

## BANK ROBBERY SUSPECTS TAKEN

Two Men Arrested on Suspicion of Having Raided Branch of Bank of Montreal at New Westminster

NEW YORK, Jan. 8.—John McNamara, of San Francisco, known to detectives of half a dozen cities as "Austrian Mack," was arrested here tonight by central office and private detectives on a warrant charging him with the robbery of \$375,000 from the branch of the Bank of Montreal at New Westminster, B. C., which was dynamited on September 14.

Eleven hundred dollars was found in his wallet, and detectives are searching the city for \$240,000 of the bank's funds which he is believed to have brought to New York.

For ten days, McNamara has been under surveillance after travelling over the United States and Canada for more than two months, it is said. Police headquarters here say they first learned of his arrival through a tip that some one was trying to exchange a large amount of Canadian money for American currency. Money brokers and the man who approached them were shadowed until the trail, they said, led them to McNamara's lodging. No money was found there, however. Negotiations for McNamara's arrest between the police here and the Canadian authorities ended this afternoon with the issuance of a warrant. Four detectives arrested McNamara on a street in Harlem.

He submitted quietly, asked to see the warrant, and after reading it, immediately said, "I am greatly relieved. I thought it was some more serious charge." In addition to arresting McNamara is charged with dynamiting the bank's safe and binding and gagging a Chinese watchman. McNamara joked with his captors when he was urged to confess, and said he was travelling over the country looking for a good location to open a cafe.

### Was in British Columbia

He admitted, the police say, that he was in British Columbia at the time that the bank was robbed, and had lived at the strand hotel, in Vancouver afterward, but he declined to say anything further.

McNamara will be arraigned tomorrow. Assistant Police Commissioner Daugherty tonight said that the British Columbia authorities have asked for his extradition to Canada. For nearly fifteen years, the police assert, McNamara has been known to the authorities throughout the country. His picture, they say, is in the rogues' galleries here and in Washington, Louisville and Chicago, but there is no record of any conviction. Although the detectives trailing McNamara could have arrested him at any time within the last two months, they say, they held off in the hope that he would reveal the hiding place of the loot. Whether he had done so the police declined tonight to say. They did declare, however, that he had been positively identified as the man who cranked the auto when the crookmen fled from the bank with the money. The robbers dropped a \$5000 bundle of bills in their hurry, and finding that they had more than they could carry, hid \$24,000 beneath a wooden sidewalk in New Westminster. Two hundred and forty thousand dollars of the stolen money was negotiable, lacking, however, the signature of the bank's officials. A world-wide warning was sent to banks to be on their guard against receiving this money. Six weeks later a bank in Buffalo received \$1,005 in the stolen bills, deposited, the police declare, by a poolroom keeper. The bank is said to have asked the depositor where he procured it, and upon his failure to give an answer, the money was confiscated.

### Look for Further Clues

VANCOUVER, B. C., Jan. 8.—Phil Abern, of the Pinkerton detective agency is at New Westminster tonight collecting further clues to the great bank robbery there in September last. He has followed the supposed perpetrators throughout the length and breadth of the United States, and declares he is satisfied that his agency has at last secured the real criminals. Dean, he says, is well known to the Australian police authorities, and while in the Commonwealth had been connected with several big bank robberies. Both McNamara and Dean were recognized by several residents of New Westminster as having been in the city at the time the robbery occurred, and at least one witness has come forward to declare that he saw Dean cranking up an automobile on the street early in the morning of the robbery. After the robbery Dean remained in Vancouver for several weeks before leaving for the south. The manager of the Vancouver branch of the Bank of Montreal, tonight admitted that he had been informed of the arrests of the suspects, and declared that extradition proceedings would be set on foot immediately. The accused, it brought back to Canadian soil will be tried in New Westminster.

John Bosky, an Austrian, is still in custody in New Westminster, awaiting trial on the charge of having a part in the stolen money in his possession. He was arrested there on November 4th, but denied any complicity in the robbery, stating that he had found the bank notes. He maintained complete silence throughout the preliminary proceedings, and professing ignorance of English, an interpreter was appointed to explain the procedure to him. Suspicion had been first directed to him through his lavish display of Bank of Montreal notes while gambling in a low quarter of Vancouver.

