher's conferences, returned home on Friday.

Miss Eliza LeBel, who has been visiting friends in Maria, returned home on Friday.

The Misses Kempffer entertained at whist on Tuesday evening.

Miss Cecille LeBel gave an impromptu dance and card party on Monday for her sister, Mrs. Clarke and Miss LeBoutillier of Gaspé.

Rev. Mr. Tattre and Mr. Woodburn Sheppard have returned home from a trip to Halifax, New Glasgow and other places in Nova Scotia.

Mr. and Mrs. Roy have left for Matane.

The many friends of Mrs. Matthew Caldwell are pleased to hear that she is gradually improving.

CAMPBELLTON'S FINANCES

An article in the St. John Telegraph of a recent date and copied in the last issue of the Graphic had many inaccuracies which should not go without correction. In an article on Campbellton's Finances the statement is made that it will require \$115,000 to restore the "electric light and educational plants." This is by no means correct. The town officials are asking for authority to issue this amount of bonds, which amount, with the insurance on the property destroyed will be sufficient to pay all outstanding accounts and salaries, and restore the electric lighting plant, sewerage and water, and the school. This is the total sum needed.

Through the judicious management of the electric light manager Farrer has been able to give the town a splendid lighting system at a very small cost, and the plant is now in operation.

The delay of the Dominion Cabinet in dealing with the matter of the assistance to be granted to Campbellton has no doubt been embarrassing to the town, but owing to the continued absence of the Ministers of the crown, and of late the illness of Sir Richard Cartwright, it has been impossible to attend to this business. It seems hardly fair to us for the Telegraph to lay the blame on the local administration. Here in Campbellton we know what the local government intends to do, but it is waiting the action of the Dominion cabinet before it finally deals with the question. This is a very proper course, and is also in the best interests of Campbellton. That the government will agree to assist this town we never for one moment doubted and we hope shortly to announce that the petitions of our citizens has been acceded to.

FINE PLANT IN OPERATION

Electrician Farrer and Assistants Have Done Good Work.

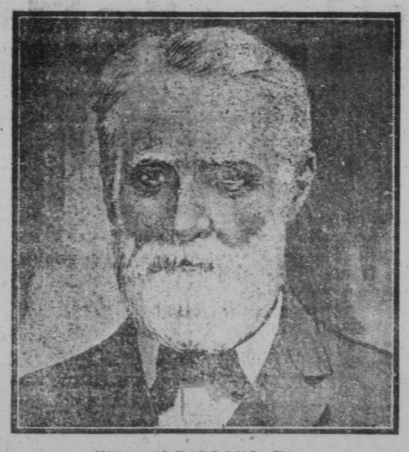

The temporary electric light plant is now in operation and house services are being connected as rapidly as possible, but as there are many, it means much delay, as men able to do this class of work are hard to procure. Today in Campbellton there are a very large number of men engaged in wiring places of business and residences and it will not be long before the plant is earning a large revenue. The street lights will be erected just as soon as it is possible.

The plant installed consists of a large steam engine, one of the ones used before the fire, which has been thoroughly overhauled by the makers, and a generator of the sixty cycle type capable of generating current for 1000 lamps. This latter has been supplied, together with some other equipment, from the Canada General Electric Co., free of charge and is a first class machine in every respect.

In the erection of the out door plant Electrician Farrer and his assistants have done good work. He poles and wiring are of a permanent character, and despite the scarcity of labor was rushed to completion. Mr. Farrer, upon whom practically all the heavy work of the installation of the system fell has proved himself to be a very capable man, and one whom the town should endeavor to keep. After the fire he was offered a very substantial increase of salary to go west and take charge of a plant in a growing town, but like other citizens he preferred casting his lot with the new town of Campbellton. This spirit, backed up by such good work as Mr. Farrer has done in the last two months deserves some fitting reward, and we propose that as soon as the town has in some degree regained its former standing that the chief electrician be given a substantial increase of salary. He earns it, and we are sure all readers of the Graphic who are interested in the town will agree with us.

Seventy Nine Years Young

"Fruit-a-tives" Keeps Health Perfect

OTTERTVILLE, Ont., July 8th 1910.

"I am a seventy-nine year old man, and a great believer in, and user of 'Fruit-a-tives'. It is the only medicine I take, and I can truly say that 'Fruit-a-tives' and exercise keep me in my present good health."

Stricture of the Bowels, was the complaint I suffered from and I found 'Fruit-a-tives' to do me more good than any other remedy. My doctor advised me to stick to 'Fruit-a-tives' and I have done so with the best results.

I have been in business here for a good many years and have been a resident of Otterville for over fifty years, so that if you think this little reference from me will serve to induce some others to try 'Fruit-a-tives', I hereby authorize its publication.

WM. PARSONS.

Obstinate Constipation, Paralysis of the Bowels and Stricture of the Bowels can never be cured by common purgatives, salts, senna, 'liver pills' and oil have positively no action on the liver. They do not increase the secretion of bile, which nature provides to move the bowels. They merely irritate the membranes lining the intestines. One may as well try to cure a headache by pounding one's head against a stone wall, as to try to cure Constipation with common purgatives. 'Fruit-a-tives' is the only true liver stimulant. 'Fruit-a-tives' is fruit juices and nerve tonics, and will always restore the liver to its proper condition and cure the most obstinate cases of Constipation.

