ALWAYS MASTER OF THE ROAD.

Look for the Dunlop Traction Tread trail on asphalt and on mud. It's the "V" line to comfort. No chains; no skidding.

A WEATHERABLE TIRE.

It is just weather like we get here in Newfoundland that gives Dunlop Traction Tread Tires a chance to show their class—and motorists who have them know it.

Created because of the insufficiency of the so-called non-slip or "buttoned" tread.

Marketed only after the most exhaustive tests ever given to an anti-skid tire.

Proven itself the only real anti-skid tire obtainable—bar none. That's
