You Don't Buy a Gas Range Every Day

See that you get one that embodies the three essentials of a Good Gas Range-

Efficiency :: Economy :: Ease in Cleaning

McClary gas ranges possess these qualities. They possess every feature found by practical test to be an advantage. The result is a gas range that will give the best results with the least labor and expense.

CONSIDER THE SIMPLE CONSTRUCTION OF THIS MODEL:

A cooking top of cast iron large enough to take a wash boiler either way.

Four large star burners and one simmering burner constructed to give the maximum heat with a low gas consumption-all removable.

Removable aluminized linings in the ovens retain the heat and cannot rust.

A cast iron oven bottom which makes uniform baking a certainty.

Fire-proof white enamel drip and broiler pans. The best valves made which

don't go wrong or leak. Strong and rigid frame with doors of hammered steel

A hard baked black enamel finish-easy to clean and always bright.

ASK YOUR DEALER TO SHOW YOU.
