**Health Restored by The Fruit Treatment**

Fourteen years ago, Mr. James S. Delgaty, of Gilbert Plains, Man., was a nervous wreck. His system was shattered by Nervous Prostration, and he was reduced in weight from 170 to 115 pounds.

He wrote on May 15th, 1917, "Every medicine I tried proved useless until a friend induced me to take 'Fruit-a-tives.' I began to mend at once. After using this fruit medicine for three months, I was back to normal. I have never had such good health as I have enjoyed the past six years. We are never without a box of 'Fruit-a-tives' in the house."

Writing again on September 27th, 1923, Mr. Delgaty says, "I stand by my letter to you in 1917—I still recommend 'Fruit-a-tives.'"

"'Fruit-a-tives' is a complete fruit treatment—being made of the juices of fresh ripe fruits and tonics. 25c. and 50c. a box—6 for \$2.50—at druggists or sent postpaid by Fruit-a-tives Limited, Ottawa.

**THE HAPPY EDITOR**

The joys of running a weekly newspaper are many and not the least of these are the shower of criticisms it is always the editor's lot to receive. He may please a reader nine hundred and ninety-nine times and he will never hear of it, but if he displeases just once, he hears, and quickly too, says the Burks' Falls Arrow:

"A few of our readers can't understand why we don't change the whole policy of our paper after they have called our attention to certain articles of which they don't approve. One good soul gets fearfully shocked if we refer to ladies' legs but admits she read it over a second time. Another thinks we should not report dances, while another wants to know why on earth we give a whole column to a church anniversary service; so there you are. Some time when publication day falls on April 1 we are going to issue paper that will embrace all the suggestions of our readers and after that we expect to go out of business."

Such is the career of a newspaper editor. It's a great life, if you don't weaken.

**A Foe to Asthma.** Give asthma half a chance and it gains ground rapidly. But give it repeated treatments of Dr. J. D. Kellogg's Asthma Remedy and it will fall back even faster. There is no half way measure about this remedy. It goes right to work and drives asthma out. It reaches the inmost breathing passages and leaves no place for the trouble to lurk. Have it by you for ready use.

**WOMAN SUFFERED FOR MONTHS**

**Weak and Nervous. Made Well by Lydia E. Pinkham's Vegetable Compound**

Webbwood, Ont.—"I was in a very weak and run-down nervous condition, always tired from the time I got up until I went to bed. Sleep did not rest me at all. My sister recommended Lydia E. Pinkham's Vegetable Compound to me and others told me about it, but it was from my sister's advice that I took it. It did not take long until I felt stronger, headaches left me and my appetite came back to me. I am a farmer's wife and have many things to do outside the house, such as milking, looking after the poultry, and other chores. I heartily recommend the Vegetable Compound to all who have the same trouble I had, for it is a fine medicine for women."—Mrs. LOUIS F. ELSASSER, Hillcrest Farm, Webbwood, Ont.

**Another Nervous Woman Finds Relief**  
Port Huron, Michigan.—"I suffered for two years with pains in my side, and if I worked very much I was nervous and just as tired in the morning as when I went to bed. I was sleepy all the day and didn't feel like doing anything, and was so nervous I would bite my finger nails. One of my friends told me about Lydia E. Pinkham's Vegetable Compound, and it helped me so much that I soon felt fine."—Mrs. CHARLES BEELER, 501-14th St., Port Huron, Mich.

Women who suffer from any feminine ailment should try Lydia E. Pinkham's Vegetable Compound.

**Lambton Co. Council**

House of Refuge Grant, Department Stores and County Road, Given an Airing

Pointing out that in 1923 the county received the sum of \$1,467 from the government, Harvey Cook superintendent of the county house of refuge, advised the county council at the morning sitting today to take some action regarding the recent cancellation of the order-in-council which provided for a grant of 10 cents a day for each inmate in the county house of refuge.

