ANSWERS TO MISSIONARY QUESTIONS.

1. See letter from Bishop of New Westminster, page 201
2. The Canadian missions at Nagoya, Nagano and Matsumoto receive substantial help from Canada. A trained nurse in connection with the medical missions is supported by the W.A.
3. The Church's year-book reports a large band of English and native clergy having under their direction over 200 native catechists who report weekly to a Church council, 200 churches have been built and are used daily. No other part of the mission-field can show similar progress in so short a time—20 years since the work was begun.
4. The blessing of united intercessory prayer, the good example set: the hearing of the reports, and the avoidance of disturbance.

1. *What are the chief needs of the Diocese of Mackenzie River?*
2. *Give three hopeful facts in connection with missions to the Jews?*
3. *Why should country Branches occasionally write to their City representative?*
4. *How may W.A. members work for missions in the summer?*

Our Eleventh Annual Meeting, held during the first week in May, was a well attended and successful one. The opening service in St. James' Cathedral was attended by larger numbers than was the case last year, and the proceedings throughout were marked by intelligent interest. We were fortunate in having with us the Bishops of Columbia, of New Westminster, and Huron, Bishop Sullivan, and visitors from our sister societies of Niagara, Huron, Ontario and the United States. The reports showed an encouraging increase of work and of receipts, implying growth of life. The most important events
