MR. McLELLAN, M.P. for Glengarry, is

glucose purposes, and it is probable, therefore, that our Canadian factory will be knocked in the head.

AT THE PRESENT MOMENT, taking the world through, the financial condition of Minnesota. every country burdened with royalty is one of distress and embarrassment; but every republic, either great or small, is in a con-

THE THIRTY-FOUR MILLIONS of people in Great Britain, the London Times says, are better housed, clothed and fed, and have more of the luxuries of life now than at any former period of the national history. Everybody is careful and economical, and if of our country was signed away with as litthere is less money made there is more saved the indifference as a millionaire would feel than in times of inflation, when trade is in tossing a shilling to a beggar. advancing by leaps and bounds.

rom Mr. Gladstone's government because they could not approve the Irish land bill can now reflect how little they can now reflect how little they can be agreed upon, and by Jay's treaty in nine in the race for the league pennant, the Detroits and Buffalos tieing for second can now reflect how little they are missed. States was fixed at the 49th parallel. This, The Duke of Argyll and Lord Lansdowne however, still gave to Americans the natural may be great men in their own estimation, highway to the Northwest. but their places were easily filled, and the the Liberal party.

THE JULIUS MUSKEG, up on the line of the Canada Pacific, is looked upon as likely to furnish a goodly portion of Winnipeg's fael supply. The peat in this muskeg is believed to be of first-rate quality, and a company has been formed to develop it. The manager of the company says that 2000 pounds of the manufactured peat are equal to 1500 pounds of the best anthracite coal for steam, heating or cooking purposes. There is a fortune in the Northwest

minister, but his friends should not voluntook \$32,500 of Sir Hugh Allan's money, nothing. under the terms of a bargain made by Sir it is immaterial; he took it for a corrupt the boundary along the line of the Penob

United States and Brazil is likely to be established again. The Brazilian government has made a new offer to John Roach & Sons, of New York, the old contractors, which it is believed they will accept. Both Brazilians and Americans find that dependence on the English line does not pay.

British contention was just. But of course Lord Ashburton knew nothing about it, and go to the bat. Mr. R. Æ. Kennedy, captain of the Hamilton club, umpired for the Canadians; and Mr. Knipe, the genial editor of the American Cricketer, officiated since freight or passengers from one country to the other must go by way of England. There has also been a considerable rise in rates since the American line stopped; on coffee, for instance, it has gone up from thirty-five to seventy cents per bag.

THE GARFIELD FUND now amounts to \$125,000, and by the terms of the subscription a "trust fund" has been created and the trust has been accepted by the United States Trust company in such a form that neither the president nor Mrs. Ga held, nor both of them, can prevent the fulfilment of this trust. The interest on \$125,000 of United States registered four per cent. bonds, at least, will be subject to Carfield's order so long as she lives. If she refuses to draw the interest it will accumulate for her children, whose rights in the fund caunot ba taken away from

"A CONSERVATIVE" writes us a letter on the back of a circular issued by Mr. James
Beary, M.P. ('chairman prov. com.'),
asking the recipients to attend a dinner to
be given to Sir Hector Langevin at the
U.E. club restaurant divis

read the circular closely. Mr. Beaty says "from citizens of Toronto." The absence of the article "the" from before "citizens" perhaps leaves Mr. Beaty free from the

strictly true. But in what better position strictly true. But in what better position is Canada, which now sends abroad \$8,000,000 a year as interest on her public debt? If Canada is not to become a worse Ireland, is it not time to arrest extravagance, and instead of recklessly increasing our debt take vigorous steps to wipe it out? When \$1 00 \$2 00 \$3 00 \$5 00 00 If Canada is not to become a worse Ireland, ... 1 25 2 00 00 If Canada is not to become a worse Ireland, ... 0 75 1 00 1 50 2 50 is it not time to arrest extravagance, and we see that in fourteen years our angual expenditure has run up from \$13,000,000 to \$25,000,000, and our public debt from \$75,000,000 to \$160,000,000, with \$40,000,-000 more contracted for, it must be allowed that he are rushing ahead altogether too fast for a young country.

WHAT TREATY-MAKING HAS COST US.

Those who say that Canada is in daily danger of being swallowed up by the United

Wallace Ross at Fortland.

Me. He is reported to be in excellent trim, and feels confident of victory in the contest States, and is only saved by the encircling arms of the mother country, ought to read a little of our history. Let them go over the various treaties made by the United States and Great Britain and learn how the states and tests community. He takes a spin daily on the river. He has no trainer, as he says it costs too much. He looks after his own boats, and after donning his rowing garments in the boat house he carries his shell to the edge of the flocks and tests contact.

the independence of the United States, England abandoned the whole of the terridition of unexampled material well-doing tory south and west of the great lakes which she had acquired from France twenty years before, and actually fixed the northerly boundary at a line drawn from the northwest angle of the Lake of the Woods "due west" to the sources of the Mississippi! Thus the most fertile portion