Mr. Cook claimed that the revocation of the order-in-council took the aid away from the county maintained institutions and not from those maintained by the cities and he could not see why there should be any difference shown.

Warden Harkness declared that this was an important matter and he thought it would be well for the council to take some action. Reeve Hackett of Enniskillen recalled that a communication dealing with the same question had been referred to the legislative committee yesterday and there the discussion ended.

The close watch kept on Sarnia's apportionment of the cost of maintaining the various institutions was reflected in the inquiry which followed the reading of an other communication. This letter was from the trustee board of the Petrolia hospital setting out that county patients had used up 243 days in the Petrolia hospital this year to date. The addresses of two of the patients were given as Sarnia and this brought the question from Reeve Eastman of Arkona as to whether or not the patients were from the city. Warden Harkness replied that they were from the house of refuge, hence the Sarnia address.

**Peddlers Fees**

Faced with no business of importance at the moment, Warden Harkness vacated the chair and Reeve Miller of Moore took over the reins. Reeve Sproule, Oil Springs, brought up a question of licensing peddlers operating in the county. He said at the present time the fee was only \$2 and many were not even bothering to take out licenses. These men were free to go all over the county and sell goods whereas merchants in towns and villages had to pay business and land taxes.

Reeve Kerr of Courtright held a similar view and cited a case in his own municipality in which peddlers had come in and sold a carload of potatoes. People had later told him they could have bought as good potatoes at the stores for the same price. Mr. Kerr also took a fling at mail order houses. He said that in his opinion they should be assessed in some way in the municipalities in which they did business. He predicted that if they continued as at present the stores in the small towns and villages would be all closed up in a few years.

Reeve Burnley of Plympton held a different view about mail order houses. He admitted that he had made purchases from them and would continue to do so as long as the prices were lower.

Tourists from the other side were breaking up the roads and not the peddlers.

The chairman drew attention to the fact that the members were straying from the subject and subsequently the matter was referred to the legislative committee.

**County Road**

A new motion was introduced petitioning the department of public highways to designate a provincial county road starting in Warwick as a county road, and in lieu of that the designation of the road from Rutherford north, via Petrolia to the London road highway as a provincial county road. The former road parallels the highway and is in good shape while the north and south road was in very bad condition it was said.

Reeve Eastman said he had undergone the personal experience of a trip on the road south of Petrolia and had sworn that it was his last trip through that part of Lambton.

Reeve McIntyre of Bosanquet said the east and west highway carried much traffic and he could not see how he could support the resolution to have it changed to a 40 per cent subsidy road.

After further brief discussion a vote was taken and the motion carried almost unanimously. This means that the government will be asked to designate the road running from Rutherford, north past Petrolia up to the London road highway, as a provincial county road and if so designated the county will receive a subsidy of 60 per cent.

A list of bylaws were given the first reading before the noon recess and the council adjourned until 8 o'clock to permit the members to attend the Ontario agricultural inquiry committee sitting in the city hall which commenced at two o'clock.

**The Finer the Tea**  
the richer the flavor.

**"SALADA"**  
TEA

is the finest, therefore is always more delicious than ordinary tea. Try it.

**BIRD'S ROOFS**

**NEPONSET Twin Shingles**

Bird's Neponset Twin Shingles are 12 3/4" deep and form three layers of absolutely waterproof, fire-safe protection on the roof. In addition—

1. Have more asphalt waterproofing, more coating and more slate surfacing.
2. Cover twice the area of ordinary shingles with a saving of over a third in labor and nails.
3. Have the distinctive arched cut-out and come with red, green or blue-black slate surfacing.
4. Are packed in easy-to-handle bundles.

Bird's Neponset Twin Shingles are made by Bird & Son, Limited (Est. 1795), manufacturers also of Bird's Canadian Twin Shingles, Art Craft Roll Roofing, Paroid Roofing, Neponset Black Building Paper and Combination Wall Board. There's a Bird's product for every sort of building.

We are headquarters for Bird's roofings, building papers and wall board.
