## IN THE REALMS OF SPORT

### SPORTS DAY AT KELLIGREWS.

May 25th, 1925, will be known among the pupils of Kelligrews High School as a red letter day, for besides the day being kept as Empire Day, it was also observed as Sports Day. After a short programme, suitable to the day, had been gone through at the school, at 2 p.m., under the direction of the Principal, the sports were then run off in the playground. The pupils were divided into a Junior and Senior division and the events and winners are as follows:—

**100 Yards (Sr.)**—Roy Fowler; (Jr.) Edward Facey.  
**Half Mile**—1st Peter Ledrew; 2nd Wilson Mercer.  
**High Jump**—(Sr.) R. Fowler; (Jr.) Edward Facey.  
**Sack Race**—(Sr.) Bert Tilley; (Jr.) William Pettit.  
**Long Jump**—(Sr.) R. Fowler; (Jr.) Edward Facey.  
**Relay Race**—Won by "Lions."  
**Quarter Mile**—Edward Facey.  
**Close Leg Jump**—(Sr.) Roy Fowler; (Jr.) William Butler.  
**Potato Race**—(Sr.) L. L. Pettit; (Jr.) Edward Facey.  
**Coat Race**—Wilson Mercer.

**Tug of War**—Won by "Lions."  
Tug was served at 5 p.m., after which the Rev. Facey distributed the prizes. The thanks of all are extended to those kind ladies who assisted so materially in catering to the needs of the children, and to parents and others who kindly sent donations and helped to make the day such a success. Among the visitors, we cannot fail to mention Mr. L. Colley, late teacher of Codrington, who by his pleasing address on "The Day," left an impression with the pupils and others who were fortunate enough to hear him. That the school may see many such Sports Days is the wish of "ONE INTERESTED."

### ROYAL STORES HOCKEY DINNER.

The Royal Stores Hockey Team, Champions of the Mercantile Hockey League for 1925, was entertained by the Directors of The Royal Stores, Ltd., at the Sterling Restaurant last evening. Some eighty persons were present, amongst whom were the Directors of The Royal Stores, Ltd., captains of the various mercantile hockey teams, Mr. George Stansby, from Rylands & Sons, Manchester, Mr. Reginald Harvey, President of the Mercantile Hockey League, Mr. W. J. Frost, Northern Bight, Mr. H. R. Brookes, and other guests. The chairman of the evening was Mr. A. H. Salter, who conducted the evening's proceedings in his usual happy way. The various toasts were interspersed with songs and recitations by Messrs. Fred Wylie, Ronald Johnson, P. K. McLeod and Louis Barry. The musical portion of the evening was well looked after by Mr. Robert McLeod. A very pleasing presentation took place when Mr. Morris, manager of the hockey team, presented the President, Mr. Salter, with the handsome trophy which was afterwards presented to the President of The Royal Stores, Ltd., Mr. Harold Macpherson, in due and ancient form from the toast to the winners being drunk from the trophy. Mr. Macpherson made a very pleasing presentation to each of the hockey team and the officers of the club in the shape of an autographed photograph of the officers and team. The room was appropri-

## Distressed After Meals?

Indigestion, no matter how slight, is a nuisance. It can ruin the good nature of the most genial of us. If you are troubled this way, you'll be glad to know a simple way to avoid it. Just try eating a few pep-o-mint Life Savers after meals. It's wonderful how these little mint circles relieve that heavy, lousy feeling after eating. Probably that's why our grandfathers so often had their bulky little bags of peppermints handy in their pockets. Life Savers are grand-dad's bag of peppermints up to date.

Six flavors displayed at all good stores so you may help yourself.

**PEP-O-MINT LIFE SAVERS**  
Pep-o-mint, Wint-o-green, Citrus-o-mint, Lic-o-rice, Clove, and Violet.

takes place in the Club Rooms at 8 o'clock this evening. At this meeting preliminary arrangements will also be made for the annual Sports Day, which will be held at St. George's Field on 17th of June.