But a few years later it was discovered that the sources of the Mississippi were sev THE TWO NOBLE LORDS who seceded eral hundred miles south of the "due west" line agreed upon, and by Jay's treaty in

Then followed the treaty of 1814, nt is not perceptibly weaker for close of the three years war. Great Britain their secession. A good authority says that had her hands full on the continent, and the the Gladstone government is stronger than Canadians were left to defend themselves. The mother country spared a few regulars and officers, and some stray ships from her fleet. The majority of the ships were captured, and the main army of regulars met with a crushing defeat at New Orleans. The Canadians took and held possession of that portion of Maine east of the Penobscot

river, of the northern peninsula of Michigan, and what now composes the states of Wisconsin and Minnesota. But by the treaty of Ghent the whole of this territory was restored to the United States, and with it went our last chance of getting short and easy access alike to the seaboard and to the SIR HECTOR LANGEVIN is a good cabinet Northwest. At the same time was surrendered Astoria, on the Pacific coast, at tarily raise a discussion on an odorous mat- the mouth of the Columbia river. The ter. It is the fact that in 1872 Sir Hector | Americans restored nothing, for they held The Ashburton treaty came next, in

Hugh and Sir George Cartier; that he was 1842, which settled the Maine boundary. given this money to use in aiding the elec. The English plenipotentiary was ignorant tion of his friends, and that from 1872 of the question, and the English governuntil now it is not known what he did with | ment was indifferent. A fair interpretation it. Whether he kept the money or spent of the treaties of 1783 and 1814 would fix purpose, and it remains a black stain on Sir scot river, but by the use of a false map the American plenipotentiary won his case A DIRECT LINE of steamships between the Croix. The Franklin map, which was in the hands of the American plenipotentiary at the time, showed conclusively that the

together with many other valuable fran-

Canadian in the whole broad Dominion who with five wickets down. The first inning will say that the mother country has guarded our territorial interests in the treaties she has made with the United States, or that her encireling arms have saved us? And is there a Canadian who, looking at

the past, is not ready to hold up both hands and say that in all treaties which concern our interests—be they territorial, commercial or political—Canada should have the voice of a principal party? Rights of Reserved Seats.

The right of theatre-goers to take reserved seats without paying the extra fee for them has been brought to issue in San

AQUATIUS.

perhaps leaves Mr. Beaty free from the charge of trying to make a political affair have a non-political appearance. If the Conservatives were to give Sin Hector a dinner they have a perfect right to do so.

A LESSON FROM IRISH HISTORY.

One of the great evils under which Ireland has suffered for the last two hundred years has been the payment of rents to landlords who lived and spent their money abroad. If they were residents, and not absentees, it is claimed that Ireland would be vastly better off than she now is, and no doubt that in a large degree this is strictly true. But in what better position

A UN FOX and C. Hange and J. W. Fox and C. Hange and J. P. Anderson (who was formerly champion of Norway and Sweden), employees of C. M. Larson, carving factory. The stakes were \$25, and the race was 3 miles with turn. It was well without the word was given to go, Thompson and Fox dashed away and reached the turnadout the paddled home and won by eight boatlengths, while the champion and friend were exhausted.

Joseph Daly was referee, and W. Young and W. Plyley judges.

BLACKMAN BEATS THOMAS EASILY.

In the sculling match between Blackman and Thomas for £400 over the Thames championship course yesterday, Blackman defeated Thomas easily. Time, 25 minutes

the senate. In that case Mr. McMaster, the member of that county in the local legislature, would run in the Conservative interest as Mr. McLellan's successor.

The glucose factory is no longer the gold mint that it was when corn was thirty to thirty-five cents a bushel. At sixty-five cents a bushel corn is as dear as sugar for the various treaties made by the United States and Great Britain, and learn how the to the edge of the floats and steps into her with as much agility as one would enter a yacht. Ross retains his usual style of row-ing, excepting that his left hand noticeably crosses his right. He preserves that long, sweeping and powerful stroke, and to all appearances his body shares alike in the work. He uses, alternately, his two boats which he received from Ruddock of Boston about a month ago. He is well pleased By the treaty of Paris, in 1763, Canada was ceded by France to the British crown. The territory included the country which now forms the states of Ohio, Indiana, Illinois, Michigan, Wisconsin, and part of Minnesota.

By the treaty of 1783, which confirmed the independence of the United States.

SPLASHES.

Donohue and Furlong of Hamilton hav announced themselves perfectly satisfied with their new shell, and have named it the

In Hamilton on a Saturday afternoon every vacant lot is occupied by a baseball match, the old and young sharing alike in the exercise.

The Buckeyes of Hamilton defeated the Dauntless (juniors) of this city at Dundurn yesterday by 9 to 8. The umpire was changed after the third innings, the Dauntless justly refusing to play further against the one-sided decisions of Walker.

THE TURE.

THE ST. LEGER.

