A FAMILY MEMORIAL

should be a record for the ages

THE extra cost of a good monument
over the other kind is a duty to
those who come after quite as much
as to those remembered.
The value of our guarantee is
evident in thousands of monuments
erected by us from Halifax to Camp-
bellton during the SIXTY YEARS
we have been in business.

Write for design booklet to
MONCTON, N. B.

For Sale

Weed in any quantity or size at
reasonable prices; also trucking
done promptly and carefully.

FINDLAY COPP.

Phone 225 Newcastle, N. B.

FALL TERM

-AT-

FREDERICTON BUSINESS COLLEGE
-OPENS-
TUESDAY SEPT. 1ST.

Write for full particulars at
once, and ask to have a place
reserved for you.

Address

F. S. OSBORNE, Principal
Box 928 FREDERICTON, N. B.

Notice

All persons are warned that trees
passing on Beaubear's Island is
strictly prohibited and any person
who is found on the Island will be
prosecuted.

O'BRIEN LTD.

July 13th, 1922. Nelson, N. B.
19-26

NOTICE
To Our Subscribers

We are revising our
Mailing List and all sub-
scribers in arrears are res-
pectfully asked to pay the
amounts due on their
paper. Look at your
address label, and if it
does not read 1925 you
owe us something and
we would be pleased to
have your remittance at
once.

Here and There

All previous records set by the
Manitoba Telephone System, a pro-
vincial all-government owned and
operated utility, were surpassed in
July, when net earnings for the
month were \$15,764. A surplus of
\$100,000 was predicted for the pres-
ent fiscal year.

According to an estimate made by
Quebec Automobile Club officials
from data supplied by transportation
companies and garages, 200,000 tour-
ists have already passed through
Quebec this year. This, it is explain-
ed, is an increase of twenty per cent.
over the total for the whole of last
year.

Building permits issued in Winni-
peg since the beginning of the cur-
rent year to date have topped the
three million dollar mark, being
\$3,084,840 for 1,704 structures. For
the corresponding period of last year
the total was \$2,289,450 for 1,733
buildings, an increase in value for
this year of \$745,390.

Heavy shipments of this season's
crop of potatoes in Fredericton, N.B.,
are now being made to the Cuban
market from the potato belt on the
Upper St. John River, according to
the provincial superintendent of the
crops and soil division of the Depart-
ment of Agriculture. There have
been large consignments from Carle-
ton and Victoria counties.

Greater Montreal's population is
now estimated at 1,028,000, accord-
ing to the 1925 issue of Lovell's
Montreal Directory just published.
Population of the city proper is es-
timated at 907,500. Population in the
suburbs and surrounding country is
given as 120,500. The last estimate
of Greater Montreal's population,
by the same authority, gave the
population as 979,027.

A party consisting of twelve Chin-
ese students from Hong Kong and
Peking arrived in Montreal recently
to take up temporary positions in
departments and shops of the Cana-
dian Pacific Railway, in order to
familiarize themselves with the rail-
way situation in Canada. They will
remain a few months and then re-
turn to China to make practical use
of the information they acquire.

Among the notable personages
who arrived in Canada during the
first week in September from Europe
were Princess Patricia, Sir Thomas
and Lady Grattan, and the Earl and
Countess of Mar and Kellie, all of
whom were on the Canadian Pacific
steamship Mountroyal; James Oliver
Curwood on the Empress of Scot-
land and Baroness Orczy on the
Montclair, of the same line.

Calgary, Alberta. — The No. 4
Royalite well (Imperial), continues
to amaze geologists. Its naptha
production increased July to 546,135
gallons, 73 degrees Beaume, an in-
crease of 25 barrels daily over the
June production. The production
continues to increase and the flow of
gas at 20,000,000 cubic feet a day is
being maintained. This flow will
shortly be harnessed to supply Cal-
gary.

Preparations are under way for
the holding in Montreal in June next
year of the annual convention of the
American Association of Railroad
Superintendents. J. K. Savage, Gen-
eral Superintendent, Canadian Pa-
cific, was elected chairman of the
arrangements committee, and plans
were made for the organization of a
complete committee to go ahead with
the business of making the conven-
tion a success.

A despatch from London states
that in the past three weeks more
than 20,000 boxes of Quebec-made
cheese have arrived and been sold in
London at good prices, the quality,
it is said, being of the best. It is
pointed out that if Quebec products
are to obtain the position they de-
serve here it is necessary to keep
continuous supplies coming, in order
to make them known to the general
public, rather than to make either
isolated or occasional speculative
shipments. Along this line, some
7,000 boxes of Quebec-made cheese
went forward from here to the Lon-
don market during the past week.

New Military
Head in India
Makes Address

Simla, India, Sept. 12—Field
Marshal Sir William Birdwood,
the new commander-in-chief in
India, appropriately made his
first appearance in the legislative
assembly when the house yester-
day was discussing a bill intro-
duced by a prominent Indian
member to regulate the use of
fire-arms in dispersing unlawf-
assemblies. The Field Marsh-
all's maiden speech was one of
opposition to the measure.