McNamara was found to have stayed at the Strand Hotel on Hastings street

under his own name for a couple of weeks in August. There he had been a quiet guest. He had no friends; that the hotel people knew of and had acted no differently from any ordinary individual. Dean and two companions, the descriptions of whom tallied with the other members of the four seen at the Trapp auto, were also discovered to have stayed at another hotel in Vancouver. Dean and his friends bore assumed names, but the authorities refuse to give the aliases they used or tell at what hotel they stayed.

### Long Chase

LOS ANGELES, Jan. 8.—Charles Hoffman, alias Charles Dean, alias C. W. Howard, was arrested here yesterday by detectives, charged by them with being directly connected with the robbery of the Bank of Montreal at New Westminster, B. C., on September 14th, of \$375,000.

Hoffman, since the blowing of the bank at New Westminster, has been trailed all over the United States. He finally reached San Diego, Cal., and from there came to Los Angeles, where he was arrested yesterday.

Hoffman, or Dean, is credited with a long criminal career, and has served time, it is asserted, in the Stillwater, Minn., prison for robbing a Great Northern railroad train near Carlisle, Minn., on the night of May 20, 1898. The arrest of Hoffman was not made public until the operative of the agency said tonight, "Because of the request of the Canadian authorities that it be kept secret until their arrests could be made in the east."

"The third man is known to us, but of him we cannot speak at present."

McNamara is one of the most skillful bank burglars in the work, and is known to the police of this country, England, and Australia. Hoffman, or Dean, has a long criminal career. He was arrested on Nov. 11, 1898, with Link Taylor, J. B. Edwards, J. C. Hall, W. C. Ross and Homer J. Minot, alias Albert Addison, at Moorhead, Minnesota, for the robbery of Great Northern train No. three, on the night previous, near Carlisle, and on May 20, 1898, was convicted and sentenced to nineteen and a half years in the state prison at Stillwater. In 1906 he was pardoned. A year after, on Nov. 11, 1907, he was arrested with Al Addison and A. S. Grant, alias Graham, after having experienced an explosion of dynamite while they were tracing nitro-glycerine at Natatorium park, Spokane, Wash. Grant, whose true name was Radigan, was killed by this explosion.

The agency stated tonight that so far as they knew there was no woman connected with the robbery, and that none of their operatives had arrested any woman in connection with the case. When arrested Hoffman had \$1,500 in cash on his person.

### Fraudulent Banking Charged

JUNEAU, Alaska, Jan. 8.—Clem H. Summers, formerly president of the National Bank of Juneau, and once a majority stockholder in a bank at Wenatchee, Wash., and Stuart G. Holt, formerly cashier of the Juneau bank, entered pleas of not guilty today to the indictments returned against them by the federal grand jury last week, charging fraudulent banking. Summers asked a change of venue on the ground that hostile feeling against him in the district north of Wrangell narrows would prevent his obtaining a fair trial here. The court granted the motion and set the case for the May term at Ketchikan. Judge Lyons took under advisement a motion by Holt's attorney for a continuance of his case. Both men are at liberty under \$5,000 bonds.

### INSTANTLY KILLED

Edward McGowan, Teamster, Struck Overhead Beam While Driving Under Bridge

Suddenly striking his head with great force upon a beam overhead, and breaking his neck as the wagon on which he was riding forced him against the beam, Edward McGowan, a recent arrival in the city and employed as a teamster by Mr. William Lang, was instantly killed shortly before noon yesterday morning. Mr. Lang and deceased were driving a heavily laden coal wagon up the incline from the wharf at the bottom of Yates street to the street level, the roadway passing beneath the E. & N. railway trestle. Owing to the slippery nature of the roadway two teams were being used, McGowan, seated on the top of the wagon, driving the regular team while Mr. Lang, with a spare team hitched on in front was walking alongside. For a short distance the roadway is level but a sharp incline leads up to the roadway. At the foot of the incline the teams were stopped for a short breathing space. Mr. Lang at that time warning McGowan to look out for the trestle which, by reason of the incline of the road, comes very close to the top of wagon driving under it. McGowan answered "All right," and the teams were started, pulling forward with the incline saw McGowan with his head pressed against one of the overhead beams, his body being so thrust forward that the full pressure was thrown upon his neck. Before the horses could be stopped McGowan was thrown back upon the load of coal where he lay dead.