The following is a list of the probable starters and jockeys in the St. Leger, to be run on the 14th prox. — Iroquis, Archer; St. Lcuis, Fordham; Limestone, Cannon; Geologist, Wyatt; Scobell, Chaloner; Cumberland, Fagan; Sir Charles, Glover; Fortissimo, Barker; Privateer, Rellett; Passaic, Barrett; Albion, Grater; Ishmael, Osborn; Maskelyne, Johnson; Savoyard, Constable; Josyan, Morris; Prince Regent, Wood; Don Fulano, Greaves. THE ST. LEGER.

WORTHY OF IMITATION.

The Spirit of the Times calls attention t the press accommodations at the Rochester (N.Y.) track as an example to be followed in other places. The reporters have a com-modious balcony projecting from the second story of the grand stand, messages from the judges' stands being and udges' stands being communicated by telephone. The plan works admirably for all concerned. The judges are not annoyed by ress representatives running up and down, while the pencil gang can see the entire heat without leaving their seats or turning

The Girard club defeated the Manhat tans at Brooklyn on Saturday in a one innings game, by a score of 125 to 94. THE INTERNATIONAL MATCH AT HAMILTON Hamilton, Aug. 29.—After a rather tedious journey the American team for the city at 2 o'clock this morning. It was after Britain gave away a stretch of country large enough for an empire, lying between the Columbia river and the 49th parallel.

The St. Juan question followed, and the Washington capitulation of 1871 gave the island of St. Juan to the United States, Americans. At 12.30 the play began, the close of the first day the first inn This, briefly, is the history. Is there a time was called the Americans were 45,

> PEDESTRIANISM. Nicholson of London defeated Bennett of Hamilton in a two-mile foot race on Saturday. The latter has been matched to run a ten-mile race with Taylor of Petrolia on Tuesday next, at the London baseball grounds, for \$200 a side.

THE BABY POISONING CASE. The prisoner Mary Reid having elected to The prisoner Mary Reid having elected to be tried by a jury, the preliminary investigation took place yesterday before Mr. Denison. The crown prosecutor showed by the evidence of Mrs. Lovatt, the milk vendor, and her little girl that the milk was delivered into Mrs. Cooker's hands from the delivered into Mrs. Cooley's hands free of impurity, between six and seven o'clock on the night of the 22nd of August. Mrs. Cooley said she had received the milk, put it into a clean jug, and told the prisoner to take it into the cellar, which she did after a little delay. About picht be given to sir Hector Langevin at the U. achib restaurant dining-room. Mr. Beaty, in the circular, says: "This is not correspondent has not itizens of Toronto to a French after a struggle in which a policeman got his eyes blacked and his coat torn. The second act in the police court in the imposition of a judicial opinion that there is nothing in the law to prevent a manager from charging \$40 for a seat if he desires, or to graduate the prices of seats according to his ideas of his interest.

The second act in the police court which a policeman got his eyes blacked and his coat torn. The second act in the police court next morning resulted in the imposition of a fine upon the offender, and the enunciation of a judicial opinion that there is nothing in the law to prevent a manager from charging \$40 for a seat if he desires, or to graduate the prices of seats according to his interest.

Sample and told the price did after a little delay. About eight o'clock she put the children to bed and went out with her husband, leaving Mary Reid in charge of the house.

At ten she told the girl to bring up the window-sill until about 2.30 in the morning, when Mr. Cooley mixed some of the milk with hot water which had been window-sill until about 2.30 in the morning, when Mr. Cooley mixed some of the milk with hot water which had been window-sill until about 2.30 in the morning, when Mr. Cooley mixed some of the milk with hot water which had been window-sill until about 2.30 in the morning, when Mr. Cooley mixed some of the milk with hot water which had been with the refractory play-gore ejected, after a struggle in which a policeman got his eyes blacked and his coat torn. The second act in the police court in the imposition of a fine upon the offender, and the enunciation of a judicial opinion that there is nothing in the law to prevent a manager from the did after a little delay. About eight o'clock she put the children to bed and were at the policeman got his every deal of the husband, at the she children to the children t

beiled in a tin kettle, and gave it to the baby, who vomited a few minutes after-wards. Mrs. Cooley then looked at the milk and noticed that it had a dark color, milk and noticed that it had a dark color, and during the night she communicated to her husband her suspicion that Mary had tampered with it. The milk was preserved in two bottles, one of which was ent to Dr. Heyes and the other kept. She had discharged prisoner the afternoon that the milk came, and had heard her mutter something. Several other inmates of the house were called and swore that they did not put anything into the milk or see anything put in it. Mr. J. T. Shutt, assistant to Dr. Ellis, said there was copperas in the milk sent to

said there was copperas in the milk sent to him, but could not tell how much. Copperas was defined as a noxious drug, but not a deadly poison. It was also shown that copperas was kept in the house as a disinfectant on a shelf supposed to be out of the children's reach, and that the girl knew it was there.

knew it was there.

At the conclusion of the evidence the crown attorney and Mr. Murphy addressed the magistrate, who said the evidence was weak, but that he would commit the prisoner for trial, taking her own bail in \$100.