### PUBLIC MEETING.

A public meeting in connection with the Annual Regatta will be held in the T.A. Armoury on Monday next at 8.30 p.m.

### ABRAHAMS, 100-METRE OLYMPIC CHAMPION.

Forced To Retire Permanently From Track.

LONDON, May 22—Harold Abrahams, Olympic 100-metre champion and one of the best athletes ever developed at Cambridge University, announced to-day that he had been forced by a recent injury to retire permanently from the track. While practicing the long jump recently he slipped on the take-off and fell heavily on his side, injuring his hip.

### NURMI PEEVED.

Phantom Finn Hasn't Much Use For American Newspapers And Camera Men.

NEW YORK, May 20—Newspapers and photographers are no good—this from Paavo Nurmi, greatest of all runners, whose pictures and deeds have filled many columns of the nation's periodicals.

The Finn was approached yesterday in the locker room at a field where he is training for his mile race at Cambridge Friday and his final appearance here, at the Yankee Stadium, on Tuesday. His opinion of newspapers was solicited, he added his condemnation of the camera man. The attendant at the locker room had some information to divulge. Nurmi, the attendant said, is worried about his last two races in this country, fearing that he has burned himself out in his many contests throughout the United States since January.

According to the same man, Nurmi has said he will never return to the United States after he sails from New York on May 28.

"No Good! No Good!" Nurmi's face was a picture of disgust as he turned to respond to a reporter's question for an opinion of the United States press.

"Newspapers? No good, no good; photographers? No good, no good," blurted out the Finn.

The track attendant declared he had asked Nurmi one day about the published report that he would return to the United States.

"No come back, no come back," had been Nurmi's reply he said, adding the opinion that he believed Nurmi was "disgusted."

### RUTH HAS WORKOUT.

NEW YORK, May 21—Babe Ruth indulged in another light workout at the Yankee Stadium yesterday, after autographing a stack of baseballs in his hospital room for scores of admirers. He will rejoin the New York Club on May 23, officials announce, but is not expected to play before June.

### HEADWORK GOING TO WIN BOUT SAYS CHAMPION MCTIGUE.

Mike Confident Of Beating Paul Berlenbach—If Successful Will Fight Delaney.

appearance will be against Jack Delaney, who, Mike thinks will easily get the better of his argument with Tony Marullo, on the same date.

"I'll tell you what's going to win this fight," said McTigue, discussing his prospects this afternoon. "It's the old noodle, and when it comes to ring head, I'm sure I have the edge on Berlenbach."

### Shipping.

S. S. Silvia sails for Halifax and New York at 6 p.m. to-morrow.

S. S. Rosalind leaves New York to-morrow.

S. S. Sable I. leaves Boston June 2nd, for here via Halifax.

S. S. Hitherwood leaves Montreal May 30th, for Charlottetown and this port.

S. S. Canadian Sapper with a general cargo arrived to the Furness Withy Co. at 11 a.m.

S. S. Digby is due at Liverpool to-morrow.

S. S. Lake Como which left here at 6 p.m. Tuesday arrived Sydney 11 a.m. Thursday, and sailed for Miramichi at 3 p.m. Thursday to load deals for United Kingdom.

### HATS! HATS! HATS!

Ladies' Ready-to-wear Hats from \$1.49 to \$2.50, at THE WEST END BAZAAR, may 29, 11 51 Water St. West.

### With the Coastal Boats.

The Railway Management have arranged for the Sagona to leave St. John's 10 a.m. Monday, June 1st, from Messrs. Bowring Bros. premises calling at Conception Hr.; Hr. Main and regular ports down to Western Bay.

S. S. Meigie will leave St. John's, on Friday night, June 5th, going direct to Western Bay and calling at regular Conception Bay ports coming south.

### How to Use It.

Use Crisco as you would any other solid cooking fat. If your recipe calls for butter, margarine or lard simply substitute Crisco, only use less than you would butter for CRISCO goes farther. Add a teaspoonful of salt to every cupful of CRISCO to take the place of the salt in the butter or margarine. Crisco will be found the purest fat of all.