Mr. Lang, assisted by others, got the body down while the police patrol wagon was summoned and the body rushed to Dr. Fraser's office where life was pronounced extinct. The body was taken to the undertaking establishment of Messrs. Hanna & Thomson, Pandora avenue.

Deceased, who roomed at 2636 Blanchard avenue, was unmarried. He came to Victoria about two months ago from Ireland. No relatives are known to reside in this country. An inquest will be held this afternoon.

### Alleged Trust

BUFFALO, Jan. 8.—That a trust without a name has obtained control of 90 per cent. of the business of manufacturing and selling coaster brakes for bicycles and motor cycles and a large percentage of other bicycle accessories in violation of the Sherman anti-trust law, is charged in indictments handed down by a federal grand jury here today.

## PREPARING FOR DECISIVE FIGHT

Armistice in China Is Terminated and Troops are Moving in Anticipation of Desperate Struggle

PEKING, Jan. 8.—China saw today a renewal of hostilities and the demand of the Russian government that China recognize the independence of outer Mongolia.

Revolutionists from Shan Si and Shen Si, having recaptured the town of Shen Chow, are advancing on Honan, while reinforcements have been dispatched to the Imperialists. The armistice has not been renewed, and early fighting is expected.

The government expects and hopes that the revolutionary troops will move northward from Nanking and give an opportunity for a pitched battle on ground favorable to the Imperialists.

The lack of funds prevents the Imperial government from dispatching to the south a force strong enough to assure the victory on which the Imperialists count for command of the situation.

### Russia and Mongolia

In addition to requesting China to recognize the Kutuktu of Urga as monarch of outer Mongolia, the Russian government has notified China that the independence of outer Mongolia, as far as concerns internal affairs, must be recognized at once. The note adds that Russia will assist the Mongolians in maintaining order and intends to build a railway from Kiakhta, Siberia, to Urga. Hence North China will not be permitted to maintain military forces or send colonists to outer Mongolia, but may retain control of external relations.

To this note China has made no reply. To the other powers, however, the Chinese government today communicated the substance of the Russian demands. Undoubtedly a strong protest will be made by the Chinese government against the action of Russia, but China is unable to defend herself now or in the future with reference to Mongolia. Hereafter the desert of Gobi will mark the Chinese boundary on the northwest.

The statement that Russia will assist in maintaining order in outer Mongolia, probably means that she will increase the number of troops in that territory, which heretofore have served merely as consular guards. It is believed that several railroads will be constructed after the Kiakhta-Urga line, and that much of the country will be developed.

Russia's permission to China to retain control of Mongolia's external affairs is meaningless, because practically there are no dealings with any country except Russia. The general opinion here is that the Chinese government really suffers nothing from the loss of Mongolia, although Russia and the Mongolians, probably, will be locally benefited. Russia's position in Mongolia is now stronger than in Manchuria.

Peking officials look for British action in Tibet at a later period, as it is believed unlikely that Russia has taken the present step without previously consulting Great Britain and Japan.

Inner Mongolia has been left undisturbed.

### Republican Action

NANKING, Jan. 8.—The republican assembly here today voted the adoption of a gold standard modeled on that of Japan. It also approved a bond issue of 100,000,000 taels (approximately \$70,000,000), secured on the international revenue for five years, with interest at 8 per cent per annum.

Wang Chung Wei has accepted definitely the portfolio of foreign affairs in President Sun Yat Sen's cabinet.

The organization of the war department, General Hsu, has been committed under the direction of the chief plenipotentiary.

### Cantonese Troops Moving

SHANGHAI, Jan. 8.—A body of 4000 Cantonese troops has departed by train for Nanking. Five thousand are in dock awaiting the embarkation of troops and the loading of supplies and ammunition. It is expressly the intention of the Republican cabinet to initiate a movement toward Chin Wing Tao.

## MR. A. A. AARONSON JOINS MAJORITY

Well Known and Respected Pioneer of Victoria Who Came Here in 1877 Passed Away Last Evening

General regret will be felt in Victoria at the news of the death of Mr. Andrew Alfred Aaronson, a pioneer of this city, who passed away last evening at the Jubilee hospital after an illness of four weeks. The news will come as a shock to many people, for few were aware of the illness of the deceased. Mr. Aaronson had been growing in a business that has grown to be recognized as typically Victorian. No other store in Victoria, probably no other position as did that of Mr. Aaronson, who combined with his pawnbroking business, a collection of rare, beautiful Indian curios, old jewelry and precious metals of all kinds, that has probably never been equalled on the Pacific coast.

