OPINION DE LA PRESSE.

THE FARMERS' JOURNAL AND TRANSACTIONS OF THE BOARD OF AGRICULTURE OF LOWER CANADA.—We have perused with much interest No. 1. of Vol. XI. of this official publication. The said number, being published for the current month, opens, under a change of management. The French Journal will be conducted by J. Perrault, Esq., Secretary-Treasurer of the Board of Agriculture for Lower Canada, with superior qualifications acquired both in France and England. The management of the English Journal, has been undertaken by James Anderson, Esq., late Government Drainage Commissioner for Scotland; author of several professional works, and otherwise well qualified for the task. The present number is much enlarged. The print and paper are certainly improved, and illustrations are to be given in the form of wood-cuts and diagrams. The annual subscription amounts only to one dollar. Much valuable information, local and general will be found compressed within a very limited number of pages; there is certainly no waste of words perceptible, but a very business-like air pervades the work.—*Quebec Morning Chronicle*, 17 Sept. 1858.

THE FARMERS' JOURNAL, AND TRANSACTIONS OF THE BOARD OF AGRICULTURE OF LOWER CANADA.—We have received the October number of this [so called] "Official Series" of our Agricultural contemporary. It contains some good articles on practical husbandry—Application of the Sciences to Agriculture; "Grazier and Breeder"; "Poultry Yard"; &c.—with a highly poetical introductory essay on the pleasures and profits of a farmer's life.—

O! fortunatos nimium, sua si bona norint Agricolas!—*Herald*, 28 Sept. 1858.

The second Number, Vol. 11. of the Journal of Agriculture has come to hand. It is a great improvement on its predecessors. The matter is good, of a practical character, and calculated to effect much good among the farming population.—*The Inquirer*, Oct. 6, 1858.

L'Agriculteur. The Farmers' Journal, vol. XI, numéro 1.—De Montigny et Cie., éditeurs-imprimeurs.

Nous venons de recevoir la première livraison française et Anglaise de l'*Agriculteur*. Ce journal a reçu dans son format et sa partie typographique d'importantes modifications qui font honneur au bon goût des éditeurs MM. De Montigny. Les ornemens, il y en a illustrés de vignettes, et le prix de l'abonnement sera naturellement plus élevé.

L'*Agriculteur*, toutefois, ne coûtera qu'une piastre par an, malgré toutes ces améliorations qui le placent sur le même pied que les meilleures revues françaises ou anglaises, que l'on paie trois, quatre et jusqu'à cinq piastres. Mais on sait que MM. De Montigny, guidés
