A Bird's-Eye View

The Lessons of the Quarter extend over a period of thirty-four years, from B.C. 6 to A.D. 28. They begin (Lesson I.) with the visit of an angel from heaven. To whom did he appear? What did he announce? There follows (Lesson II.) the story of the birth and naming of a child. Who was he? Another still more wonderful birth is related in Lesson III. Whose was this? To whom was it announced by angels? In Lesson IV. we see Jesus presented in the temple. What two aged people received Him there and praised God for His coming? Lesson V. shows us some visitors from a far country come to see Jesus. Who were these? What offering did they bring? An interval of twelve years comes between Lessons V. and VI. Lesson VI. tells of Jesus' going to the Passover at Jerusalem. Give an account of His being found in the temple. In Lesson VII. John the Baptist begins his ministry. What was his message? Next, in Lesson VIII., comes the baptism and temptation of Jesus, the preparation for His work. Describe each of these. Lesson IX. narrates the call of the first four disciples. Give their names and occupation. Lesson X. records the teaching and cures of a wonderful Sabbath day in Capernaum and afterwards the healing of a leper. The story of the cure of a paralytic (Lesson XI.) and that of Matthew's call, with the feast in his house and Jesus' discourse about fasting (Lesson XII.) brings us to the close of the first year of our Lord's public ministry.
