## A FIRST WORD TO ALL NEW BRUNSWICKERS.

HAVE YOU THOUGHT how greatly the future comfort, happiness and prosperity of every New Brunswick man, woman and child depends on the 1919 Victory Loan? Have you thought how greatly your own business interests, the business interests of those with whom you trade and those who trade with you are dependent on that Loan? You know that our prosperity depends upon our ability to send abroad the products of our farms, our fisheries, our forests, our factories and our mines. You know that war has made it impossible for our European customers to pay in cash. They must have credit or they will buy elsewhere. Under present conditions only the government can provide the credits, and the government can do it only if Canadian people lend the money.

HAVE YOU THOUGHT what our failure to lend means? It means that our farmers lose their markets and the prices of grains, fruits, and other agricultural products drop. It means our fishermen will be cut off from their foreign markets and deprived of the opportunity to sell their catch. It means that our lumber-men would cease to operate, because their export trade was killed. It means our coal mines would curtail output and reduce their pay rolls. It means that skilled and unskilled labor would find it more difficult to get employment. It means that a slackening of effort injurious to the country, every shopkeeper, every trader, every worker.

THIS IS NO EXAGGERATION. It is exactly what would happen and it is the reason why the welfare of every New Brunswick family, every New Brunswick citizen is bound up in the success of this year's loan. Self interest calls for aid to the utmost limit of our ability in keeping the machinery of prosperity humming. The factory chimneys must be kept smoking. The ocean and lake ports must continue to bustle with activity that the products of Canadian farms and factories may go to foreign lands.

SELF INTEREST should inspire the enthusiasm and hard work which means success.

CONFIDENTLY we look for the support of the New Brunswick people, but thorough organization is the essential of success and thorough organization is possible only through every good citizen taking his full share of the work.

PUBLIC SPIRITED men in every county of the province are now at work perfecting their county organization. Place yourself at their service, help them in their efforts and make New Brunswick's last war effort the greatest of New Brunswick's war successes.

## Victory Loan Meeting In Public Square

A public meeting in the interest of the Victory Loan Campaign which opened yesterday, was held in the Public Square at 3 o'clock p. m. Monday Oct. 27th.

A small assembly of citizens were present who listened attentively to the speeches delivered. The Fire Bell and Whistle were sounded which was the sign for the opening of the big campaign.

Mayor Doyle opened the meeting with a few remarks, and called on Hon. P. J. Veniot minister of Public Works to address the meeting.

The Hon. Mr. Veniot stated that he was pleased to accept the invitation to address a Newcastle audience for the first time but was sorry that the gathering was not larger. He understood that all the men were working during the day and it was a difficult proposition to get a large gathering and he thought that those in charge of the Victory Loan had chosen a bad time of the year for Northern New Brunswick to launch the Campaign.

He reviewed the years during the war, when the citizens of Canada had given themselves, their time and money which had been done generously by everyone. While it was necessary for the citizens of Canada to do this during the war, it was just as necessary now to take the same interest in the Victory Loan which was now being launched. The money was wanted for the demobilization of the armies, the re-establishing of the soldiers again, and also to help carry along the business of Canada. The British Empire wanted credit from Canada for their exports such as lumber, wheat etc. and Canada must provide the money to finance this undertaking. Belgium and France are also asking for Canadian Exports and we must finance them as well as the British Empire.

Mr. Veniot emphasized the necessity of contributing to the Victory Loan for the business reasons of Canada, and also along the lines of a safe investment for the people. He appealed strongly to the man or woman who could contribute \$50 or \$100 up to \$500, to place their money in the Victory Loan as the common people were the backbone of the country, as was demonstrated by the last Victory Loan. The last Victory Loan provided \$610,000,000. This Loan asks for \$300,000,000, and it is expected that a large amount will be oversubscribed and he hoped New Brunswick would do its share. He asked the farmers to do all they could to help the Loan as it meant protection for them in their products.

He also went into detail regarding the method of taking out a loan on the installment plan.

Mr. Veniot announced that the war trophies commission had offered eight or ten large German guns as prizes in the Victory Loan campaign, and that one of these captured cannons had been secured for the Province, and would be donated to the county making the greatest percentage of increase over their objective. He hoped Northumberland County would be the County to win this gun.

He also announced that Rogersville had won its Victory Flag, today at 12 o'clock and he hoped that Northumberland would win theirs. Northumberland won their flag the last time and he felt positive they would do so again. All the money loaned would be spent in Canada and it behooved every citizen to subscribe as much as they could.

Today England owes Canada, and Canada has shown the world that she can finance herself and today holds an honorable position in the world. He was strongly in favor of the Victory Loan and he hoped that every one would do their share to make this campaign a success.

Hon. J. P. Burchill was the next speaker, and he spoke along similar lines as the Hon. Mr. Veniot. Mr. Burchill said there were two outstanding features which he wished to impress upon his hearers viz:—Production and Thrift.

The people of our country should produce as much as they possibly could and in this way would greatly relieve the situation in our country as regards high prices and would enable us to export more of our products. He was inclined to believe that during

war days a great many people had become extravagant and he strongly urged all to save. He stated that there was no better way to save than to purchase a Victory Bond, and by so doing would be helping his country as well as himself and would also be a good lesson in thrift. Mr. Burchill said that if Canada did not float this Victory Loan the United States would and they would be in a much better position than we, as the interest on the bonds would be spent in the United States instead of in Canada. In conclusion he invited everyone to do their utmost in purchasing Victory Bonds and if this was done he had no doubt, but that the Loan would be a success.

Three cheers were given Hon. Mr. Veniot and Hon. Mr. Burchill at the conclusion of their addresses.

## Young Store Thieves Receive Long Terms

The October sitting of the County Court was in session, in the Court House, here, last Tuesday and Wednesday. Judge McLatchey presided. A number of the civil cases which were to come before this sitting were left over until the January term. The criminal charges against John Gallah and Thos. Fallon, who were sent up for trial by Magistrate J. R. Lawlor, for breaking, entering and stealing from the stores of Mrs. S. A. Demers and Mr. John Ferguson were taken up, and the jury returned a verdict of guilty in both cases.

His Worship Judge McLatchey sentenced Gallah, who had a suspended sentence of two years against him to ten years in the Dorchester penitentiary and Fallon was given three years.

The criminal charges against Francis O'Brien and John Hall, who pleaded guilty were taken up in the Police Court last Friday morning before Police Magistrate Lawlor. O'Brien and Hall were each sentenced to one month in the common goal, with a suspended sentence of 2 years in the Dorchester penitentiary for future good conduct.

His Honor in charging the prisoners, emphasized the fact, that if at any time, either of them were brought before him for the most trivial offence they would at once be given the suspended sentence which he was giving them.

## Hunters Meet With Great Success

A most enjoyable and very successful hunt was participated in by three New York sportsmen, who were guided by the celebrated Way guides. Three fine moose were secured, one by Mr. Fred Sauter, New York city's leading taxidermist measuring 50 inch spread and a very symmetrical head of 27 points.

Mr. Earl Artman secured a beautiful trophy of a magnificent spread of 51 inches with 22 points.

Mr. W. B. Germerist was the extremely lucky one as far as spread was concerned, he securing a head with a measurement of 61½ inches and holding 22 points.

In addition to these wonderful moose heads, the trio of which would be a mighty hard task to duplicate, these sportsmen were successful in getting 4 Big Black Bear and 2 Deer. Two of these Bear were shot in the woods, where the alert guides and (Continued on page 8)
