## Still Enjoying Life at 84

Thanks To That Wonderful Remedy

Mrs. F. H. Miller, 1843-11th Ave. East, Vancouver, B.C., writes: "Five years ago my husband suffered terribly with severe attacks of palpitation of the heart and smothering spells, and two doctors stated that he could not possibly live six months."

A friend recommended Milburn's H. and N. Pills, with the result that my husband is still enjoying life at the age of 84 years.

He has improved so wonderfully that he can now climb the stairs without having those awful pains in his heart."

## MOTHER IS BLAMED FOR THREE DEATHS

Mrs. Mary Keller Confesses To Killing Seven-Year-Old Daughter.

SAYS TWINS KILLED Believed To Have Also Disposed of Twin Babies Ten Years Ago.

Special to The Advertiser.

Sandusky, Ohio, Nov. 13.—Belief that Mrs. Mary Keller, 47, admitted killer of Elizabeth, 7, "the save her from a life of poverty," similarly disposed of twin babies about ten years ago, was held today by Sheriff Harry L. Cole, who was submitting his prisoner to an intensive grilling.

The funeral of Elizabeth was held this afternoon from the home of Mrs. Keller's brother-in-law, Mrs. Keller attended in the custody of the sheriff.

An infant's body was recovered several years ago in refuse heap in the "Big Island" district where Mrs. Keller lived, Sheriff Cole said. Police at that time did not connect her with the case, but residents there have now come forward with the assertion that twins were born to her about ten years ago. She denies that she ever had any children but the dead girl, to whom she admits giving a dose of carbolic acid.

Mrs. Keller was also being questioned by the sheriff about two other unsolved deaths, one that of her father, William Beckie, at Elmore, O., 20 years ago. Mrs. Keller denied all connection with this, and would say:

"My father was the meanest man I ever knew."

The other death was that of a man, never identified. His skeleton was found a year ago quite near to the shack where the dead girl's body was found nine days after death. It bore no discernible wounds. Mrs. Keller has denied all knowledge of the identity of this man, also. It is believed he was poisoned.

Best Way to Loosen Stubborn Cough. This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a 16 oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, you get 16 ounces—a family supply—of much better cough syrup than you could buy ready-made for \$2.50. Keeps perfectly and children love its pleasant taste.

"Mother has been at me to use the Nerve Food, but I never liked to take medicine."

"You won't mind using the Nerve Food, for it is so mild and gentle in action that it will not cause you any inconvenience, and you certainly will feel so much better after using it for a few days."

"How long will I have to take it?" "Oh, you may have to keep up the treatment for two or three months if you want to get your nervous system thoroughly built up. It slowly and certainly improves the quality of the blood so that the nerves and the system generally are nourished back to health and vigor."

"I will get half a dozen boxes to-morrow and go at it in earnest, for I don't want to have a nervous breakdown and spend weeks or months in bed. I am so glad you reminded me about this treatment."