The demise of Mr. Aaronson marked the passing away of yet another figure from the rapidly thinning ranks of the early pioneers of this city. Born in London, England, in 1855, he came out to British Columbia in 1877, travelling around the Horn. Arriving in Victoria, he started in business right away, his first store being on the site now occupied by Salmon's cigar stand on Government street, afterwards moving to what he opened his main office on Government street, where the major part of the business was carried on.

The history of Mr. Aaronson's store is indissolubly bound up with the history of Victoria, and there is little doubt that if it ever comes to be written it will read like a page out of some fairy tale. In his business capacity the deceased came into contact with all sorts and conditions of men, from those of the rapidly thinning ranks of the early pioneers of this city. Born in London, England, in 1855, he came out to British Columbia in 1877, travelling around the Horn. Arriving in Victoria, he started in business right away, his first store being on the site now occupied by Salmon's cigar stand on Government street, afterwards moving to what he opened his main office on Government street, where the major part of the business was carried on.

THE LATE MR. A. A. AARONSON

whose names were closely allied with the great ones of the earth to the details drifting from port to port. Tragedies of which the tale will never be told are concealed within the glass cases of the Government street store, embodied in the form of beautiful jewelry, rare old pieces of silver and valuable and beautiful antiques.

The late Mr. Aaronson was a man of sterling worth and ability, and enjoyed the personal esteem and respect of all who knew him. He had an admirable help-mate in his wife, who took no small part in the building up of the business, and with whom the greatest sympathy will be felt in her heavy bereavement. Mrs. Aaronson was formerly Miss Vandersluis, of Chelsea, England, and came to Mr. Aaronson took place in London in the year 1886. Four children were born of the union, Miss Hannah Aaronson, Mr. Bert Aaronson, who owns the drugstore at the corner of Cook and Fort streets, Mr. Harry Aaronson, who was connected with his father in his business, and Miss Irene Aaronson. He also leaves a brother, Mr. Barnett Aaronson, of this city.

The deceased was a member of one of Victoria's first fire brigades, and was also connected with the Knights of Pythias, the Woodmen of the World and the Ancient Order of United Workmen. The funeral arrangements will be announced later.

### SUCCUMBS SUDDENLY

Mr. Dennis Gray, Stricken on Street, Expires at the Royal Jubilee Hospital

Stricken suddenly ill as he was on his way home after attending service at the St. Andrew's Roman Catholic cathedral on Sunday evening, Mr. Dennis Gray, second son of Mr. and Mrs. P. Gray, 503 Cook street, succumbed shortly after being taken to the Royal Jubilee hospital at 9:30 o'clock. Deceased never regained consciousness from the time he was taken to the hospital. Constable H. MacDonald saw him fall, and immediately summoning assistance conveyed him to Dr. Barty's office and thence to the hospital.

The late Mr. Gray, who was thirty-six years of age, has been suffering from nervous trouble for the past three years and was in very poor health. But despite his illness he was of a particularly bright and cheery disposition and a favorite with his many friends, much sympathy is extended to the bereaved family.

The late Mr. Gray leaves, besides his parents, two brothers, Thomas, a compositor on the Colonist, and Andrew; and four sisters, Mrs. W. F. Regan, Mrs. Burke, and Mrs. Goudy, all of Victoria, and Miss Lucy Gray, residing at home. Funeral arrangements will be announced later.

### STRIKE PREDICTED

President of Federated Shop Employees Speaks of One That Will Involve 300,000 Men

SAN FRANCISCO, Jan. 8.—A sympathetic strike of more than 300,000 members of the federation of railroad shop employees to be called within a month, and possibly within two weeks, was prophesied tonight by Ernest L. Regulin, president of the federated shop employees of the Harriman lines. He said, "I will include every road in Texas, the Denver and Rio Grande and the Hill lines, and possibly roads in the east that are members of the general managers' association."

According to Regulin, plans for this sympathetic strike have progressed to the point where only the formality of taking a vote remains. Of the result of this vote there is no doubt, he said.

MEMPHIS, Tenn., Jan. 8th.—Joe Mandot, of New Orleans, outfought "Billy" Allen of Ottawa, lightweight champion of Canada, at every stage of their eight-round bout before the Southern Athletic club tonight and was awarded the decision.