See a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Sealed Tenders addressed to the undersigned, and endorsed "Tender for Warehouses, St. John Harbor, N. B.," will be received at this office until 4 p. m., on Monday, October 24, 1910, for the construction of Warehouse No. 7 and the Extension of Warehouse No. 6.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of J. K. Scammell, Esq., District Engineer, St. John, N. B., and Geoffrey Stead, Esq., District Engineer, Chatham, N. B.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works for the sum of three thousand (\$3,000.00) dollars, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted, the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary

Department of Public Works,
Oct 11-2wks

Sealed Tenders addressed to the undersigned, and endorsed "Tender for Extension to Breakwater at Lorneville, N. B.," will be received at this office until 4 p. m., on Wednesday, November 23, 1910, for the construction of an Extension to the Breakwater at Lorneville, Reed's Point, St. John County, N. B.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of E. T. P. Shewen, Esq., District Engineer, St. John, N. B., and Geoffrey Stead, Esq., District Engineer, Chatham, N. B., and on application to the Postmaster at Lorneville, N. B.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works for the sum of two thousand eight hundred (\$2,800.00) dollars which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary

Department of Public Works,
Ottawa, October 23, 1910.

AN EYE FOR AN EYE

The news of the sentence of Dr. Crippen to be hanged came as a surprise to most people on this side of the water. We have become accustomed to reading of the trials in the American courts, with their long drawn out proceedings the artifices and stratagems of the lawyers, the advancing and arguing of all kinds of excuses and pleas for the criminal. This sample of English justice therefore comes as a surprise and is an illustration that the processes of the criminal court in England are still carried on with the object of meting out justice, not for the purpose of allowing expert lawyers to force a camel of crime through a needle's eye of technicality, earning for themselves the while, much valuable advertising.—commercial.

A BANKRUPT TOWN

For the past two months certain St. John papers have from time to time made the startling assertion that the town of Campbellton is practically bankrupt, or in other words it has no property value to represent the bonds outstanding. This assertion should not be allowed to go unchallenged. A few years ago when a local paper barely hinted that the finances of Campbellton were in a bad shape and the town on the verge of bankruptcy the business men rose up in arms and threatened to chase the editor out of town, but today the statement is made and nothing is said in reference to it.

Campbellton for a bankrupt town is certainly a thriving one from a business standpoint. We venture to state that the value of the property along the south side of Water street would pay the bonded indebtedness fifty times over. When a piece of property on this street thirty-six feet by a hundred is sold to an outside business man for five thousand dollars, does it look like bankruptcy?

Such statements going broadcast not only injure the town but make it more difficult for every merchant in the town to finance his business. Fortunately the assertion coming from the source it does is not taken seriously by the banking institutions or business houses in Canada, but it is a falsehood which has been ridden to death and those responsible for its life should now allow it to die in peace.

Campbellton is not bankrupt, but is flourishing and prospering every day.

MISS LANEVE IS FOUND NOT GUILTY

London, Oct. 25—After a trial lasting but a few hours in the new Bailey criminal court to-day, the jury found Ethel Clara Le Neve not guilty as an accessory after the fact in the murder of Cora Belle Crippen, for whose death her husband, Dr. Crippen, will die on the gallows on Nov. 8.

The girl heard the verdict and took her acquittal without the least emotion.

When arraigned to-day, Miss LeNeve pleaded not guilty, and witnesses were introduced by the prosecution to show that she had experienced periods of great mental distress following Belle Elmore's death.

The Crown prosecutor, Richard Marr introduced only such evidence as had been brought out in earlier hearings. Miss LeNeve's counsel, Frederick F. Smith, member of the House of Commons, asked the jury to bear in mind that his client had been under the influence of Crippen, one of the most dangerous criminals of recent years since she was sixteen years old. This she asserted accounted for her flight in the doctor's company. There was no proof that she had guilty knowledge of the crime. Counsel said that he took upon his own shoulders the responsibility for not putting Miss LeNeve in the witness box. Lord Chief Justice Alverstone, who presided, in summing up for the jury, said that he saw no reason why Dr. Crippen should have told Miss LeNeve a story different from that which he told to others. The jury was only out 25 minutes.

Give Children Good Bread and Butter

YOU may say bread and butter and all children want plenty of it. In a way, that's true. But it makes considerable difference whether the bread you give your children now counts just as a "filler" or whether it counts for future health. For there is a vital difference between breads made from different flours.

The most healthful as well as the cheapest food in the world is bread made from

Royal Household Flour

This bread isn't merely something to fill a hungry stomach. It is a perfectly balanced food, rich in strengthening, blood-making material. It counts for long life. It counts for a vigorous constitution. It counts for bone and muscle making and good rich blood.

And this because "Royal Household" is made from the finest wheat in the world—the famous Red Fife—selected in high quality grain, most in demand, and most valued in all the markets of the world.

Growing children thrive on bread made from "ROYAL HOUSEHOLD". It gives them just the nourishment their systems need and in the most digestible and tempting form. And it is natural food. It takes the place of meat, at one quarter the cost, and is more quickly assimilated. There is no better flour in the world than "ROYAL HOUSEHOLD". It is best used—most economical—for Bread, Pies, Cakes, Rolls, Biscuits, Biscuits, and all family baking.
