"TOM NOGGINS." An erroneous rumor gained ground today to the effect that Thomas Kennedy, or, as he is more generally known, "Tom Noggins," had died in the general hospital from a wound, caused by being struck on the head by a stone thrown at him while he was walking along the street. Upon investigation it was learned that Tom was on Piccadilly street, where he became the butt of several boys' brutality, and a rock was thrown at him, which cut a gash in his head, that required several stitches to close. He was given medical attendance at the general hospital. Tom, who came from Tipperary to London away back in the fifties, is a harmless old soul, who would annoy no one, and the fact that he could b treated in such a manner on a public street is certainly a matter that should not be overlooked by the police.

FUNERAL OF JAMES ANDERSON. The funeral of the late James Anderson, of Westminster, occurred on Thursday afternoon to the Pond Mills cemetery. The general esteem in which he was held was evidenced by the immense concourse of people present from various parts of the country, the cortege being over a mile in length. Many Masonic friends were present from Nilestown, Belmont, Dorchester, London and elsewhere, the solemn ritual of the fraternity being read by Bro. W. Bennett, of London. The bearers were Bros. Joseph Potts, James A. James, John Durand, Joseph Wilson, James McMillan and John Agar. Rev. Wm. Quance, pastor of the Belmont Methodist circuit, conducted impressively the service of that church, of which deceased was a member, re-ferring appropriately to his many worthy traits of character. In the morning she found the door and the window open again, and across the floor were the tracks of muddy boots. # A DRIVE OF 1,000 · MILES

From Utica, N. Y., to Missouri in a Prairie Schooner-London Reached.

A prairie schooner passed along Dundas street about noon today, sheltering A. E. Hurlburt and his wife, son and daughter, en route from New York State to South Central Missouri. The party started on their odd journey three weeks ago, and have traveled 400 miles. Prior to that they resided on a farm twelve miles east of Utica, N. Y., but they were dissatisfied with their lot, and hearing that Oregon county, Mo., was a good fruit country, Mr. Hurlburt made up his mind to strike for the El Dorado. To the substantial farm wagon was added a semi-circular cover of canvas, a stock of provisions, a gasoline stove and food for the horses. The distance to be covered was nearly 1,000 miles, and it required a good deal of pluck to start on such a journey. But pluck is a characteristic of the family. The son William, was at the battle of San Juan, and has in other ways proved that he does not lack courage. "We did not want to sacrifice the horses," said the head of the party, cheerfully, "and we wanted to see the country, so we struck out this way. It's pretty cool at nights, but not too He expected to reach Sarnia tomorrow evening. In Tennessee county, Mich., are friends of the family, and the travelers will pay them a visit.

But There Is Still No Lack of Sensational Rumors From the Transvaal.

London, Oct. 6 .- All the reliable intelligence from South Africa points to associated wit hthe organization for a number of years. By Mr. Rolston's departure London olso loses an enterprising business man and a good cltia continuance of the existing situation received here it seems as though every movement of a patrol and every cloud of dust raised by a herd of cattle were turned into a general advance by both armies, The delay is all to the good, inasmuch as it gives TIME FOR FURTHER NEGOTIA-

A well defined conviction is prevalent that the foreign office is trying to discover a way out of the impasse which has been created by admitted mistakes and miscalculations, and it is evident that peace advocates and peace counsels are gaining ground, although Mr. Chamberlain's refusal to seize the chance given him by the petition of 58 members of the Cape House of Assembly to point out, in his reply, that the Boers still have an oportunity of accepting Great Britain's previous offer, so long as her new proposals remain unformulated, seems to show a personal determination on the part of the secretary of state for the colonies. not to yield an lota in the interest of peace. While the

DISTASTE FOR WAR evidently increases in Great Britain, dispatches from the scene of possible hostilities grow more and more lurid. Advices from Pretoria describe the Transvaal organs as crying for impossible terms and President Kruger as Mrs. Joseph Wilson, wife of the referring to the prospective struggle as a means of setting the republic "totally free of England." #### Remarkable Demand for Heintzman & Co.'s Baby, Grand Pianes.

The month of September has been a remarkable month with the old firm of Heintzman & Co., and especially markfor their beautiful baby grand piano. The Ontario Ladies' College, Whitby, where the teaching of music has special attention, has selected one. Albert Armstrong, of Arnprior, ranks as a purchaser, and so does Mr. C. L. Owen, of Campbellford. Toronto musicians insist on making this piano their par-ticular choice. Mr. A. S. Vogt is a September purchaser of one of these baby grands, and so is Mr. Humphrey Angers, Mr. J. W. F. Harrison, of the Conservatory of Music, and Mr. Cole, graduate of the Metropolitan School of Music, also count in the list. It is the old story that those best qualified to judge of the real merits of the piano quickly differentiate between "pianos" and pianos, and when this is the case the piano of Heintzman & Co., whose name is synonymous the Dominion over with a high-class instrument, is invariably selected.