Soldiers, Sir William said, al-
ready felt a keen dislike, amount-
ing to repugnance, to being called
upon to assist the civil authori-
ties. Officers with a definite per-
sonal sense of responsibility, were
the best possible safeguard for
ensuring the proper execution of
the duties involved in aid of the
civil power in the case of an un-
lawful assembly, he said. Such
officers must have full govern-
ment protection, since they alone
were able to decide the necessi-
ties of the situation. He disliked
anything which would tie the of-
ficers' hands or make the situa-
tion in the case of an unlawful as-
sembly more arduous and com-
plicated than it need be for him.

Copper Finds In
North Of Sweden

Deposits of copper ore recently
discovered at Skellefte a. in the
north of Sweden, have been de-
clared by mining experts to be
the largest copper finds discover-
ed in Europe for many years.

It has been pointed out as a
coincidence that the discovery of
these deposits happened in the
same year as the seven hundredth
anniversary of the Great Copper
Mountain Mining Company, said
to be the oldest industrial corpora-
tion in the world, which in the
seventeenth century alone pro-
duced more copper than any
other country in the world.

Auto License Fees
To Reach \$200,000

Motor vehicle license fees will
reach the \$500,000 mark this year
in New Brunswick.

Actual receipts at the Provin-
cial Department of Public Works
from motor vehicle license fees
this year have already reached
\$492,000 and it was said that if
all returns were in from dealers
the amount would probably now
be up to the half a million dollar
mark.

The estimate for the year was
\$500,000, a new high figure for
this province.

A GOOD YEAR FOR
LIVE STOCK MEN

The 1925 harvest is garnered
and considerable of it is threshed
From every part of the country
come reports of satisfactory
grain yields. There were sec-
tions of the country where the
hay crop was light but taking in
from one end of Canada to the
other, the farmer has much to be
thankful for. He can now plan
on what stock he can winter or
finish for the market. Prices
for all kinds of live stock are
good, and for those who sell grain
the market is fairly satisfactory.
The prices for cattle, hogs, sheep
and lambs are considerably high-
er than at the same time last
year. In fact, hogs are at a much
higher level than at any time
since 1920. Lambs are again at
war time prices. Cattle are from
\$1.50 to \$2.00 per hundred above
last year, and equal to the Sep-
tember price of 1923. Scarcity
of bac on supplies on the British
market should insure continued
high prices for live hogs. Fall
pasture is good and grains are
higher than last year although
there is but little rise in the price
of bran and shorts. Wheat is
starting around twenty cents
higher than at the same date in
1924.

Following market reports, it
will be noted that the quotations
on choice butcher cattle, choice
feeders and choice lambs are,
naturally, higher than for the
average run. Select hogs bring
a substantial premium. On the
other hand, cull lambs and plain
cattle are not readily picked up.
Farmers raising feeder cattle
should use the best bull available
if they are looking for the top
prices for their stock. If we were
given to prophesying, we would
say that from now on the ten-
dency of the market, more than
ever before, will be to pay the
producer well for good stuff, but
to cut heavily on the culls. Grad-
ing up the herd, so that it pro-
duces satisfactory market stock
is not expensive. A good herd
sire, saving the best heifers to
replace old cows, and feeding
a little better than in the past
will soon change the appearance
and value of the herd.

CASTORIA
For Infants and Children
in Use For Over 30 Years
Always bears
the
Signature of *Chas. H. Fletcher*

Provincial By-
Elections Dates

by-elections, necessitated by the
filling of cabinet positions in the
new provincial government,
Saturday, Sept. 26th, has been set
as nomination day; Saturday Oct.
3rd as polling day.

Writs have been issued for the

Silence That Is
Not Golden

The merchant, who fails to "speak up" lets a lot
of golden sales slip past his store. This lost busi-
ness goes either to his competitor down street or, by
mail order route to the big city stores.

People are often surprised to find that the goods they
bought "unsight unseen" from a catalogue can be seen
and examined in the local store!

Tell your buying public what you have—ADVER-
TISING in "The Union Advocate" will invite the
whole community to your store. And—

How to make
DUTCH
PICKLE

1 quart green cucumbers, 1
small cabbage, 1 quart onions,
3 red peppers, 1 quart green
tomatoes, 1 large cauliflower,
½ cup salt,
Chop all fine and pour on
enough hot water to cover.
Let stand half an hour and
drain, then make a dressing
of the following:—
8 tablespoons Colman's
D.S.F. Mustard, 3 cups sugar,
1 tea-spoonful turmeric, 1 cup
flour.
Mix with a little vinegar until
smooth, add mixture to 2
quarts vinegar stirring con-
stantly over fire, until thick-
ened, then pour over vege-
tables.