## ASK ASSISTANCE OF GOVERNMENT

President Hays and Vice-President Wainwright Said to be Seeking Large Loan for Grand Trunk Pacific

OTTAWA, Jan. 8.—President Hays and Vice-President Wainwright, of the Grand Trunk, visited Ottawa today on what is said to be important mission as affecting the relations between the Grand Trunk Pacific railway and the government. The magnates saw Premier Borden and Mr. Monk, with whom they had a lengthy conference in the premier's office.

Nothing in the way of an official statement was forthcoming either from the railway men or the government. The visit is, however, thought to have had to do with the finances of the Grand Trunk Pacific. It has been rumored that the company proposed to ask the government for substantial loans, the total of which is placed at fifteen million dollars.

The government, under the revised contract of 1904, is already pledged to assist the company in the way of bond guarantees amounting to \$13,000,000 a mile on the prairie section and three-fourths the cost of the mountain section. In 1909 the company asked for and obtained a loan of ten million dollars at 8 per cent. from the government.

### Story Denied

A prompt, emphatic and comprehensive denial comes from Premier Borden and Hon. Robert Rogers in regard to the story that they have been conducting negotiations with the Roman Catholic archbishops with a view of an alliance between the government and the hierarchy. The story is regarded in ministerial circles as a joke. It appears to have been invented by an Ottawa man and to have no other foundation than the fact that the Rev. Father Burke has been known to pay a couple of visits of late and that Premier Borden went to Montreal in connection with the public health conference, and was the guest of Sir Thomas Shaughnessy on New Year's Day. Hon. Robert Rogers called at the home of Archbishop Langevin, without, however, seeing the archbishop. When Premier Borden was asked about the story, he said briefly: "It is without foundation."

### Not to Visit States

The Duke of Connaught does not intend to visit the United States this year. Before leaving Canada at any time the governor-general, as representing the king, must receive his majesty's consent.

Victim of Liberal Revenge  
Rev. S. J. Robins, of Brockville, has been appointed to a temporary position in the public service commission as assistant to the secretary. Mr. Robins took an active interest in the campaign in opposition to the reciprocity agreement, and the liberals, in revenge, procured his virtual expulsion from his church. Mr. Robins is an English Radical, a schoolboy friend of David Lloyd George, and had always taken an active part in politics while a minister in England.

### McMANIGAL'S STORY

Given Before Federal Grand Jury at Indianapolis Engaged in Dynamite Investigation

INDIANAPOLIS, Jan. 8.—Whatever Orrie E. McManigal, the confessed dynamiter, knows about the complexity of others besides the McNamara brothers in the blowing up of more than 100 open shops' structures in various cities of the country in the last five or six years is believed to have been related by him in his preliminary story to the federal grand jury today. Taken from his cell in the federal building, where he had been lodged before daylight after his secret trip in the custody of government officers from Los Angeles, McManigal went before the jurors after his written confession had been presented in detail. That the prisoner will be kept in attendance on the grand jury for ten days or two weeks is indicated by the intention of United States Attorney Miller to have him repeat his confession orally and describe with minute detail his relations with others in the dynamiting expeditions from the time he first blew up a structure in Detroit in January, 1908, down to his activities in the same business on the Pacific coast. The grand jury devoted much attention today to witnesses from Tiffin, Ohio, where last April 640 pounds of dynamite was found in a barn in the rear of the home of James L. McManigal, father of Orrie. This was the deposit from which Orrie McManigal and Jas. McManigal replenished their supplies when they started out to do "jobs" in Pennsylvania, New York, Ohio, Indiana and Illinois.

### MAILS LOST

Five Island Residents Miss Christmas Greetings Through Capsizing of Boat

News has just reached here to the effect that on Christmas Eve last the boat carrying the mail for Pine Island light station was wrecked in the gully while the occupants were attempting to hook into the sling, and all the mail was lost. The lives of the two mail carriers, Messrs. H. L. Kemp and V. Briscoe were only saved by prompt action on the part of Captain A. B. Gurney.

As the mail boat stretched over a period of from six to eight weeks, those who have written to Pine Island during that time are requested to communicate again.

Mrs. Augusta Boon died a few days ago at Vancouver immediately after returning from Seattle, where she had undergone an operation. Investigation is being made.