## A Timely Warning

It is estimated that within the past couple of weeks over eight hundred men have arrived in the city from the outports, seeking work at the Dock and other undertakings. A warning that it is a useless expenditure of money to come to the city in expectancy of getting work has been issued through the public despatch and it is hoped that men will be guided by this advice. The chances of getting work are slim when it is considered that 2,000 names are registered at the employment Bureau and not more than 300 have been placed. The Dock which is perhaps the biggest undertaking in sight will employ not more than 400 men, over half that number are at work there and the balance have been listed to start in as soon as they can be taken on.

## Express Passengers

S. S. Kyle arrived at Port aux Basques at 6.45 a.m. to-day with the following first class passengers: E. Little, Mrs. D. Brien, Chas. Reid, H. W. Forbes, J. Lawlor, E. B. Dublin, C. D. A. Silva, T. Carter, Dr. Chisholm and daughter, A. Moore, Mrs. J. Chisholm, H. H. Ramsey, H. R. Chapple, J. D. Davis, W. Cook, G. W. Comstock, A. C. Thompson, W. McCaskel, A. and Mrs. Somerton, Mrs. R. D. Fullerton, T. J. Short, J. and Mrs. Tremblott, W. G. and Mrs. Woodfine, C. Martin, Mrs. J. Ryan, W. Oakley, E. Kelloway, Mrs. A. Forbes, Mrs. J. Forges, P. and Mrs. Abbott, Mrs. L. Carroll, W. G. Bragg, Miss E. Shears, C. Hall, W. Blackler, Miss E. Hall.

## A Mammal Mystery

WHERE DO WHALES GO IN WINTER?

It is of no financial importance to find out where flies go in the winter time, but it means a lot to the Falkland Islands Government if it can discover where whales go during the dreary season of the year.

The principal portion of the revenue of the Falklands is derived from whaling during the summer season, and more would be available if the mammals could be traced during the winter.

With this as one of the objects in view, the Falkland Islands Government has conditioned the Discovery—the 800-ton auxiliary barque of Scott fame—and is financing a wonderful expedition to the Antarctic.

What fascinating material such a cruise would furnish for a boy's book of adventure! For more than two years the Discovery will be chasing whales, and will endeavour to track them no matter where they go.

### Bound for Anywhere.

Anywhere on the ocean will be her destination, and it is expected that she will cover over 50,000 miles. She will carry special whaling gear, and on board will be a number of prominent scientists, including Dr. Kemp, who has made a life-long study of the habits of whales.

A redoubtable but modest explorer, Capt. J. R. Stonhouse, D.S.O., who has sailed with Shackleton, will be her captain, and his officers and crew of twenty-five are all experienced voyagers.

The Discovery is at present in dry-dock at Portsmouth. She has been feeling the effects of her hardships in the frozen seas, and they have left their marks on her timbers.

She had developed dry rot in some portions, it has been difficult work to replace the havoc. Wooden vessels of her type are not common to-day, and timber of a suitable size and strength has been hard to obtain.

Most of the work, however, has been completed, and it is anticipated that she will be ready in a few weeks.

### To the Great Ice Barrier.

Then off she will sail into the comparatively unknown portions of the Antarctic Ocean, along the West Coast of Africa, to South Georgia, Graham's Land, and practically to the Great Ice Barrier. The explorers and famous scientists will face many dangers, and may experience great hardships.

Whales are curious mammals, and have some baffling habits which the expedition will endeavour to elucidate. It is going to be tough work to get this data, and may necessitate following the whales in their migration from the recognized summer haunts.

Only scanty material is available at present as to what the whales do when summer is over in these Antarctic regions, and little is known about where they breed.

The expedition will have another object, less romantic, perhaps, but equally important. This is the surveying of many portions of the Antarctic Ocean, and this branch of the voyage will be under the charge of Lieut.-Com. Chaplin.

There are many islands in various parts of this ocean about which little is known, and it is almost certain that the expedition will furnish invaluable data to the Falkland Islands Government concerning the location and commercial possibilities of these.
