At a special meeting of the York Township Council on Saturday last, at which all the members were present, the principal business was the consideration of the repairs necessary to township roads. It was decided to repair the roads along the proposed route of the Richmond Hill Railway Company. Mr. Lucas was given power to have Townline-road between Scarboro and Vack rearised as soon as it is in a fit condi-Nave Townline-road between Scarboro and York repaired as soon as it is in a fit condi-tion to work on. Warden Stephenson as President and Manager Dingman of the To-ronto and Scarboro Electric Railway ap-lied for an extension of time for the comn of their road through the township of York, which application was laid over until the regular meeting of the council. In the meantime the company is to apply for a right of way through certain streets from the council of East Toronto village. A meeting of the North Toronto and York Township Agricultural Society was held in Mannell's Hotel yesterday afternoon. The president, Mr. James Mannell, occupied the chair. Among those present were Messrs. Bull, Gardner, Jackson, Harris, Peterman, Patterson, Empringham, Boake, Firsterials and Piecew. Fitzpstrick and Piercy.

Messrs. Patterson, Empringham, Jackson, Harris and the president were appointed a committee to examine the different sites available for holding the fall show and report at next meeting, to be held May 19. A letter was received from the agent of A letter was received from the agent of the G.T.R. at East Toronto, stating that the grounds adjoining the station could not be granted for show purposes, as it is probable that the company will require them for railway purposes during the coming summer. The rules and regulations were revised, and among the changes made was one that mem-bers, who have paid their subscriptions, are entitled to make 20 entries. Over that number of entries five cents for each entry will be charged if made before Sept 22, after that date ten cents for each entry will be

The meeting then adjourned until the

Spring Stallion Show. Elsewhere will be found the announce ment of the different hours at which the horses are to be shown at this exhibition. The entries are numerous and it is likely to be one of the best spring shows ever held. The drill shed has been fitted up with seats and everything will be done to make it as comfortable as possible. A new departure has been taken in holding an departure has been taken in holding an evening parade, commencing at 8 o'clock on Wednesday evening, at which ladies as well as gentlemen are cordially invited to attend. The ribbons granted by the judges during the day will be given to the prize-winners on Wednesday evening.

Builders rail. The firm of Teagle, Darwent & Co., builders and contractors, this city, made an assignment yesterday to Mr. J. Donovan. A few years ago this firm put up a number of buildings, some of them on speculation, and they had a considerable surplus at that time. They have been getting behind the past 18 months, and the innumerable writs and judgments issued against them have forced them to put their estate into the ands of an assignee. Creditors are no likely to get much.

Henry A. King & Co. special wire from Hubbard, Frice & Co. New York: Barring the heroic effort that was made to depress Reading there was nothing in the day's market that could after payer all tending in the day's market that could after payer at the west when the stock sold at 75c, was particularly strong, advancing 7 points in as many days on comparatively light business. The regular dividend will be puid in due course, the world of the world of the world of the world of the was strong. The statement for the month of February made an excellent showing. Gross earnings decreased \$170,127, but sufficient to conomies were introduced into operating expense to make them \$901,316 lighter than they were for the corresponding period last year. Thus there was an increase of \$131,189 in the feet paying its last dividend, and \$15,000 surplus reserve. The insiders in Sugar are doing their level best to bring about a reaction; that is, they are creating the impression that their industry, planting the impression that their industry, planting the payers of Nigar to-day.

The attacks that were made in public prints on whisky did not dislodge much long stuff, but they succeeded in holding the built movement in abovance. Distillers' does not act as if it was going down very much.

R. Cochran received the following from Kennett, Hopkins & Co.:
Curcaco, March 25,—The severely cold weather extending over the wheat beit and the Southern States alarmed shorts and caused them to cover freely on opening—longs realized just as freely. The highest prices were made first half hour, after which there was a downward tendency. It is doubtful if cold weather will do material damage now where the soil has plenty of moist ure. It is the dry winds that hurt at this season. The general condition of the crop is undoubtedly good at present, and with warmer weather predicted for to-morrow lower prices seems prot able. Corn and oats opened at about best figure and eased off on liberal offerings. We continu to favor the long side on fair declines. Previsions—There has been a fair trade at bette prices and we do not believe much lower prices

Henry A. King & Co.'s special wire from Logan & Co.: Some damage reports have been received from the country, and there has been outside buying, supposedly influenced by damage to crops where upprotected and far advanced as a result of recent unseasonably forward weather. The visible supply decreased 1.094,000 bushels, a little short of expectations. Clearauces of wheat and four equal about 289,000 wheat. Corn opened better, with wheat sold off on realizing and sold up again or small receipts and the decrease in visible supply. Fears that early-sown oats may have been injured by cold weather. Shorts were the best buyers of provisions. Lard again was relatively the strongest. Packers report good cash demand. Estimated hogs to-morrow 22,000. G. TOWER FERGUSSON. GEO. W. BLAIKIE

BREAKFAST-SUPPER. "By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine proporties of well-selected Cocca, Mr. Epps has provided for our breakfast and supper a delicately-flavored heverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of det that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.
