### NEARLY TWO HUNDRED NAMES IN CANADIAN CASUALTY LIST; FOURTEENTH IS HIT HEAVILY

[Canadian Press.] OTTAWA, May 5.-Another casualty list containing the names of nearly two hundred members of the first Canadian divisional, killed, wounded, died of wounds and gas poisoning, and suffering from the effects of the German gases, was issued from the Militia Department this morning. Heavy losses among the 4th, 10th, 14th and 15th Battalions are recorded, the list of killed

n the 14th being the most extensive in

any one battalion list so far received, as a result of the fierce battles around Langemarcke and St. Julien. The list of killed in the 14th are mostly of English addresses, such casualties being given out immediately after received. It is expected a heavy list of members with Canadian ad-dresses will probably be given out to-night when confirmation of notification of "next of kin" has been received by

the casualty office. That the Princess Patricias have again been in a heavy action is evidenced by the heavy list of wounded among this corps, which has been doing great work in the trenches about St. Eloi. Losses among the artillery brigades are beginning to come in. The name of Lieut.-Col. Watt, of No. 3 Field Ambulance, which has suffered severely, appears in this morning's list.

The names follow: THIRD INFANTRY BRIGADE (Head. quarters).

British and French Take the Offensive in Gallipoli Peninsula-Vali of Smyrna Said To Be Negotiating For Surrender.

[Canadlan Press.]

LONDON, May 4.—The rumors concerning the operations against the Dardanelles were confirmed tonight when the British war office and admiralty issued reports stating that after beating off Turkish attacks the allied forces had taken the offensive on the Gallipoli Peninsula and now were advancing into the interior.

The Turks, on their side, continue to report the defeat of landing parties and damage done to allied warships, which are keeping up a lively bombardment of the Turkish forts, both in the Dardanelles straits and at Smyrna. It was reported today that the Vali of Smyrna was negotiating with the Allies for the surdaily have one of its men on the casu-

The official British statement says:

"During the night of the 1st and 2nd of May and the night of the night of the 2nd and 3rd the enemy launched strong and determined attacks in mass against our positions, constantly bringing up fresh troops.

"Not only did the Allies repulse every attack, inflicting enormous losses on the enemy, but we assumed the offensive, drove the enemy out of their positions and are now advancing into the interior of the peninsula.

A wasted wreck for eight their power to work with that perfect entire system.

> WASTED TO A SHADOW through Stomach Disorder.

"I feel I could go out into the street and tell everybody I meet about Dr. Cassell's Tablets," exclaims Mrs. Wooding, of 32 The Green, Belgrave, Leicester, England. And who can wonder at her enthusiasm? Think of a mother who, believing her child doomed, by chance finds a remedy which restores health abounding and complete.

Mrs. Wooding continued: "To me it is a marvel that any medicine could act as these tablets did act, for my child was to all appearance beyond hope of recovery. The beginning of the trouble

was an attack of measles about a year ago. My other children who had the complaint got over it all right, but It Henry was left with stomach trouble, which no treatment I tried could relieve. BIG OSIRIS PRIZE cline, and that nothing could save me. I Poor child! he could not keep anything was just a frame of bones by this time, at all on his stomach. We had advice, of course, and did all that was possible, but no relief followed. Whatever we gave him returned. We tried milk and lime pated that the strongest purgatives had to be used. He was wasted to a perfect shadow, and so feeble that sometimes we thought he was dead.

> ting up with him that I read about Dr. Cassell's Tablets. Next day I got some. and the result was so good that I saw I had found a real remedy. Soon my child and strong. Now he is brimful of life and activity." Britain's Greatest Remedy Popularity Now World-Wide.
