

We are of the opinion, too, that the Board of Directors should be a Board of Management only, and that the examiners of the College should be appointed by them. Years ago, when the College was first established, the Directors were probably elected because of their fitness to examine candidates, but such is not always the case now. We have not a word to say against the present Board. We believe it is composed of men well fitted to fill the position they occupy, but we do say that there have been men acting as examiners in past years, whose total unfitness for the position made them appear ridiculous to the students, and caused their fellow-examiners considerable trouble. So long as we elect men members of the Board not because of their fitness to examine, but because we endorse the particular line of policy they have espoused, we are bound to have this difficulty, and as matters now stand we can see no way to remedy it; except by having the Directors appoint examiners whose ability and fitness for the position are unquestioned.

We doubt whether it would be wise to attempt too radical changes at once. There are legal points to be settled, and some of the changes suggested would have to be made by the Local Legislature, so that time should be given to their consideration. We are in hopes, however, that some changes will be made, either in the line suggested on in some other direction, which will be satisfactory alike to the Profession, the Board and the Faculty, and which will restore harmony among the licentiates of this Province.
